Date of meeting: 13 September 2022  
Location: Council Chambers  
Time: 6:30 p.m.

This stinks of corruption! Why is it that developers always have the upper hand - maybe council is getting something from this deal??

We need our farms and it is so wonderful to read that the Wilcox's son will take over the farm.

The Hawkesbury City Council need to be investigated in this instance and a light shone on their deceitful practices.

Just to know that this is a working and viable farm; a family run business with historical connections demonstrates that all efforts should be taken by the council to work with the Wilcox's and not against them.

And to know that there is vacant land to be used .... wow, the mayor needs to get his act together!

[REDACTED]  
Jul 3, 2022

We need to support farmers and viable farm land must be protected...

[REDACTED]  
Jul 3, 2022

I think the whole idea of railroading over someone's home and land by greedy developers is absolutely preposterous! It should never, ever be allowed!

[REDACTED]  
Jul 3, 2022

This is poor planning without regard to those affected. Don't be lazy and start thinking what's best for all those concerned not just the budget's bottom line.

[REDACTED]  
Jul 3, 2022

This sounds dodgy. Get the media involved.

This is unconscionable conduct by the local government authority. This is a real issue and if allowed could set a precedent where no landholder or resident has any rights over their own property. There is a clear alternative.

[REDACTED]  
Jul 2, 2022

There is obviously plenty of vacant land surrounding this families property that can be used for this bridge instead of stripping them of their family farm & residence

[REDACTED]  
Jul 2, 2022

People should not be forced off their land.

[REDACTED]  
Jul 2, 2022

People deserve to have their own land and other not take

[REDACTED]  
Jul 2, 2022

Iam would like to help the family

[REDACTED]  
Jul 1, 2022

I feel your pain! TfNSW have just determined the "upgrade" (read NEW) four lane highway from the bottom of Mt Victoria to Lithgow through the Hartley Valley. Their response to the concerns of the residents and the Hartley District Progress Association over many years of planning is... [Read more](#)

peoples lives are involved here and they have had no consultation and are being treated in an inhumane way .

Very suspicious that a stud farm next door doesn't want their horses to be bothered. This is one of the most disgusting things I've heard in a while.

[REDACTED]  
Jun 30, 2022

It's taking my farm and my income

[REDACTED]  
Jun 30, 2022

With all the cloak and dagger that seems to be going on in the Government departments over this, I for one smell a rat. I hope there is a solicitor/barrister out there that would go to bat for you guys. Smells like a inside deal done with someone other than you. It needs to be called out.

[REDACTED]  
Jun 29, 2022

This is so wrong to take a families home.

[REDACTED]  
Jun 29, 2022

I do not agree with the way this process has been handled. Typical of local government to bully the people they serve without considering the impact their decisions make. Very short sighted and disappointing.

[REDACTED]  
Jun 28, 2022

This proposal will destroy the lives of those who own the property. It should follow the existing road. For a local council to destroy someone's home is wrong and we need to protect farmland.

[REDACTED]  
Jun 27, 2022

What rights do any of us have anymore? You pay rates for the land you bought to raise your family and the powers that be decide your fate. This is NOT right! Redesign the road the way it was supposed to be not through these hard working people's property

[REDACTED]  
Jun 27, 2022

Because the family claims there is an easily available route that would benefit everyone without destroying their home. The council was careless in its lack of consult for the family when consideration was taken for the neighbours, if there is no need to take someone's home they should take... [Read more](#)

[REDACTED]  
Jun 26, 2022

It sounds like bureaucracy is pushing to seize property for inappropriate development. This sounds like an abuse of power.

[REDACTED]  
Jun 25, 2022

Because the government has no right to destroy someone's life

[REDACTED]  
Jun 24, 2022

This smells of corruption and needs to be investigated by NSW ICAC. Who owns the vacant land and who stands to benefit from the chosen route? Push this as hard as you can involving any mainstream media that will listen as it needs to be known in the wider public arena.

[REDACTED]  
Jun 22, 2022

It's disgusting what they are doing to this family

[REDACTED]  
Jun 22, 2022

I saw this on TV and think it's disgusting that there is a better and reasonable solution that is being ignored. Ruining your family property for no good reason is appalling!

[REDACTED]  
Jun 22, 2022

The land belongs to the family. They have a right to live on their land.

[REDACTED]  
Jun 21, 2022

This is a disgrace and Hawkesbury Council should put a stop to this and build on the vacant land

[REDACTED]  
Jun 21, 2022

This is outrageous

[REDACTED]  
Jun 21, 2022

I am sick of State government corruption destroying lives. Never ever give up the fight!

[REDACTED]  
Jun 20, 2022

It's sooooo wrong

[REDACTED]  
Jun 20, 2022

It's unfair and not the Australian way.

[REDACTED]  
Jun 20, 2022

[REDACTED]  
Jun 20, 2022

The Hawkesbury is part of the food bowl of Sydney. Hawkesbury council say they want to save our agricultural farms. So why is this active farm being taken when there are other options.

[REDACTED]  
Jun 20, 2022

Raise your voices folks, speak up, speak out...

"All too often, when we see injustices, both great and small, we think, That's terrible, but we do nothing. We say nothing. We let other people fight their own battles. We remain silent because silence is easier. Qui tacet consentire videtur is Latin for 'Silence gives consent.' When we say nothing, when we do nothing, we are consenting to these trespasses against us."  
(A quote from Roxanne Gay)

[REDACTED]  
Jun 19, 2022

Food is more relevant for all, rather than the rich manipulators their properties and horse paddocks.

[REDACTED]  
Jun 19, 2022

I have been a local here for over 30yrs and I have seen lots of changes to north richmond but this change has got me really angry

[REDACTED]  
Jun 19, 2022

Humanity

[REDACTED]  
Jun 19, 2022

This is just so incredibly wrong and unjust. Whoever did the planning for this deserves to be sacked!!

[REDACTED]  
Jun 19, 2022

It is a flawed design and will not achieve what is needed

[REDACTED]  
Jun 19, 2022

I can lol

[REDACTED]  
Jun 19, 2022

There is another property that is stopping the bridge on their property because they have horses. Oh and money too.

[REDACTED]  
Jun 19, 2022

It's just WRONG! Do not allow them to bully these people onto submission.

[REDACTED]  
Jun 19, 2022

Why dont you follow the oringal road root like the people want,I sihning this for that reason.

[REDACTED]  
Jun 19, 2022

This is not right what they are doing to this family...it's there land.

[REDACTED]  
Jun 19, 2022

This should never have happened. Disgusting treatment and abuse of power.

[REDACTED]  
Jun 19, 2022

This is disgusting abuse of power and the council should be disgusted in themselves.

[REDACTED]

Jun 19, 2022

Redbank thinks they own everything west of the river.  
Over 55's and a few extra houses they said  
Watched them change productive farm land in a stormwater run off jungle of roof tops.  
Unless you intended to eat horse meat instead of vegetables take another farm from the landscape  
Well done ☐ NOT

[REDACTED]

Jun 19, 2022

No one has the right to take another persons home and livelihood

[REDACTED]

Jun 19, 2022

What a terrible planning decision

[REDACTED]

Jun 19, 2022

It's very unclear why the council report specifically mentions the need to avoid the Starr property, and that it must destroy this family farm. At the very least council needs to clarify why the road can't go through the Starr property. Smells really badly of a cash exchange and corruption again at this stage

[REDACTED]

Jun 19, 2022

Because of what it is going to do to this lovely family, their castle, their world, I don't see a valid reason. What other avenues have been looked at, what other planning. Big city playing with the little guys.

[REDACTED]

Jun 18, 2022

You need to leave good honest people alone ! Stop bullying

[REDACTED]  
Jun 18, 2022

Something doesn't add up about this boundary change.

[REDACTED]  
Jun 18, 2022

This family is being treated terribly and unfairly

[REDACTED]  
Jun 18, 2022

It is outrageous that these people should lose their house over a bridge that should never be built. NSW government is already planning for a second crossing of the Hawkesbury river which makes this one redundant.

[REDACTED]  
Jun 18, 2022

Stupid and cruel plan ☐

[REDACTED]  
Jun 18, 2022

What is happening is criminal

[REDACTED]  
Jun 18, 2022

Grossly unfair when there is an alternative

[REDACTED]  
Jun 18, 2022

That's there property. Leave there land to them

[REDACTED]  
Jun 18, 2022

The government needs to stop and listen to we the people not them the corporate elites using any means to destroy our beautiful countless family owned farms and business

[REDACTED]  
Jun 18, 2022

It's immoral to destroy this family's home and land when they are against it and don't want to leave.  
Leave them be.  
Find another way.

[REDACTED]  
Jun 18, 2022

It's not just a house but a home

[REDACTED]  
Jun 18, 2022

No consideration has been given to the family who will lose their home. To find out the way they did is just unforgivable. A shame.

[REDACTED]  
Jun 18, 2022

Because it is wrong to be doing this to the Wilcox family

[REDACTED]  
Jun 18, 2022

It's wrong in so many ways. A family should not have to find out at a community meeting that their house is being a compulsory acquisition

[REDACTED]  
Jun 18, 2022

I believe the road can be built to avoid a family home.

[REDACTED]  
Jun 18, 2022

This plan is ridiculous . . .

[REDACTED]  
Jun 18, 2022

There has to be a better way

[REDACTED]  
Jun 18, 2022

Unless it is an emergency, and there is no other option, then there is no need to take off people's lands. It's not state land to do as you wish, as you might want us to believe.

[REDACTED]  
Jun 18, 2022

It's criminal what's being done to this family!!! Work hard for what you have and then it's ripped away with no discussion ☐

[REDACTED]  
Jun 18, 2022

This is morally unacceptable

[REDACTED]  
Jun 18, 2022

Stop destroying our food supply! People on farms work so hard to provide food. Stop hurting them.

[REDACTED]  
Jun 18, 2022

This should not be happening. With so much vacant land around the property the road should be directed through that and not a family home. To favour 1 person of wealth and influence which is using the land for horses over a hard working local family and take their home is disgusting.

[REDACTED]

Jun 18, 2022

This family deserve to stay in their home and be able to earn an income leave them alone.

[REDACTED]  
Jun 18, 2022

This family deserve to stay in their home and be able to earn an income leave them alone.

[REDACTED]  
Jun 18, 2022

No one should loose their family home

[REDACTED]  
Jun 18, 2022

I believe peoples homes should not be knocked down when there are other alternatives

[REDACTED]  
Jun 18, 2022

It's disgusting that they are taking this family's home & working farm when the horse stud is just land, not a family home.

[REDACTED]  
Jun 18, 2022

This is not right !!!!!

[REDACTED]  
Jun 18, 2022

It's a bad decision

[REDACTED]  
Jun 18, 2022

Tak

-

[REDACTED]  
Jun 17, 2022

Individually, we might be easy to tread on, but together... WE HAVE POWER!!!

[REDACTED]  
Jun 17, 2022

this is not fair. it smacks of corruption  
so prove its NOT Hawkesbury council

[REDACTED]  
Jun 17, 2022

I don't believe the bridge has to go through their home.

[REDACTED]  
Jun 17, 2022

This is abhorrent!  
Plenty of room further up that can be used. Again no proper thought given, more  
wasted \$\$\$\$ on a bridge to nowhere when it floods

[REDACTED]  
Jun 17, 2022

Disgusting treatment of this family! We are 100% behind you neighbours. Have also  
submitted through have your say direct to council.

[REDACTED]  
Jun 17, 2022

I believe that this corruption, the rich are always given advantage and the ausie  
battlers are discriminated against. I believe that whoever made this decision needs  
to be investigated

[REDACTED]

Jun 17, 2022

Because its wrong to take a family's life and home away

[REDACTED]

Jun 17, 2022

Being part of the North Richmond community, I want to show my support to the Wilcox Family.

[REDACTED]

Jun 17, 2022

Council takes another look at the plans to help this family keep their home

[REDACTED]

Jun 17, 2022

I hate government screwing ordinary people's lives.

[REDACTED]

Jun 17, 2022

Crap like this happens to often

[REDACTED]

Jun 17, 2022

This is bad planning

[REDACTED]

Jun 17, 2022

They shouldn't be forced out due to the wealth and influence of the developer whose vacant property is where the road should be.

[REDACTED]

Jun 17, 2022

Development may be necessary but vacant land no matter it's owner should be used prior to destroying someone's home. Especially when the bridge doesn't not cater to a flood resistant route because it will be the first to flood anyway.

Sarah Richards has always stood behind developers instead of the community and the proof is here. Where council and state have decided to destroy someone's home for the sake of avoiding vacant land owned by Starr.

[REDACTED]

Jun 17, 2022

I feel sorry for the family and their loss. The Starr Property not to be touched. \$\$ Talks. Blessings from Adelaide

[REDACTED]

Jun 17, 2022

I have lived in the Hawkesbury for close to 20 years and I am absolutely appalled at how our beautiful Hawkesbury is turning into a Sydney basin full of suburban houses! Stop taking away our beautiful farm land

[REDACTED]

Jun 17, 2022

This is heartbreaking.. WHY NOT THROUGH THE STARR FAMILY HOME... is that the Starr real estate family???

[REDACTED]

Jun 17, 2022

This is absolutely atrocious.  
Find another more appropriate route than destroying peoples lives.

[REDACTED]

Jun 17, 2022

Leave these poor people alone, they are feeding the people of our great nation, they should be applauded. Instead, you are ripping out their hearts and their livelihood. God bless the Wilcox family and long live their Farm.

[REDACTED]  
Jun 17, 2022

Icac should be looking at the whole process

[REDACTED]  
Jun 17, 2022

It's not right, not fair. Find a better option.

[REDACTED]  
Jun 17, 2022

Peoples farms should come in to consideration, build the bridge on the vacant land

[REDACTED]  
Jun 17, 2022

It's seems common-sense is very much lacking in this day and age. Why take a families home when there are other alternatives.

[REDACTED]  
Jun 17, 2022

The bullying by incompetent fools that destroys families and denies their right to income is unacceptable.

[REDACTED]  
Jun 16, 2022

Family's matter

[REDACTED]  
Jun 16, 2022

Cause this is just wrong and the council needs to rethink their options...

[REDACTED]  
Jun 16, 2022

Please don't destroy their home. Their livelihood. Come up with a better solution!

[REDACTED]  
Jun 16, 2022

This is wrong on every level. It's not rocket science to design around it. I don't believe it's the greater good to take a family's home and livelihood in this situation. There are other options. Use them!

[REDACTED]  
Jun 16, 2022

If I'm reading this right and there is a viable solution that gets to build a bridge on so e of the land and keep a families house in tack without much of an effort why is this not just being done. Why does anything need to be anymore difficult than it needs to be and common sense prevail?

[REDACTED]  
Jun 16, 2022

There are other sensible routes that spare this family's home and livelihood considering the horrendous few years they would have had from droughts to flood after flood. Cut them some slack.

[REDACTED]  
Jun 16, 2022

I am sure there is an alternative rather than taking away a family home. This would be a nightmare for any family and is so unfair.

[REDACTED]  
Jun 16, 2022

Have a heart and some consideration for honest working families. How dare you take their livelihoods. You on your huge salary. Change the plan. It cannot be that hard!!

-

[REDACTED]  
Jun 16, 2022

The family are hard working , good people This could happen to any of us . Unfair treatment when other lands available Greed at its worst

[REDACTED]  
Jun 16, 2022

It's not fair what they r doing to this family!!!

[REDACTED]  
Jun 16, 2022

No regard for homeowners and farmlands. Disgraceful when there is obviously a good and easy alternative right next door!! Someone in authority has been paid off!

[REDACTED]  
Jun 16, 2022

It's unfair

[REDACTED]  
Jun 16, 2022

For the family this is a gross injustice, by the Council, State Government and Developer, the three Major Stakeholders need to be investigated. The family own the Property and farm it, leave them alone and find another location for this supposedly Road. This is absolutely disgusting how this is unfolding the stress, anguish they are being put through. Please Australia ☐☐ let's get behind this Family and send a strong message " hands off their Property "

[REDACTED]  
Jun 16, 2022

If there is another way, without taking this family off the land, then it should be done.

[REDACTED]  
Jun 16, 2022

It's unjust!

Report

[REDACTED]  
Jun 16, 2022

Starr family can get stuffed!

[REDACTED]  
Jun 16, 2022

Sick of the infrastructure being built as thoughtless. This is taking people's and has taken my family's properties more than once. Farming is our livelihood, the Hawkesbury stops without farmers.

[REDACTED]  
Jun 16, 2022

The position of the bridge seems a bad decision for the many reasons listed in the petition .

[REDACTED]  
Jun 16, 2022

I want to support the protection farmers and farmlands from nonsensical behaviour by government departme

[REDACTED]  
Jun 16, 2022

This is disgusting and shouldn't be happening!

[REDACTED]  
Jun 16, 2022

I seen this on A Current Affair and its not right to do this to a family why don't you go through the Starr property is it because there got money

[REDACTED]  
Jun 16, 2022

It's wrong to destroy this family's home

[REDACTED]  
Jun 16, 2022

It is the right thing to do.

[REDACTED]  
Jun 16, 2022

Stop running rough shod over people. This will be terrible for the family concerned and the community you serve

[REDACTED]  
Jun 16, 2022

Do it the right way not the easiest most lucrative way, go around!

To not build a flood proof bridge seems ignorant. To plan the bridge to go through someone's home is a bit heartless. Come up with a better plan.

[REDACTED]  
Jun 16, 2022

I believe it is wrong what they want to do

-

[REDACTED]  
Jun 16, 2022

This is completely unjust and unfair

[REDACTED]  
Jun 16, 2022

I'm signing because this is morally and ethically wrong. You pay taxes and are a land owner and do the right thing and serve your community. Then big business, power and money have come out on top with no communication to this family they find out accidentally. Disgraceful

[REDACTED]  
Jun 16, 2022

I'm signing because it sounds like there are other viable options for this bridge and we need to preserve farming land in the Sydney basin.

[REDACTED]  
Jun 16, 2022

This is not right to just take someone's home

[REDACTED]  
Jun 16, 2022

The plan doesn't make any sense. Why destroy a family home and business when there are other options.

[REDACTED]  
Jun 16, 2022

The people must be consulted

[REDACTED]  
Jun 16, 2022

The level of unfairness to this family is incomprehensible

[REDACTED]

Jun 16, 2022

Although I can not verify the veracity of the claims made in this petition I am signing because I am saddened over the last fifty years to see all the farmland around Sydney developed for over crowded suburbs with little greenery that are now creating heat-islands in summer. Running an economy based on the mantra of "jobs and growth" is a lazy way to claim success at administering a simply broadening tax base propped up by endless immigration and overcrowding. Even as I write this comment we are struggling with a potential lack of electricity and possible blackouts due to what is now insufficient infrastructure. So, stop developing the farm land, stop increasing the population and if it is true how this couple are being treated then stop that as well!

[REDACTED]

Jun 16, 2022

We need to protect good agricultural land close to Sydney. There is very little of it left..

[REDACTED]

Jun 16, 2022

I'm signing because the government in this country (Australia) and the councils are nothing but corrupt. The government here should have no right to make laws that are in their favour of acquiring your property.

Report

[REDACTED]  
Jun 16, 2022

It is pointless if the crossing is not floodproof. Australia needs every bit of fertile land possible for food certainty .

[REDACTED]  
Jun 16, 2022

There are other viable options that do not disadvantage our residents.

[REDACTED]  
Jun 16, 2022

This has an enormous impact on family members and their forever home

[REDACTED]  
Jun 16, 2022

Please protect this families home, place the bridge on acceptable land not invading their home, hearts, rights and privacy.  
This is unfair and unjust and totally unreasonable on all levels of humanity.

[REDACTED]  
Jun 16, 2022

This is an example of corruption  
The road should be built on the originally planned vacant land next door!!

[REDACTED]  
Jun 16, 2022

It is crap that the route has to go through these peoples house!!!!

[REDACTED]  
Jun 16, 2022

The family needs all the support they get to stop the council's forcing them out

[REDACTED]

Jun 16, 2022

Because of the bureaucracy gone mad, underhanded tactics quite often employed by councils everywhere

I too, once lost my home , because of the now M1 Highway.  
Our lives changed forever. Please find another route for this bridge!

[REDACTED]

Jun 16, 2022

This is so wrong

[REDACTED]

Jun 16, 2022

This is not right to take this family's home without even considering their thoughts. This is disgusting and dishonourable. Would you do this to your home, Council members? Out right a palling. Very shameful.

[REDACTED]

Jun 16, 2022

The Whole Plan is a Shambles, Go back to the Drawing Board and Build Something that Will allow All People West of the River Access to Sydney during Flood Events.

[REDACTED]

Jun 16, 2022

This is so wrong, find an alternative.

[REDACTED]

Jun 16, 2022

As a fellow farmer/rancher, I know too well of the significant impact of certain developments on local farms/ranches, not to mention the domino effects it would cause on the economy, food security, ecosystem, etc. Decision-makers around the

world need to wisen up before it's all too late. Stop killing your food basins/producers.

[REDACTED]

Jun 16, 2022

They lied about contacting the farmers concerned in their statement to ACA. What else are they lying about....absolute putrid act by them.

[REDACTED]

Jun 16, 2022

This is so unfair,a family's livelihood taken by the the powers that be, people who make these decisions need to take time how they would feel if it was their home.

[REDACTED]

Jun 16, 2022

Redbank developers have lots of money .....Money talks.....the council likes money. As long as both get money neither will care one bit about the distress this is causing. Absolutely disgusting that this family have to fight for their property.

[REDACTED]

Jun 16, 2022

It's an important community issue!

[REDACTED]

Jun 16, 2022

Absolutely disgusting and sad for the family when so much land surrounding their home

[REDACTED]

Jun 16, 2022

I believe the original route was to pass through the neighbouring vacant land which is part of a horse stud owned by a prominent local real estate agent. Something stinks about the unjust change of route.

Better to affect vacant land and a few horses rather than generations of a hard working farming family.

[REDACTED]  
Jun 16, 2022

Too often those in power screw over those who work damn hard for what they own. Those involved with this bizarre decision need to be held accountable and this needs to be planned different.

[REDACTED]  
Jun 16, 2022

It is so wrong what is being done here

[REDACTED]  
Jun 16, 2022

All the reasons already stated. Consultation with those affected would be much more preferable than having to resort to Change.org. Life is difficult enough for those trying to make a living from the land - stop exacerbating it!

[REDACTED]  
Jun 16, 2022

As an alternative was found for the first selected property there is no reason why another alternate route cannot be selected for this family property.

[REDACTED]  
Jun 16, 2022

I'm signing this petition because no one has any cause to tear down a family home full of memories. There's obvious bias here, leaning towards the party with greater wealth. This has "the castle" vibes, and I'm not okay with it

[REDACTED]  
Jun 16, 2022

This appears to corrupt and not honest. There is no need to destroy a family's heritage and home.

[REDACTED]

Jun 16, 2022

Taking over someone's home is never ok

Surely they do not need to change the route to that extreme ☐

Toni harris

[REDACTED]

Jun 15, 2022

Redbank and HCC have lied to us all. People are more important than profit.

[REDACTED]

Jun 15, 2022

It's wrong

[REDACTED]  
Jun 15, 2022

This seems extremely underhanded and devious. Build on vacant land stop knocking down peoples homes and taking their livelihoods

[REDACTED]

Planning authorities and government should not even be allowed to consider disrupting existing residents, properties and businesses for their own or others development plans. In this instance it appears that there are viable alternatives

It's the right thing to do for an Aussie Family to have a voice against Greedy Developers and Councils.

[REDACTED]  
Jun 15, 2022

I'm sick of the graft and corruption of greedy and morally bankrupt politicians and developers - we're watching, listening and holding you to account.

[REDACTED]

Every decision made by the 'higher ups' is made to benefit their friends, themselves and made to protect their investments. This is unethical, leave this hard working Australian family alone, this land has been passed down in their family and provides for all Australians. The studs are a luxury and an expensive hobby that promotes gambling - we don't need anymore of it. Give the Wilcox Family their land back.

We need a flood-proof bridge, not another waste of money

It is about time us the people were heard & the so called powers to be made to listen & put on notice..

This shouldn't happen.. it's there home and they feed the community

Once again council ride roughshod over the people. First of all the family were never notified. Second they found out at a public meeting so their privacy was not considered. Thirdly a family home and business are being destroyed to build a road that could be put elsewhere. Those responsible for these actions should hang their head in shame and if I knew who they were, I tell them to their face. Disgusting behaviour.

[REDACTED]  
Jun 15, 2022

I'm signing because no one should be allowed to rip up another persons home for development without owner permission and a substantial fee or the property is fairly purchased with owner consent at market value plus some sorry money

Jun 15, 2022

I'm appalled at the callous act of not informing this family before the meeting- absolutely criminal

[REDACTED]

Jun 15, 2022

This is dreadful, council, govt and developers only think about money and not hard working people. This happened to my great grandparents 100 years ago to develop a suburb and got paid little for it. People power needs to support this and other families in their fight. Good luck

Jun 15, 2022

It's the right thing to do. This is there family house and upbringing.

[REDACTED]

While we desperately need this bridge I am horrified planners were advised to avoid the vacant paddock next door in favour of going through the Wilcox property. I want to understand who briefed planners that a family home was less important than a vacant paddock? It stinks of underhanded dealing - much like the whole development from start (when the mayor was named in ICAC for taking a donation to approve the development), through to lies the developer has admitted (at a council meeting) telling people to push back deadlines. It's not right what's happening to this poor hard working family. Why is a horse stable more important than their home. Obviously the owner of the horse stable and real estate mogul have funds to relocate horse stables than to make a family homeless

[REDACTED]

This is so unjust.

[REDACTED]  
Jun 15, 2022

Very unfair that a working property , & a families home can be taken . By all accounts sounds like something is going on in regards to the plans being changed to go through their property !!!!!

[REDACTED]  
Jun 15, 2022

This is wrong in everyway and needs to be investigated

[REDACTED]

Hard working people, connected to their land being forced off with little notice. We seem to have a habit of this. Its wrong.

[REDACTED]  
Jun 15, 2022

Corruption at its best

[REDACTED]  
Jun 15, 2022

Please use the land beside these people, that doesn't have a house on it instead of going through there's.

[REDACTED]  
Jun 15, 2022

No one deserves to lose their home!! Look at other options that doesn't destroy lives!!

[REDACTED]  
Jun 15, 2022

This family should be able to keep their home why can't it go through the vacant land next door

[REDACTED]  
Jun 15, 2022

The council and developers need to be held to account. Too many of our farmers have been forced out of business. Another abuse of power and money grabbing!

[REDACTED]

Jun 15, 2022

This should not be happening to the family it is there home.... Surely there is a better solution to a new bridge

This doesn't seem right - why was the original planning change!!

[REDACTED]

Jun 15, 2022

Developers seem to be the only ones who matter in the Hawkesbury anymore. Hard working families who perform a 'real' service to their communities by farming and feeding them just don't count.

[REDACTED]

Jun 15, 2022

I'm signing because I support the Wilcox's in their fight to keep their home & farm. They are part of the food supply, they need to be helped not shut down, think fresh food is expensive now, wait til the developers have destroyed all the small farms close to Sydney. The fat cats sitting in their city offices with no thought for anyone but themselves need to be shut down!

[REDACTED]

Jun 15, 2022

I'm signing because something STINKS here... underhanded money and power is driving this change of decision! help this hard-working family!

[REDACTED]

Jun 15, 2022

I support this family!

[REDACTED]

Jun 15, 2022

This government in Communist China seizes people's houses and land. I didn't think it would come to this in Australia. The council states that seizing their land does not involve any loss of public open space and minimises impact on heritage and biodiversity yet they are willing to ruin generations of hard working Australians lives and livelihoods. They need to find an alternative route for their land grab and leave this family to get on with their business. The family needs to start a go fund me page

to mount a legal challenge to this madness.

[REDACTED]

Jun 15, 2022

This family is being treated unfairly. The council is not considering the negative affects this would have on the family and the community surrounding it. This family farm is a great resource to agriculture and holds history. Show some decency and co-operate with the family to create a plan that would have less negative impacts.

[REDACTED]

Jun 15, 2022

This government is heartless there are alternatives, work harder for better outcomes!

Some thing is very wrong here. This decision raises a lot of questions.

[REDACTED]

Jun 14, 2022

It's just absolute bullshit to treat aussies like this

[REDACTED]  
Jun 14, 2022

This is absolutely unacceptable that the government would destroy a families home without any consideration. There has to be another option that they can take with destroying there home.

[REDACTED]  
Jun 14, 2022

DISGUSTING !!

This is obviously a dodgy deal and not only is it an evil thing to do to this hard working family , but we need farmers more than horse studs!!!!

[REDACTED]  
Jun 14, 2022

Because if there are alternative options why would you destroy a family's home & livelihood..

[REDACTED]  
Jun 14, 2022

Obvious corruption going on here. Also, Australia NEEDS to stop putting housing on prime food production land!

[REDACTED]  
Jun 14, 2022

Why not use neighbouring vacant land instead of hurting these hard working, tax paying individuals. Let them continue with their livelihoods.

[REDACTED]  
Jun 14, 2022

I'm signing because it's disgraceful the way this family has been treated, plus the fact this is the wrong place for the bridge to go.

[REDACTED]

They need to keep there home, and grow there veges, we need people like this keep the soil going.. One day we will be short of fresh food..

[REDACTED]

There is no sense in debilitating the lives of worthy humans - CHANGE THE PLAN  
there are options! take the opportunity to show respect ☐

[REDACTED]  
Jun 9, 2022

There are other options rather than destroy a family's home!

[REDACTED]  
Jun 9, 2022

Its ridiculous to delete Sydney based farms at a time of high demand and a high cost  
of living with groceries and the rest.

[REDACTED]  
Jun 9, 2022

I think this family have been treated extremely unfairly. This whole situation is  
disgusting. There has been no consideration for their lives

[REDACTED]  
Jun 9, 2022

There is a principle here of people's homes not being destroyed when so much more  
land is available to install the bridge and road project.

[REDACTED]  
Jun 9, 2022

No one should lose their home, especially not this hard working, beautiful family.

The realtor knew about the developer's plans and bought the land to make millions. Realtor said the place was a stud farm to increase the value. Developer decided to avoid paying the millions by taking the farm. Realtor the pretends that he had no idea about the plans, because then he would be losing out on millions. Now the realtor is sitting on a land that once the bridge is built will be worth millions.

We see these compulsory acquisition stories on ACA all the time. They are the cost of increasing the population size of Australia. We can't try to push them off to the outback, because the same problem will happen there only it'll have a bigger impact on the economy.

The reality is the decision to grow the population was made by the government knowing this would be the cost but the impact was disregarded.

Compulsory acquisition should be illegal. If you want it that bad pay a price that they would be happy to part with it. If the owner says NO to your offer, to bad. This should include large government infrastructure, they are happy to take tax's when you purchase a property and take your rates. 'Ownership' should be just that.

And the government should be doing a investigation of the council this is happening in. Also sounds like the horse stud owner is also involved in the matter

This is such a disgusting and disrespectful situation no property owner or family should have to put up with this rubbish and finding out through a community meeting that these people want to destroy their home a total disgrace. Please follow through with this A Current Affair and support this family.

Hope the public and some great pro bono lawyers come forward and help this family. This is not fair and there needs to be an investigation into the reason the other property was skipped over. Why allow a firm to build on land they know will flood and you have to put in escape routes? This makes no sense at all.

Perhaps A Current Affair should assist with legal backing or set up a 'Go Fund Me' to assist these people. It is blatantly obvious that the neighbouring stud farm has many friends in Council and Government to have the original plans changed like they have

[REDACTED] I'd say there's a strange third option going on that we don't know yet. If council allowed an easement, it doesn't make sense for that to go through a permanent dwelling.

I wonder if the developer is suing in some capacity with council support them, betting on their ignorance and being unable to financially fight the big dogs so to speak?

forced, not that they are not being compensated?

10w Like

being forced, yes.

But the segment doesn't mention specifically whether they were offered compensation or whether it is compulsory. They're fighting it regardless, as when they purchased the property originally, the plan for the road went through the vacant land NEXT to their property, but something changed and now it goes straight through their house.

10w Like

wel if the

developer doesnt own the land they cannot do works. If Council has allowed an easement they wouldve been notified LONG ago and likely offered the ability to obtain ongoing fees for access or a 1 time licence fe.

so i wont warch the video - can someone summarise... 1 do the residents own the home or rent? 2 was this compulsorily acquired? 3 was this a leasehold scensrio?

10w Like

they own it. Not disclosed as to whether it was acquired, however original plans exclude this property. Then switch without disclosing why other than avoiding a rich persons horse stud. Not a leasehold rather freehold (pretty sure that's the right word - where they own rather than rent from the crown). All land is used as produce farming and house is a permanent dwelling.

fair enough... so it was compulsorily acquired? The issue is thry are being forced, not that they are not being compensated?
