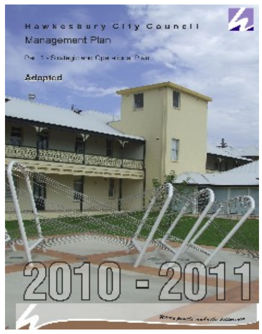
ABOUT THIS MANAGEMENT PLAN

Management or Corporate Planning is a process that provides a framework for an organisation to achieve its strategic goals through effectively and efficiently using its resources. The process of developing the Management Plan, implementing the Plan and reporting on its implementation forms a continuing cycle.

The Management Plan is divided into three parts:

- Part 1 - Strategic and Operational Plan
- Part 2 - Budget Estimates
- Part 3 - Revenue Pricing Policy (with Fees & Charges)

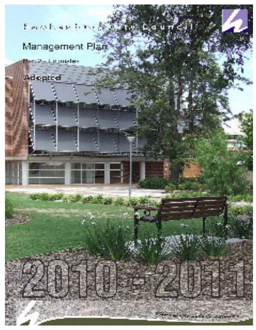


PART 1 - STRATEGIC AND OPERATIONAL PLAN

This is the summary that outlines the different strategic goals Council will work toward in this financial year. It states the Council's vision and briefly identifies the strategic direction that Council will take and how this relates to committing resources in 2010/2011. It provides an outline of some of the key projects Council plans to undertake.

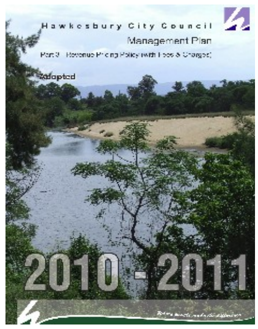
A more detailed look at some key elements of projects that will be undertaken in the year including some operational outcomes and performance measures are also included. This document also gives some detail of each department's role in working towards the goals and objectives of the Council as a whole. Quarterly reviews on the Operational Plan are undertaken to track and report progress to Council.

This year marks Council's first year of transition to the new planning and reporting requirements for local government - including aligning to our Hawkesbury Community Strategic Plan 2010-2030.



PART 2 – BUDGET ESTIMATES

This document details the annual budget. It is a detailed estimate of the Council's income and expenditure for the coming year. It is broken down into the components outlining the various functions Council undertakes.



PART 3 - REVENUE PRICING POLICY (WITH FEES AND CHARGES)

The Revenue Pricing Policy is a list of Council's fees and charges for 2010/2011 including all areas that support the production of Council's income from which Council provides its services. The revenue categories include rates, annual charges for services, fees for services, Federal and State government grants, borrowing and earnings from investments and entrepreneurial activities.
