

Development Application

Retrospective Development Checklist

How to use this checklist: Please use this checklist and associated Development Application (DA) Glossary to assist in the preparation of your application. Council's Officers will review your application prior to lodging to ensure that the required information is provided.

Please confirm that your application contains all the information listed below, complete the column titled "Applicant" and include this checklist with your application to Council.

Plan requirements: Plans should be drawn to A3 size at a scale of 1:100 (preferred) or 1:200, in ink, on unlined paper and highlighted where appropriate to assist in distinguishing proposed works from existing structures. Illegible drawings **will not** be accepted. Previously approved plans bearing Council's stamp should not be submitted for further approval.

All plans are to be sorted into complete sets. Each set of plans is to contain one copy of every sheet. Notification plans (A4 copies) are to be kept separate.

Digital copy of application: It is requested that you provide one digital copy of all plans and documents associated with your application. Details on file format and naming may be found in Council's File Format and File Naming Requirements Factsheet. Alternatively, a file scanning or conversion fee will apply.

Note: Upon a more detailed assessment of the submitted documents Council may request additional information of a technical nature or require clarification of the submitted information.
