

HAWKESBURY CITY COUNCIL

ANNUAL REPORT 2021/2022

www.hawkesbury.nsw.gov.au

STATEMENT OF COMMITMENT TO FIRST NATIONS PEOPLES

Council acknowledges the Darug and Darkinjung peoples as the Custodians and Traditional Owners of the land throughout the Hawkesbury.

Council recognises the continuing connection of First Nations people to their Country and respects the cultures and histories of Aboriginal and Torres Strait Islander peoples as the first peoples of this land.

ABOUT THIS REPORT

Under the NSW Government's Integrated Planning and Reporting framework for Local Government, Council is required to produce a report on its progress in implementing the Community Strategic Plan during its term. The Community Strategic Plan sits above all other Council Plans and Policies. Its purpose is to identify the Hawkesbury community's priorities and aspirations for the future. The strategies within it take into consideration the issues and pressures that affect the community and the level of resources realistically available. Given this, the significance of the Community Strategic Plan to the community, and to Council, is of the highest order and ensuring that it is fully reflective of the Hawkesbury community's aspirations is viewed as critical. The aim of the Annual Report is to provide the community with a status of how Council is progressing toward achieving the Community Strategic Plan. This report will focus on the period 1 July 2021 to 30 June 2022, showing what action Council has undertaken towards achieving the goals described by our community.

A MESSAGE FROM OUR LEADERS

The Councillors at Hawkesbury City Council are proud to share the Annual Report for 2021/2022, which outlines how Council has been serving our community.

This report details our performance against our commitments as set out in Council's Plans - Community Strategic Plan 2022-2042, the Delivery Program 2022-2026, Operational Plan 2022/2023 and the Long Term Financial Plan 2022-2032. The Annual Report provides an analysis of our financial performance and demonstrates the breadth of our operations and the diversity of services delivered to the Hawkesbury community.

The past 12 months have again proven to be a huge challenge for the Hawkesbury. Our City again faced the mammoth challenge of a major flood in March 2022 while still recovering from the February 2021 flood, and while residents and businesses were emerging from nearly two years of pandemic restrictions and lockdowns.

L-R Back Row: Cllr Sarah Richards, Cllr Patrick Conolly (Mayor), Cllr Barry Calvert, the late Cllr Paul Rasmussen, Cllr Emma-Jane Garrow, Cllr Nathan Zamprogno.

L-R Front Row: Cllr Tiffany Tree, Cllr John Ross, Cllr Amanda Kotlash, Cllr Mary Lyons-Buckett (Deputy Mayor), Cllr Peter Reynolds, Cllr Danielle Wheeler.

Councillors July 2021 to November 2021 (part of Council term 2016 to 2021).

It has been inspiring to witness the resilience of the Hawkesbury in the face of these challenges and setbacks. Local emergency services and volunteer groups have stepped up in the face of adversity and provided invaluable support to locals in need. Our Community Hubs continue to take a lead role in assisting our community to build connection and resilience to help support us in future. Recovery would not be possible without the tireless efforts of everyone involved.

Council remains steadfast in its commitment to repair the widespread damage to its infrastructure – particularly roads – caused by consecutive flood events. While early progress was slow due to a statewide scarcity of skilled labour and materials, progress has significantly improved in recent months, especially in our more isolated communities where roads provide essential connections to the rest of the Hawkesbury.

Despite these challenges, Council has made numerous important gains. With the support of the Australian and NSW Governments, our Bushfire Local Economic Recovery projects have delivered new and improved community infrastructure to the residents of Bilpin, Colo Heights and the Macdonald Valley. In Richmond, Windsor and South Windsor, work has begun on revitalising these important town centres to make them more appealing to live, visit and do business – thanks to funding under the Western Sydney City Deal agreement.

Council continues to effectively manage its financial position to plan ahead for future improvements that benefit our community while also maintaining infrastructure in the Hawkesbury such as parks, recreational facilities, roads, bridges, community buildings and facilities, and vibrant events.

We continue to deliver essential services to the community, including waste, sewerage, stormwater services, community services and cultural services. Other services provided include city planning and corporate services.

L-R: Cllr Amanda Kotlash, Cllr Les Sheather Danielle Wheeler, Cllr Eddie Dogramaci, Cllr Patrick Conolly (Mayor), Cllr Barry Calvert (Deputy Mayor), Cllr Sarah McMahon, Cllr Jill Reardon, Cllr Mary Lyons-Buckett, Cllr Nathan Zamprogno, Cllr Paul Veigel, Cllr Shane Djuric.

Councillors December 2021 to June 2022.

Local Government Election held on 4 December 2021 having being postponed from September 2020.

In this report, you will find a snapshot of the actions, programs, services and projects we have delivered over 2021/2022.

We hope you enjoy reading about the 2021/2022 year and we thank you for your continued support and direction.

THE HAWKESBURY

HISTORY AND SENSE OF PLACE – A VIBRANT CITY WITH A RURAL FEEL

The Hawkesbury is a unique area located in the Hawkesbury River Valley. It is the largest Local Government Area in the Sydney Metropolitan Region, covering approximately 2,776km².

The Hawkesbury and its townships, rural villages and landscapes share a rich and enduring indigenous and European cultural heritage.

Prior to European settlement the area was inhabited by the Darug and Darkinjung peoples for over 40,000 years. The Hawkesbury River (known as Dyarubbin by the Darug people) was a focus for those people. Its tributaries and floodplains provided abundant natural resources and were places of strong social and spiritual significance for the First Australians. It has been estimated that there were up to 3,000 Aboriginal people living in the Hawkesbury area in 1788.

European explorers first arrived in The Hawkesbury in 1789. It is the third oldest European settlement in Australia. Windsor (originally Green Hills) which was established in 1794, is one of five 'Macquarie Towns', four of which are located within the Hawkesbury. Governor Macquarie had a profound influence on the development and landscapes of the Hawkesbury, which included naming the townships of Windsor, Richmond, Wilberforce and Pitt Town and the layout of their streets, cemeteries and town squares.

The Hawkesbury Local Government Area straddles the divide between the urban metropolitan councils to its east and the rural councils to its west. While it is classified as part of Metropolitan Sydney, its unique blend of urban and rural settlements is uncharacteristic of the metropolitan area.

The Hawkesbury is therefore classed as a metropolitan-rural area by virtue of its location and its natural assets, including its natural beauty, its five rivers and their tributaries, its mountains, national parks and wilderness areas. The heritage towns of Windsor, Richmond, Pitt Town, Wilberforce and Ebenezer are all located within the Hawkesbury.

The agricultural lands that surround the Hawkesbury's towns and villages represent the oldest rural land holdings under continuous cultivation within Australia. The Hawkesbury also contains the oldest church, hotel and public square. Thompson Square, located in Windsor, was named and established by the then Governor Lachlan Macquarie in 1811 as recognition of the emancipist Andrew Thompson. Thompson Square and its immediate surrounds is also recognised as the oldest surviving public square in Australia.

These historical and cultural assets are actively being used to support cultural expression, tourism and economic activity. They remain integral to the future identity and prosperity of the Hawkesbury.

WHO WE ARE

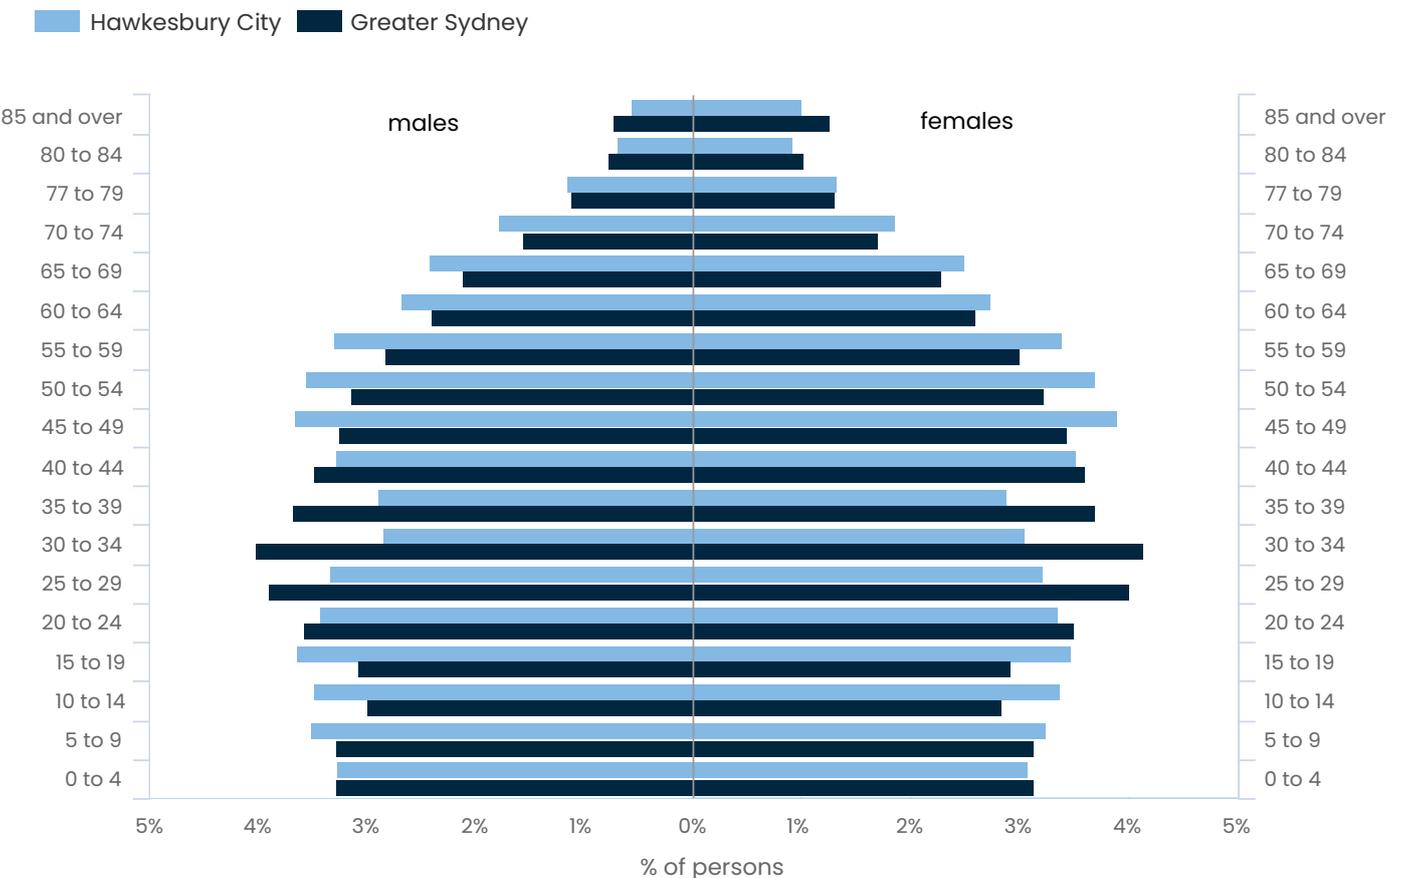

ALL STATISTICAL INFORMATION SOURCED FROM AUSTRALIAN BUREAU OF STATISTICS CENSUS 2021

The Hawkesbury’s population of approximately 67,581 live in 64 towns, villages and rural localities each with very different identities, communities and stories comprising of floodplains, rural lands and national parks. Our population is dispersed with approximately 0.24 persons per hectare. Comparing us with Greater Sydney shows there is a higher proportion of people in the younger age groups (0 to 17 years) as well as a higher proportion of people in the older age groups (60+ years) here in the Hawkesbury.

The major differences between the age structure were:

SPECIAL CONSIDERATIONS FOR THIS PERIOD

CHANGES TO THE LOCAL GOVERNMENT ELECTION CYCLE

The Office of Local Government, via the Council Circular distributed on 25 March 2020 announced that: The September 2020 Local Government elections be postponed to address the risks posed by the COVID-19 Pandemic at the time. Current Councillors continued to hold their civic offices until the next ordinary election was held in December 2021, thus extending the term of Council to five years. The postponement of elections had implications for the activities councils are required to undertake for Integrated Planning and Reporting cycles. In general, the Office of Local Government extended the current Integrated Planning and Reporting cycle for 12 months, with the next cycle to be truncated to three years. Due to these changes, the 2017-2021 Delivery Program was effectively extended for an additional year, with the 2021/2022 Operational Plan built in relation to it and creating a 'fifth year' of the Delivery Program. This Annual Report reports on the fifth year.

THE COVID-19 PANDEMIC

The COVID-19 Pandemic continued to have impacts on the wider economy together with a major impact on the various face-to-face services and activities delivered by Council. The 'new normal' which involved public health order restrictions being placed on the State without warning from time to time mean that Council's operations needed to remain dynamic and flexible. More than anything, the health and safety of Council employees, local businesses and our community remains our number one priority. Council continued to prioritise communication and support through the COVID-19 Pandemic.

THE MARCH 2022 FLOOD

The March 2022 floods occurred barely 12 months on from the February 2021 floods, causing inundation and significant damage in suburbs and towns adjacent to the Hawkesbury, Macdonald and Colo Rivers. Whereas the February 2021 flood peaked at 12.9 metres in Windsor, the March 2022 flood peaked at 13.7 metres. The duration of the flood was also much longer.

Much of the Hawkesbury was still in the process of recovery from the February 2021 flood when the March 2022 flood event occurred. This flood compounded issues around infrastructure maintenance and caused further isolation of outlying communities – particularly in and around the Macdonald Valley and Colo.

Following the March 2022 flood, Council established a dedicated Infrastructure Recovery Team to manage the mammoth task of repairing the estimated \$200 million in required road repairs stemming from the 2021 and 2022 floods. This team allows for a focused approach to flood repairs without affecting the delivery of other important budgeted projects.

Our Community Hubs continue to take a lead role in assisting our community to build connection and resilience to help support us in future. Recovery would not be possible without the tireless efforts of everyone involved.

It is also noted that the Hawkesbury experienced further significant flooding in July 2022 outside of this reporting period which has placed further challenges in front of Council and the Community.

LOCAL GOVERNMENT WEEK AWARDS 2022

Council was recognised for its work in keeping the community informed during the March and July 2022 floods with a RH Dougherty Award at this year's Local Government Week Awards on 4 August 2022.

Council won in the *Excellence in Communications* (30,000–70,000 population) category. Initiatives included an online information hub which was preprepared and ready within minutes of flood warnings being issued and which was kept updated with up-to-the-minute information, a weekly email update to subscribers outlining flood recovery and project updates, and an SMS alert system providing rapid updates to subscribers in the event of emergency road closures.

Council's Waste Services Survey – Community Consultation was a finalist in the same category.

OUR KEY DIRECTIONS

2021/2022 SNAPSHOT OF OUR ACTIVITIES, PROGRAM AND PROJECTS

OUR LEADERSHIP

Our community told us to 'be a respected civic leader through consistent, transparent and engaged decision making that the community can understand.' To achieve this:

WE ENCOURAGED AN INFORMED COMMUNITY AND ENABLED MEANINGFUL ENGAGEMENT

We've held many engagement processes via our online platform, YourHawkesbury-YourSay. We also ask for your feedback on masterplans and plans of management for our parks. Every year, we asked for your feedback on our Operational Plan and budget and in 2021 received over 35 submissions to that Plan alone. Our corporate website www.hawkesbury.nsw.gov.au has a new clean and user-friendly look to it, which provides a better customer experience. There are currently 29 different online forms the community can use on our website to request a service, report a problem, make payments, address Council and panels, book a space, make an application or make a nomination. We also used our website as a hub for information for residents in relation to COVID-19 restrictions and the March 2022 flood.

MORE WAYS TO COMMUNICATE WITH US

We've made changes to increase the number of customer service functions online. We've added more online forms to our website to make it easier and faster for people - day or night, seven days a week. These forms allow you to request a bin, report dumped rubbish, report a pothole and so much more. To view these forms, go to www.hawkesbury.nsw.gov.au

We adopted a Community Engagement Policy, a Digital Communications Strategy and an updated Media Policy to guide and continuously improve our approach in engaging with our community. We've delivered quarterly Community Newsletters which showcase our upcoming events, completed construction projects and community consultations. We also continued publishing annual community reports to showcase our year in review every year. We've taken to social media, with a strong presence and growing follower base of over 13,000 across multiple social media platforms. The use of social media has been particularly useful over the past 18 months to keep our community informed and up-to-date.

IT'S YOUR HAWKESBURY - HAVE YOUR SAY!

YourHawkesbury-YourSay is one of the ways Hawkesbury City Council involves the community in its decision making processes. This online community engagement hub is a place for you to get involved, find out information and have your say about important issues and projects in the Hawkesbury. We appreciate you have local knowledge, skills and experience to offer and we want to make the most out of your feedback when making decisions.

WE BUILT STRONG FINANCIAL SUSTAINABILITY FOR NOW AND FUTURE GENERATIONS

We kept ourselves accountable by undertaking four internal audits across various functional areas of Council:

- Internal Audit Function Review
- Asbestos Management
- Asset Planning and Management
- Transport for NSW DRIVES (database used by Regulatory Services)

The carrying out of internal audits allows Council to evaluate compliance with legislative requirements, manage risk, and improve business processes.

In early 2022 Council commenced the process for establishing a new Audit, Risk and Improvement Committee with an independent chair and members, as required by the Local Government Act.

WE BUILT STRONG RELATIONSHIPS AND SHARED RESPONSIBILITIES WITH STAKEHOLDERS

We worked with and advocated on behalf of the Hawkesbury community in relation to a range of needs including emergency services, Grose River crossing, Lower Portland ferry, sullage pump-outs, infrastructure corridors, North Richmond bridge, development contributions, flooding, heritage and homelessness. We continued working with the Western Sydney Regional Organisation of Councils (WSROC) on a range of initiatives including waste, urban heat, renewable energy and LED lighting. We signed a Memorandum of Understanding on health matters with eight Councils from the Western Parkland City group, two State government Local Health Districts and two Commonwealth Government Primary Health Networks in 2019.

We continue to work with the City Deals Health Alliance to resource the joint planning of programs which support healthy lifestyles.

This includes participating on working groups for:

- Social Determinants of Health - Framework and prioritisation tool
- Social Connectedness - Framework
- Health Impact Statement
- Health Workforce Strategy.

Along with Blue Mountains Council and Penrith City Council we worked through a range of projects including a joint auditing program, tourism initiatives, and waste and asset management projects as part of the Regional Strategic Alliance until the Alliance was dissolved in 2019.

ADVOCATING FOR THE HAWKESBURY THROUGH STRATEGIC PARTNERSHIPS

Throughout this term, we continued to strengthen our relationships with strategic partners to advocate for the best outcomes for our community. Some of these partners include:

- Commonwealth Government and its agencies
- State Government and its agencies.
- Resilient Sydney – a joint initiative lead by the City of Sydney and the Rockefeller 100 Resilient Cities Program with the support at the NSW Government. Greater Sydney Commission and the 33 metropolitan Councils.
- Western Sydney Regional Organisation of Councils (WSROC) – a collective ‘voice to those issues which are crucial for Greater Western Sydney’s growing population. We are one of five local Councils that are members of WSROC, jointly representing the Councils and communities of Greater Western Sydney, as well as developing resource sharing and other cooperative projects. We continue to work together on a number of issues including waste, urban heat and environmental sustainability.
- Western Sydney City Deal – a collaborative approach across three tiers of government (federal, state and local) to create world-class jobs, better transport and infrastructure, and a great quality of life through the vision of the Western Parkland City.
- Destination NSW – to put Hawkesbury Tourism on the map. The partnership we created here saw a dramatic increase in site visits to our tourism website www.discoverthehawkesbury.com.au particularly over the June long weekend.
- University of Western Sydney, TAFE, Royal Australian Air Force, Hawkesbury Showground and the Hawkesbury Racing Club continue to provide services, employment and other opportunities for the people of the Hawkesbury.

WE ENCOURAGED SHARED RESPONSIBILITY FOR EFFECTIVE LOCAL COMPLIANCE

We developed an internal reporting mechanism to ensure compliance with legislative requirements as legislation is updated. This keeps our employees informed and up-to-date with any changes to legislation governing the work they do. We completed an internal delegations audit, including a review of all delegations for employees and implementing a software program to ensure sign off and understanding of the delegations employees hold and work within. We implemented a business planning process for each of Council’s business units, describing items such as resources, policies, procedures, core activities, delegations and contracts for which each unit is responsible. This process is currently under review again to develop key performance indicators and help build the upcoming new delivery program.

WE SUPPORTED THE OPERATION OF THE ORGANISATION THROUGH THE PROVISION OF EFFECTIVE AND EFFICIENT CORPORATE SUPPORT SERVICES

We implemented the Pulse software package to improve visibility of projects and audits across the organisation. We strengthened the organisation's Work Health and Safety and Risk function and improved systems and processes. We boosted the availability of the Employee Assistance Program through the bushfire, floods and COVID-19 Pandemic to provide our employees with access to assistance for their mental health, while they worked to support the community. For two years, we delivered leadership training to managers, coordinators, team leaders and key employees across the organisation to enhance our capabilities in people leadership, planning, budgeting, project management and change management. To create a more meaningful connection for our employees to the outcomes they work towards for our community, we reviewed and implemented a new performance appraisal process which was met with great internal feedback. We've also begun a project to introduce a workplace flexibility policy, procedure and guidelines to improve our ability to adapt to changes presented by the COVID-19 Pandemic, with customer service continuing to be at the heart of this. Offering workplace flexibility will also help us retain and attract the right people for the organisation.

OUR COMMUNITY

Our community told us to 'Partner with our community and key service providers to deliver outcomes that support a connected, healthy and inclusive Hawkesbury'. To achieve this:

In 2021/2022 the Hawkesbury was impacted by further major flooding events which significantly changed community need, scope, and delivery of community projects. These overarching considerations have shaped how the Community Team have focused efforts for service delivery with the need to dynamically pivot service provision between preparedness, response, and recovery post fires and through multiple flooding events.

The Community team broadened its approach to deliver further outreach into community with the development and delivery of the Community Recovery Officer role, Community Hubs, Tech Connect and Bright Ideas grant funded projects. These projects and services will continue into the 2022/2023 period.

Examples of activities include:

- We delivered Pop Up Recovery Support direct to flood affected streets and provided support with establishment and day-to-day running of Recovery Centres at South Windsor and Wisemans Ferry.
- We successfully developed subsequently successful applications for the Community Hubs, Bright Ideas, and Tech Connect projects to work with the communities – particularly those disadvantaged by distance from services, issues with telecommunications access and direct disaster impact.
- The Community Hubs project delivering place-based information, support, referral and activities in Bilpin, Colo Heights, Wilberforce and St Albans. The Community Hubs have facilitated close-to-home access to a range of Government, NGO and mental health and wellbeing support for residents.
- The Community Hubs project has also developed an online Hub with a range of accessible supports and resources. This was particularly helpful to the community during COVID-19 restrictions.
- The Bright Ideas project has provided support to community groups and associations with establishment, governance and training. We have run grants supports workshops and established the online Hawkesbury Learning Hub. This project also delivers support for Volunteers and Community Leaders through the Everyday Leaders partnership with Lifeline.
- Through successful grant allocation by the EPA, we have been delivering an additional service through our Green Waste Project to remove dead and dangerous trees from public land and private property.
- We have developed and maintained a database of disaster affected residents drastically improving the timeliness of resident's connection to Recovery Support Services and providing regular, up-to-date information for community members about assistance and support for disaster impacted residents. We also kept our website and social media channels up to date with the most current information about recovery support and events.
- We facilitate regular networks of recovery and ongoing services – Government, NGO and grant funded to provide coordinated support of residents, working to induct new workers into the Recovery space and provide tailored, coordinated mapping of needs in response, information and support.
- We have delivered accredited First Aid training in outer areas of the Hawkesbury where this was identified as a critical need.

- We supported many and varied community events and activities from small community led activities to the Hawkesbury Show with a coordinated presence from Council and other recovery services (particularly mental health supports).
- We also delivered the Resilient Hawkesbury Grant program to communities impacted by the 2019/2020 Summer Bushfires grants of between \$500 and \$5,000 to undertake community-led events and programs for grass-roots activities that contribute to community recovery and resilience, including projects that support community wellbeing.

Largely, the services and programs offered and delivered by the Community team have been contingent on funding from the following agencies: Resilience NSW, Bushfire Local Economic Recovery Funding (BLERF), Nepean Blue Mountains Primary Health Network (NBMPHN), Bushfire Community Recovery Resilience Fund (BCRRF), Environment Protection Authority (EPA), Foundation for Rural and Regional Renewal (FRRR).

COMMUNITY SUPPORT

Led delivery of events that promote healthy relationships and wellness for young people including Youth Week events, International Day Against Homophobia, Bi-Phobia, Interphobia and Transphobia (IDAHOBIT), Hope4U- a walk against suicide prevention, service support for delivery of the National Day of Healing and Naidoc week celebrations.

COMMUNITY SPONSORSHIP

2021/2022 financial year with the budget of \$42,149 allocated to eight applicants.

HELPING OUR HOMELESS

In 2019, the growth of tent encampment sites by the homeless in the area was beyond the scope of existing social housing and homelessness programs to respond to and solve. To resolve the problems, we put together a Project Group to support people sleeping rough in tent encampments in the Hawkesbury to exit homelessness and return these public spaces to the community. In the space of only 3 ½ months, members from the below agencies worked together to help 28 people find the housing placement they needed:

- Council
- Department of Communities and Justice – Housing
- Hawkesbury District Health Service – St John of God
- Hawkesbury's Helping Hands
- Hawkesbury Police Area Command
- Homelessness NSW
- Nepean Blue Mountains Local Health Mental Health team
- Platform Youth Services
- Wentworth Community Housing

Council continues to convene a homelessness working group that works to coordinate interventions and support for persons sleeping rough in the Hawkesbury.

MAKING OUR COMMUNITIES SAFER

We've continued to collaborate and advocate for a safer Hawkesbury. We've partnered with key agencies such as the NSW Police Force and Transport for NSW to deliver projects to increase safety prevention the awareness in our community. In 2021/2022 we delivered:

- Tech Savvy Seniors workshops and training sessions at Council's Library. The partnership between the NSW Government and Telstra enabled this service to be provided in conjunction with Council. Weekly Tech Help services were also available to all community members.
- Road Safety programs including Graduated Licensing Scheme promotion, road rules education to encourage positive driver, pedestrian and passenger behavior awareness, speed awareness campaigns and child restraint fitting and checks. Pedestrian safety in and around school zones was delivered by working with schools in the Hawkesbury.
- The Dementia Friendly Hawkesbury Plan 2020-2022 to improve inclusion for people living with dementia and their carers. Feedback from participants of focus groups for people with dementia and carers, community surveys, local businesses/ services/ organisations, Hawkesbury Dementia Working Group, Dementia Australia and the Hawkesbury Access and Inclusion Advisory Committee assisted to develop the Plan.
- The Hawkesbury specific Youth Report produced by Mission Australia's Youth Survey, Australia's largest annual survey of young people in Australia providing a platform for young people to raise issues that concern them.
- The 2021 Youth Week carried out in a COVID safe way by the provision of funds for local activities arranged by youth services in the Hawkesbury region. These included workshops, movie nights and competitions for 12-18 year olds and provided a vehicle for local youth services to connect with young people and assist them following the significant challenges of bushfire, COVID and flooding events.
- Hawkesbury Family and Domestic Violence Action Plan activities have included membership on the project lead group, driving the development of crisis and short-term accommodation in the Hawkesbury; providing information at community events; participating and supporting interagency meetings and events held in partnership with Hawkesbury Action Network Against Domestic Violence (HANADV) and Zonta. These events include Reclaim the Night and 16 Days of Activism against Gender Violence.

Ongoing work continues with HANADV to ensure the local service system is working collaboratively to support victims and reduce occurrences of family and domestic violence in the Hawkesbury. Consultation remains underway to inform development of a renewed Family and Domestic Violence Action Plan in 2021/2022.

OUR LIBRARY, MUSEUM AND GALLERY

This year has been characterised by significant discontinuity due to COVID-19 and numerous flooding events. Despite these setbacks, audience engagement has remained strong with an increase to historical public program participation from the year prior serving to underline the importance of the library service, Hawkesbury Regional Gallery and Hawkesbury Regional Museum in supporting the community to respond to and interpret the current challenges.

There have been significant access improvements to the Hawkesbury Regional Museum including the installation of a hearing loop. In addition, acoustic treatments were provided with the library spaces in addition to audio visual upgrades. Howe House benefited from rectification works to its balcony and fresh painting.

PROMOTING AND RESPECTING OUR HERITAGE

We delivered a range of actions associated with Aboriginal and Non Aboriginal heritage guided by Council's Heritage Strategy, including:

- The Aboriginal Cultural Heritage Study was finalised and adopted by Council following engagement with local Aboriginal representative groups
- The Hawkesbury Heritage Study was progressed with a compilation of potential listings and research to inform new inventory sheets and updated sheets for existing listings
- The Local Heritage Assistance Fund was successfully completed based on recommendations for improvement of the Program from Council's Heritage Committee. The projects were completed despite the challenges for property owners to complete their projects during periods of flood and COVID-19
- Our Heritage Advisory Service continued to grow in popularity and demand with heritage property owners able to receive free expert advice with respect to their heritage properties
- The Application for State Listing of the Singleton's Mill Site at Kurrajong is being processed by Heritage NSW
- Council now has a full time Heritage Officer who has been able to advance heritage projects during the past year.

PROUDLY SUPPORTING OUR VOLUNTEERS

We've also been proud of the work of our 57 Bushcare volunteers through 11 Bushcare groups. From the removal of invasive weeds to allow natural revegetation to occur, seed collecting, litter removal and supplementary plantings of sites and native plant propagation from the Hawkesbury Community Nursery, these volunteers have clocked 1,025 volunteer hours this year.

Nocturnal Nature Safaris and a Frog Hotel Workshop with Hawkesbury Bushcare and Hooked on Nature highlighting and showcasing the biodiversity and value of the Hawkesbury's essential habitat and native fauna at Charles Kemp Reserve, Redbank Creek and the Hawkesbury Community Nursery.

Corporate Volunteer Days at the Hawkesbury Community Nursery with VMWare, FactSet and DocuSign, as part of the Fire Recovery Grant; more of these corporate days would have occurred, but flood and COVID-19 impeded events.

The Bushcare volunteers were unable to attend their Bushcare sites for the most part of 2021 under COVID-19 restrictions, and ongoing flood issues as a result Council's accredited bush regeneration contractors have been maintaining these sites. Bushcare and Community Nursery Groups restarted after a COVID closed period in November 2021. Bushcare sites that have not been impacted the floods have been undertaking bush regen on their site. Those sites that are along the river have been assessed individually to evaluate if bush regen can continue and locations or parts of those sites where it can occur.

Two bumper issues of the Hawkesbury Bushcare newsletter 'Weed All About It' were produced to keep Bushcare volunteers informed, updated and educated on their environment during the COVID and flood period.

['Weed All About It' Volume 21 Issue 1 - Spring 2021](#)

['Weed All About It' Volume 22 Issue 1 - Summer 2022](#)

Clean Up Australia which was due to be held in March 2022 had to be postponed due to the flood event and a new date was set to hold this event on Sunday, 16 October 2022.

OUR ENVIRONMENT

Our community told us to ‘through leadership, stewardship and education, ensure that our natural and built environment is protected and enhanced for the current community and for future generations’. To achieve this:

“ WE VALUED, PROTECTED AND ENHANCED OUR UNIQUE NATURAL ENVIRONMENT ”

We’ve kept our natural environment and the health of our community protected by conducting our Septic Safe program, designed to identify inefficient septic systems in our community on private property and help keep them working well. This mitigates the risk of dangerous levels of water and food contamination and outbreaks of disease.

PROTECTING AND RESTORING OUR WATERWAYS

We’ve worked hard on actions to protect and restore the health of our waterways and wetlands. The actions stem from the Upper Hawkesbury River Estuary Coastal Zone Management Plan which have been undertaken with respect to:

- Water quality (including the first Waterways Health Card)
- Aquatic and riparian habitat
- Recreation and amenity
- Land use and development
- Foreshore protection
- Cultural heritage
- Current weeding programs, habitat planting works, bush regeneration works and soon to be installed interpretive signage, further support the objectives of this Coastal Zone Management Plan.

We’ve also been working with five other Councils along the Hawkesbury River in partnership to guide the long term, integrated and sustainable management of the Hawkesbury-Nepean River system and its catchments.

We also kept our community’s health and safety front of mind. Even through COVID-19 Pandemic public health order restrictions, in the 2020/2021 period, we conducted 267 food inspections, 15 cooling tower inspections and investigated an additional 298 environmental health complaints.

HAWKESBURY'S WAR ON WASTE

We've continued to arm our community with the knowledge and tools they need to make the right decision about their waste for our environment.

Council completed extensive community engagement throughout February 2022 through its Waste Services Survey. A total of 1,908 residents completed the survey and provided valuable feedback for the development of Council's Waste and Resource Recovery Strategy and Council's new waste collection contracts commencing in mid-2023. Council was a finalist in the Local Government NSW Awards, Excellence In Communication, for the Waste Services Survey campaign.

In 2021/2022 the community recycled 5,185 tonnes of material through their household recycling bins, and 6,090 tonnes through their garden organics bins, which results in greenhouse gas emission, water, energy, and landfill space savings.

We held our annual Chemical CleanOut in December 2021, which allowed residents to dispose of household chemicals which results in a safer family home, and protection of our waterways and natural environment from potential pollution. In total, 274 residents attended the event.

The Hawkesbury Community Recycling Centre in 2021/2022 collected 74 tonnes of household problem waste such as paint, motor oil, batteries and gas bottles. This material is reused, recycled, and makes our family homes safer while helping the environment.

The Return and Earn program in Hawkesbury has resulted in 16 million containers being recycled since January 2021, which has saved the equivalent of 1,626 wheelie bins from landfill, 1 Olympic swimming pools of water, and 274 average household energy use per year.

OUR ENERGY GOT A WHOLE LOT 'GREENER'

Protecting and caring for our environment goes right through our operations. Council negotiated a new energy agreement that commenced in January 2020 to buy 90% of all its power from solar farms in central New South Wales for the next 10 years. This, along with the energy we get from solar panels, amounts to 100% of Council's power needs for all our large sites and street lighting. We also continued to shift to lower power street lighting utilising LED fittings across all our suburbs.

KEEPING PEOPLE HEALTHY AND SAFE DURING COVID-19

Our Environmental Health Team have always run routine food inspections for restaurants, cafes and food trucks to ensure owners are aware of the safety standards they need to meet. Due to the ongoing COVID-19 Pandemic Council continued to conduct abbreviated food hygiene checks as per NSW Food Authority requirements. These inspections were primarily conducted to check on basic food hygiene practices where the officer would make observations of the basics of food hygiene such as hand washing facilities and appropriate use of food grade sanitizer. The Environmental Health Team were there to help answer questions from businesses about abiding by public health orders while still being able to operate in a way that was safe for everyone. The inspection program returned to normal in November 2021 in line with the easing of COVID-19 restrictions.

OUR ASSETS

WE ARE REBUILDING HAWKESBURY'S FUTURE

The 2021/2022 financial year has seen widespread and significant damage and degradation of the Council's road network following successive natural disasters, both this financial year and previous years, and the prevailing wet conditions. This has resulted in direct damage arising from flood and storm events, which will be subject to claims by Council under the Disaster Recovery Funding Arrangements, as well as the indirect damage from failing pavements and underlying foundation material.

Significant and critical damage has been experienced on, but not limited to:

- Greens Road, Lower Portland
- Settlers Road, Lower MacDonal
- Upper Colo Road, Central and Upper Colo
- Grose Vale Road, North Richmond and Grose Vale
- West Portland Road, various suburbs
- Pitt Town Bottoms Road, Pitt Town Bottoms
- Valley Way, Glossodia
- Across the Richmond and Cornwallis Lowlands

Although not in this reporting period, the major flooding of early July 2022 prolonged the impacts and delayed the recovery efforts. At the time of writing this report, it is estimated that the cost of damages to Council's road network, from these two events, exceeds \$190 million.

To address this, Council established a dedicated Infrastructure Recovery Team with the express purpose of delivering the reconstruction effort. It is anticipated that the repairs from these natural disasters will progress through the next two years, subject to any further possible flooding.

Council's routine capital works program, the sealing, resealing and rehabilitation of our roads, was similarly impacted by the inclement weather, delaying or preventing some road works from proceeding to completion. Council has responded by increasing the level of maintenance activity, however acknowledges that in many cases the deterioration has progressed faster than Council has been able to respond to it. This will require an overhauled approach to Council's asset management which is planned for 2022/2023.

Although this reporting period has been heavily dominated by the road network, Council continues to deliver renewed buildings and facilities, parks, playgrounds and outdoor recreation spaces, including the completion of the Wilberforce Shopping Centre landscaping upgrade, Colonial Reserve Open Space Upgrade, planning for a pump track at Colonial Reserve and a new footpath through Ham Common to name a few.

OUR FUTURE

SUPPORTING OUR LOCAL BUSINESSES

To continue to support the needs of our local businesses of the Hawkesbury, Council adopted a Business Recovery Plan in 2021. This Plan was prepared to help businesses recover from the external shocks of the bushfires, floods, and COVID-19 pandemic. Council was successful in receiving a \$200,000 grant from the Bushfire Local Economic Recovery Fund to enable implementation of various initiatives which included Industry engagement in the visitor economy and continuation of the Business Mentoring Program.

The Hawkesbury City Council Wayfinding and Signage Strategy was formally adopted by Council. The Wayfinding and Signage Strategy is the first stage of the Wayfinding and Signage project which aims to improve how visitors and residents are guided through the Hawkesbury LGA.

Council have also delivered many Economic Development activities including:

- An annual program of workshops and business seminars was delivered over 2021/2022. These covered varying topics including business adaptability, increasing on line presence and business planning.
- Manufacturing Workshop in partnership with WSU and AusIndustry
- Industry Engagement sessions on Tourism Ecosystem and 'Creating Awesome Tourism Experiences'.
- Refresh, rebound, reimagine workshop run in partnership with Business Connect and Council
- A local jobs board, online platform was created for local businesses to promote job vacancies and recruit locally
- Hawkesbury WSU Scholarship Program renewed until 2024
- The monthly business e-newsletter is distributed to the business community each month and provides relevant business information and updates.
- Hawkesbury Local Business Awards Sponsorship
- Small Business Month activities and the sponsorship of the Hawkesbury Business Conference
- Involved in the development of the Draft Western Parklands Authority Regional Economic Development Strategy.

REVITALISING OUR TOWN CENTRES THROUGH THE LIVEABILITY PROJECT

Hawkesbury City Council created the Liveability Project to revitalise the town centres of Richmond, South Windsor and Windsor through public domain upgrades, place-making and activation initiatives, stakeholder partnerships and commercial opportunities. The design celebrates the existing heritage and enhances public places with the aim to re-energise the charm of the Hawkesbury region. Construction works in Richmond and South Windsor commenced in June 2022 with Windsor town centre currently pending Heritage NSW approvals.

PLANNING FOR OUR FUTURE

We want the Hawkesbury to be a place that is vibrant, attractive and welcoming, that treasures and celebrates our shared history as well as the environment, local economy and lifestyle. While planning documents may not seem exciting, they help guide and shape the future of development, business and industry and housing improvements in a way that ensures continual improvement for the Hawkesbury. We've been busy drafting new plans and reviewing and improving existing plans to align with community and environmental needs including:

- Council's Local Environmental Plan Review
- New Development Control Plan
- The Draft Environmental Sustainability Strategy
- Climate Change Risk Assessment and Adaptation Action Plan
- Urban Forest Strategy
- Ecological/Biodiversity Strategic Planning Framework
- Waste Education Strategy
- Hawkesbury-Nepean River Coastal Management Plan
- Draft of the Reconciliation Action Plan (RAP), which has been reviewed by our RAP Working Group and re-submitted to Reconciliation Australia
- Hawkesbury Destination Management Plan
- Parks plans of management and masterplans.

INTEGRATED PLANNING AND REPORTING FRAMEWORK

PLANNING FOR A SUSTAINABLE FUTURE THE PROCESS

The Hawkesbury Community Strategic Plan (CSP) was adopted by Council in 2009 and reviewed in 2017. The review of the Community Strategic Plan was supported by a Community Engagement Strategy. This latest review of the Community Strategic Plan provides a unique opportunity to review the overarching vision and strategy for the Hawkesbury to ensure it reflects the community's aspirations, and that the strategies are measurable. In reviewing the CSP, Council and the community considered:

- Where are we now?
- Where do we want to go?
- How will we get there?
- How will we know when we get there?

Legislation requires that each newly-elected Council must review their Community Strategic Plan and develop a new Delivery Program by 30 June in the year following the local government elections. Council adopted a revised CSP in June 2022.

COMMUNITY STRATEGIC PLAN

The Community Strategic Plan is the highest level plan that a Council will prepare. It is a long-term plan that identifies the main priorities and aspirations for the future of the local government area. The Community Strategic Plan establishes the strategic objectives together with strategies for achieving those objectives. The Community Strategic Plan is to:

- Address civic leadership, social, environmental and economic issues in an integrated manner
- Be based on social justice principles of equity, access, participation and rights
- Be adequately informed by relevant information relating to civic leadership, social, environmental and economic issues
- Be developed having due regard to the State government's State Plan and other relevant State and regional plans of the State government.

While Council has a custodian role in initiating, preparing and maintaining the Community Strategic Plan on behalf of the Hawkesbury local government area, it is not wholly responsible for its implementation. Other partners, such as State agencies and community groups may also be engaged in delivering the long term objectives of the plan.

RESOURCING STRATEGY

The Community Strategic Plan provides a vehicle for expressing long-term community aspirations. However, these will not be achieved without sufficient resources (ie., Time, money, assets and people) to actually carry them out.

The Resourcing Strategy consists of three components:

- Long Term Financial Planning
- Workforce Management Planning
- Asset Management Planning.

The Resourcing Strategy is the point where Council assists the community by identifying who is responsible for what, in terms of the issues identified in the Community Strategic Plan. Some issues will clearly be the responsibility of Council, some will be the responsibility of other levels of government and some will rely on input from community groups or individuals. The Resourcing Strategy focuses in detail on matters that are the responsibility of the Council and looks more generally at matters that are the responsibility of others.

DELIVERY PROGRAM

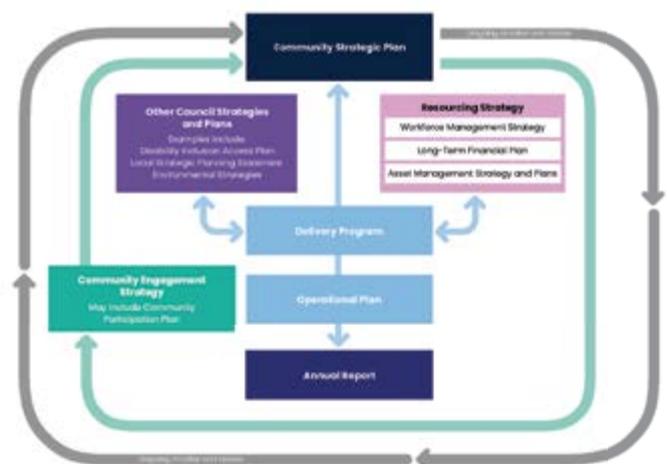

The Delivery Program details the principal activities to be undertaken by Council over a four-year period to implement the strategies established by the Community Strategic Plan within the resources available under the Resourcing Strategy. The Council must establish a new Delivery Program after each ordinary election of Councillors to cover the principal activities of the Council for the four-year period commencing on 1 July following an ordinary election. The General Manager must ensure regular progress reports are provided to the Council, reporting its progress with respect to the principal activities detailed in its Delivery Program. Progress reports must be provided at least every six months.

OPERATIONAL PLAN

The Operational Plan spells out the details of the Delivery Program by identifying the projects, programs and the activities to be engaged in by Council during the year to achieve the commitments made in the Delivery Program. The Operational Plan includes Council's Statement of the Revenue Policy for the year covered by the Operational Plan.

ANNUAL REPORT

The Annual Report is one of the key points of accountability between Council and the community. The Annual Report focuses on Council's implementation of the Delivery Program and Operational Plan. The report also includes some information that is prescribed by the Local Government (General) Regulation 2021. This information has been included in the Regulation because the State Government believes that it is important for community members to know about it, to help their understanding of how Council has been performing both as a business entity and a community leader.

WORK HEALTH AND SAFETY, INJURY MANAGEMENT AND RISK

Council holds a NSW Workers Compensation Self Insurers Licence which has been maintained since August 1983. Council engages an external company to manage workers compensation and return to work on its behalf. In the reporting period Council experienced a 51% reduction in workers compensation costs and a 36% reduction in open claims.

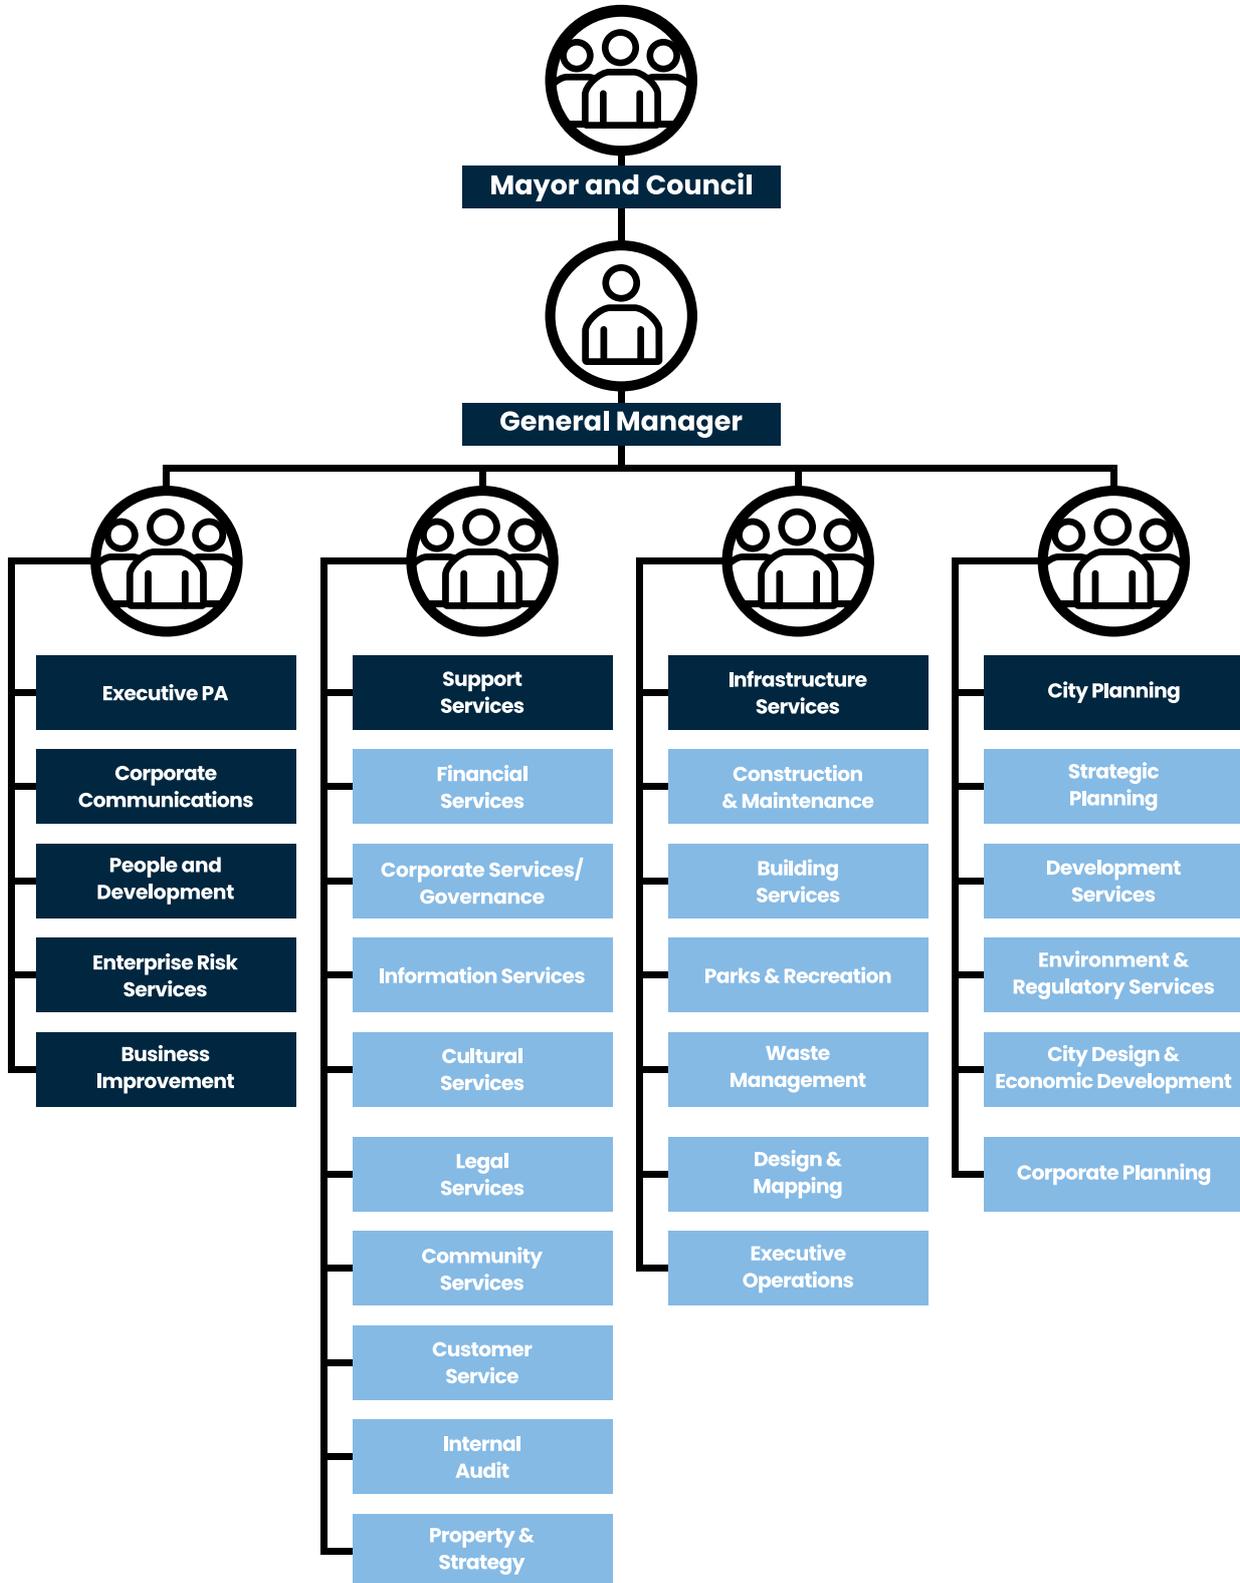

Council has a robust online Work Health and Safety and Injury Management system which is undergoing review to streamline and simplify and to align it with the AS/NZS 45001 - Occupational Health and Safety standard.

Council's Enterprise Risks Register was reviewed with an aim to consolidate risk where possible to reduce the number of risks and there are currently 150 Enterprise Risks. All risks were updated and the risk rating amended if applicable as actions are implemented to reduce the likelihood and/or consequence of a risk occurring and also considering any changes that had occurred in the reporting period. New risks were added to respond to legislative changes and/or changes in the operating context.

In the reporting period the predominant Workplace Health and Safety issue has been the COVID-19 Pandemic and keeping the community and visitors to the Hawkesbury safe. Council opened and closed facilities and amended service delivery models as the Public Health Orders changed. Many staff worked from home to reduce the transmission risk and many staff continue to work from home for a portion of the week as Council implements a flexible workplace policy. Throughout this period Council provided support to businesses on responding to COVID-19.

Another significant WHS issue in the period was the response to the March 2022 floods. Support and advice were provided to staff regarding fatigue management and addressing risk of working in flood impacted areas including increase snake and spider activity and risks associated with water contamination and handling flood waste. The flood also activated Council's Business Continuity Plan and after the floods comprehensive After Action Reviews were conducted at a section level and also at an organisational level. These After Action Reviews will inform changes to the overall Business Continuity Plan and section Business Continuity Plans under development.

ORGANISATIONAL STRUCTURE

Council's Organisational Structure as at 30 June 2022

STATUTORY REPORT – LOCAL GOVERNMENT ACT 1993

The following section provides responses to the requirements of Sections 428, 428A and 508 of the Local Government Act, 1993 and Clause 217 of the Local Government (General) Regulation, 2021.

SECTION 428(1) IMPLEMENTING COUNCIL'S DELIVERY PROGRAM 2017-2021

This Annual Report 2021/2022 is reporting against the 2021/2022 Operational Plan. The Operational Plan is derived from Council's Delivery Program 2017-2021 which details the principal activities to be undertaken by Council over this four-year period to implement the five Focus Areas of the Hawkesbury Community Strategic Plan 2013-2023. The Delivery Program was extended for an additional year due to the deferral of Local Government elections arising due to the COVID-19 Pandemic.

The table showing the progress in achieving the Delivery Program Activities and Operational Plan Actions for the period 1 July 2021 to 30 June 2022 is provided at the end of this document.

SECTION 428(4)(A) FINANCIAL STATEMENTS

Council's Audited Financial Reports for the 2021/2022 year are provided in a separate accompanying document.

SECTION 508 REPORT ON SPECIAL RATES VARIATION (BUILDING YOUR FUTURE PROGRAM)

On 15 March 2018, the Minister for Local Government, pursuant to Section 508(2) of the Local Government Act 1993, granted approval for Council to increase income by way of additional rates to fund operational and capital expenditure, reduce the infrastructure backlog and improve financial sustainability.

As at the end of 2021/2022, the Special Rates Variation has generated an additional \$7.5 million since the Special Rates Variation began in 2019/2020. Also contributing to an enhanced infrastructure renewal program is the Infrastructure Borrowings Program, which projected a further additional \$7 million of works to be delivered in 2021/2022.

Under the Building Your Future program, these funding programs enabled the following projects and programs to be delivered. It is to be noted that delivery of projects was impacted by the floods in March 2021 and March/April 2022. Works identified to be funded under this program have been carried forward to future years, subject to prioritisation on flood recovery works.

CLAUSE 217(1)(A4) WORK ON PRIVATE LAND

Dangerous tree removal on private land as a result of the bushfires of 2019/2020 was undertaken totaling \$676,396 funded from the NSW Government.

Clean up assistance due to the 2020 flood was also undertaken at eight properties in Central Colo, Upper Colo, Wheeny Creek and Pitt Town Bottoms at a cost of approximately \$20,000 (final exact cost is unable to be provided as clean up at one property is has not been completed).

CLAUSE 217(1)(A5) CONTRIBUTIONS/DONATIONS

The total amount contributed during the financial year was made up of the following amounts:

- \$26,870 to 8 recipients in accordance with the provisions of Council's Community Sponsorship Program
- \$20,000 to 6 participates as part of the Hawkesbury Scholarship Program awarded to students of Western Sydney University
- \$22,399 to the Womens' Cottage to cover annual rent on a Council Investment Property
- \$36,000 to 8 recipients in accordance with the provisions of Council's Event Sponsorship Program.

CLAUSE 217(1)(A6) EXTERNAL BODIES EXERCISING COUNCIL DELEGATED FUNCTIONS

Council encourages the active participation of residents in the management and operation of community facilities. Council also supports the involvement of residents to plan and deliver programs, services and projects that support a connected, healthy and inclusive Hawkesbury.

To facilitate community participation, Council delegates certain responsibilities to community management committees. These committees are actively involved in the day-to-day management of long day care centres, pre-schools, community halls, neighbourhood centres and sporting and recreation facilities. Council also delegates other functions to committees to ensure that residents can play an active and valuable role in the management of Council services and resources.

The delegation of responsibility for the care, control and management of Council facilities and functions occurs through Section 377 of the Local Government Act 1993.

PEPPERCORN SERVICES

Council continued to work in partnership with Peppercorn Services Inc. (PSI) to operate a range of community services.

During the 2021/2022 Financial Year the following services were provided to residents of the Hawkesbury by PSI.

Peppercorn Family Services:

Hawkesbury Family Support – at home and centre based family support services including playgroups, parenting programs, and family fun days.

Peppercorn Children's Services:

Forgotten Valley Pre-Schools – operated pre-school services from two venues in Wisemans Ferry and South Maroota to meet the developmental needs of children 0-6 years.

Peppercorn Transport:

Community Transport – delivered a range of coordinated transport services for transport disadvantaged people living in the Hawkesbury including isolated residents.

Peppercorn Aged Services :

Come Dine with Me – a meals program which provides a healthy lunch, social interaction and activities for socially and/or geographically isolated people living in the Hawkesbury.

Home and Garden Maintenance – delivered subsidised lawn mowing and garden maintenance service services to frail aged people, people with disabilities and their carers in the Hawkesbury and Penrith Local Government Areas. The service aims to support older people and younger people with a disability to maintain their independence and enable them to remain living in their own homes.

Hawkesbury Leisure and Learning Centre – a range of creative and flexible leisure and learning programs for residents continued to be delivered from this venue.

Peppercorn Property:

Managed the day-to-day building operations of McGrath's Hill Bus Depot, South Windsor Family Centre and Hawkesbury Leisure and Learning Centre.

CARERS RECOGNITION ACT 2012

Council has been assessed as a human service agency under the Common Care Standards Review process by Department of Health and Ageing. All service provision, assessment and referral processes were deemed to be compliant against all relevant Acts, including the Carers Recognition Act 2010.

DISABILITY INCLUSION ACT 2014

The Hawkesbury Disability Inclusion Action Plan was developed following broad consultation with people with disabilities, details of which have been provided to the Disability Council NSW. Actions and strategies within the Hawkesbury Disability Action Plan support the goals of the Disability Inclusion Act 2014. Council's Access and Inclusion Advisory Committee comprised of seven community representatives including people with disabilities and the Committee oversaw and monitored the implementation of the Plan at bi-monthly meetings.

Hawkesbury City Council is committed to ensuring local services, facilities and programs delivered by council are inclusive and accessible to all in the community. Council is working on undertaking consultation with the community to develop a new Disability Inclusion Action Plan developed in line with the NSW Disability Inclusion Action Planning Guidelines for Local Government.

PLAYING FIELDS AND PARKS

Care, control and management of active playing fields has been delegated to the Hawkesbury Sports Council Inc.

Other Parks and Cemeteries have been delegated to the following Committees:

Committees	Facilities/Location
Bowen Mountain Park Management Committee	Bowen Mountain Park
McMahon Park Management Committee	McMahon Park
St Albans Sport and Recreation Association	St Albans
St Albans Cemetery Committee	St Albans Cemetery
Lower Portland Cemetery Committee	Lower Portland Cemetery

HAWKESBURY RIVER COUNTY COUNCIL

The Hawkesbury River County Council (HRCC) was established by proclamation and falls under the Local Government Act 1993. Under the Biosecurity Act 2015, HRCC as the Local Control Authority for The Hills Shire, Blacktown, Penrith and Hawkesbury City Councils, has a legal responsibility to manage the biosecurity risk posed or likely to be posed by the impacts of priority weeds (formerly known as noxious weeds) on human health, the economy, community and environment. This single purpose authority has responsibility for a combined area of 3,823km² and is able to work across Council boundaries.

Funds are provided by levies upon the four constituent councils with the State Government providing some grant funding.

HRCC's strategic objectives are realised through strategic planning and their Local Priority Weeds Plan which guides the implementation of the Biosecurity Act 2015.

Information about this can be found at hrcc.nsw.gov.au/weed-information/weed-inspection-process

OASIS AQUATIC AND LEISURE CENTRE AND HAWKESBURY INDOOR STADIUM

The Oasis Aquatic and Leisure Centre and the Hawkesbury Indoor Stadium are owned by Council. The Oasis Aquatic and Leisure Centre is operated and managed on behalf of Council by YMCA NSW. The Indoor Stadium is managed by the PCYC, NSW under a lease arrangement.

CLAUSES 217(1)(A7) AND (A8) INTERESTS AND PARTICIPATION IN CORPORATIONS, PARTNERSHIPS, COOPERATIVES, JOINT VENTURES, SYNDICATES, OR OTHER BODIES

CIVICRISK MUTUAL

Hawkesbury City Council is a member of an independent insurance and risk management discretionary mutual, now known as CivicRisk Mutual Ltd.

CivicRisk Mutual Ltd is not an insurance company nor agency. It is a self-managed, self-funded mutual owned and operated entirely by members. The mutual provides a mechanism for the sourcing of insurance for member councils.

The cost of risk management through insurance is distributed to member councils in the form of an annual contribution.

Through CivicRisk Mutual Ltd, Council holds insurances in areas including public liability, professional indemnity, property, motor vehicle, Information Technology and councilor's and managers liability cover.

In addition, CivicRisk Mutual Ltd has assisted Council by supporting excellence in claims management, cost effectiveness in operations and value for money risk management solutions.

The benefits of Council being a member of CivicRisk Mutual Ltd include:

- Collective bargaining for the best Insurance rates.
- Access to funding for Council initiated projects to manage and mitigate risks.
- Dedicated claims management assistance.

HAWKESBURY COMPANION ANIMAL SHELTER

Council provides an animal shelter establishment for the caring of impounded and unwanted dogs. Hawkesbury's Companion Animal Shelter provides this service for the residents of the Hawkesbury, Penrith, Hills Shire, Hornsby and Cumberland Council areas.

This service is performed under an agreement between Hawkesbury Council and the participating councils, and provides for the housing and administration of impounded cats and dogs. The five councils work closely together and with animal welfare agencies, to ensure as many animals as possible are reunited with their owners or found foster or permanent homes, where the owners can't be found.

The companion animal controllers from Cumberland, Penrith, Hornsby and the Hills Shire Councils use the administration facilities at Council's animal shelter to complete documentation needed in the administration of the impounding processes and exchange ideas and methods of controlling companion animals in their respective council areas.

HAWKESBURY SISTER CITY ASSOCIATION INTERNATIONAL SISTER CITIES

Council and the Hawkesbury community have two international sister cities, Temple City, California USA (established 1984) and Kyo Tamba, Kyoto Japan (established 1988, nee Tamba).

The Sister City Program is managed by Council in conjunction with the Hawkesbury Sister City Association Inc. (Association), which was established in 1984.

The Association manages community and cultural activities of the program, which mainly involves the student exchange program to and from the sister cities. Council manages other activities of the program, including Mayoral communications, civic events and exchanges. The Sister City Program operates as a low cost Community – Council partnership. Due to the COVID-19 Pandemic these activities were not run in 2021/2022.

Council recognises the strength of our sister cities relationships that have been cemented over the years, primary through the student exchange programs. The exchange program has created many lasting friendships for our citizens, members of the Association and Council.

CITY – COUNTRY ALLIANCES WITH CABONNE AND WEDDIN COUNCILS

Council has two City–Country Alliances, with Cabonne Shire Council and Weddin Shire Council to promote a greater awareness and understanding of different areas and lifestyles between rural and city locations.

The City–Country Alliance Program is managed by Council with exchanges including Councillor exchanges, Council corporate exchanges and community exchanges.

LOWER PORTLAND FERRY SERVICE

The Lower Portland Ferry service provides a link across the Hawkesbury River at Lower Portland to service both the local and wider community.

Whilst the contract and operational costs are shared equally between Hawkesbury City Council and The Hills Shire Council, the management of the service and day- to-day operation is the responsibility of Hawkesbury City Council.

A major overhaul of the ferry is required to be undertaken every three years, as a requirement of running a public passenger service.

The Tono Group Pty Ltd were awarded a three-year contract to operate the Lower Portland Ferry service. The contract amount for the three year term is \$1,295,790 plus annual CPI increases. The total cost of operation will be shared on a 50:50 basis between The Hills Shire Council and Hawkesbury City Council. The next out of water survey (major overhaul) had been scheduled for March 2022, however on advice received by Council, was able to be deferred.

The ferry currently operates between 6:00 am – 10:00 pm, seven days per week.

EQUAL OPPORTUNITIES

CLAUSE 217((1)(A9))

EQUAL EMPLOYMENT OPPORTUNITY MANAGEMENT PLAN

In line with Council's policy, the following activities were carried out during 2021/2022 to maintain and support the existing Equal Employment Opportunity (EEO) Management Plan:

- Ongoing monitoring of position descriptions and advertisements to ensure that only essential criteria showing inherent requirements of the position including, specific qualifications/ licences, special skills or experience, including where applicable reference to broader industry skills and experience.
- EEO responsibilities are included in all job descriptions
- Introduction of flexible work procedures in order to attract and retain employees with carers' responsibilities by offering flexible work options across the organisation where possible.
- Introduced new staff Values through staff briefing sessions to ensure the alignment of strong values and behaviours across Council.

EQUAL EMPLOYMENT OPPORTUNITY POLICY STATEMENT

In line with Council's policy, the following activities were carried out during 2021/2022 to maintain and support the existing Equal Employment Opportunity (EEO) Management Plan:

- Ongoing monitoring of position descriptions and advertisements to ensure that only essential criteria showing inherent requirements of the position including, specific qualifications/ licences, special skills or experience, including where applicable reference to broader industry skills and experience.
- EEO responsibilities are included in all job descriptions
- Introduction of flexible work procedures in order to attract and retain employees with carers' responsibilities by offering flexible work options across the organisation where possible.

CLAUSE 217(1)(B) AND (C) GENERAL MANAGER AND SENIOR STAFF REMUNERATION

There were four senior staff positions employed under contract by Council between 1 July 2021 and 30 June 2022. These positions were General Manager, Director Infrastructure Services, Director City Planning and Director Support Services. All senior staff follow the standard contract formats issued by the Office of Local Government and are subject to performance agreements.

Between 1 July 2021 and 30 June 2022, the General Manager's Total Remuneration Package (TRP) was \$330,000 and the TRP's of the three Directors referred to above, totaled \$777,571.

The above TRPs include the following:

- Salary component of the package
- Defined employers' contribution to any superannuation scheme
- The total value of non-cash benefits elected under the package (i.e., Council supplied vehicle)
- FBT payable by Council for any non-cash benefits.

CLAUSE 217(1)(E) ANNUAL CHARGE FOR STORMWATER MANAGEMENT SERVICES

In 2021/2022 Council levied an annual charge for stormwater management services. The charges levied are shown in the table on the following page.

Category	Annual Charge
Residential	\$25.00
Residential Strata	\$12.50
Business	\$25.00 per 350m ² , or part thereof, up to a maximum of \$1,500
Business Strata	Pro-rata of the above, based on land valuation apportionment

CLAUSE 217(1)(F) ACTIVITIES RELATING TO COMPLIANCE WITH THE COMPANION ANIMALS ACT AND REGULATIONS

During 2021/2022, Council completed and lodged all Companion Animal Shelter data collection returns with the Office of Local Government as required by legislation, including data relating to dog attacks.

Council provides three dog off leash areas located at:

- Pool Park, South Windsor
- Yarramundi Reserve, Yarramundi
- Peel Park, North Richmond.

ACCESS TO GOVERNMENT HELD INFORMATION

The public may request access to Council's records under the Government Information (Public Access) Act 2009 (GIPA Act). Dependent upon the type of request, some mandatory fees and processing charges are payable (in accordance with the GIPA Act and Council's Fees and Charges).

Requests under the GIPA Act may be made by way of formal or informal access to information requests. Formal access to information requests must be accompanied by a \$30 application fee. Both formal and informal requests are required in writing using Council forms (available on Council's website), or by directing a written request to:

The Right to Information Officer
Hawkesbury City Council
PO Box 146
WINDSOR NSW 2756

Further information is available on Council's website. Alternatively, enquiries may be directed to Council's Governance Section on (02) 4560 4444 during office hours Monday to Friday 8:30am to 5pm.

FORMAT OF COUNCIL INFORMATION

Council takes great care to maintain and manage records in hard copy and electronic formats. Council's computerised records management system ensures that all records are well managed and retained over specified periods of time in accordance with the Local Government Act 1993 and State Records Act 1998.

All of Council's business documentation is entered into this system and distributed to the appropriate area for action, allowing Council to respond to correspondence and requests. In addition, paper documentation, mostly in relation to building and development applications, is kept on site and at the NSW Government Records Repository at Kingswood.

In recent years Council has also taken steps to increase the amount of archived records which are available in electronic format, such as information contained in microfilm and information from the previous Windsor Municipal and Colo Shire Councils, in order to improve the ability of staff to locate and search these records.

POLICY FOR ACCESS TO INFORMATION

Council recognises and promotes the public's right to access a broad range of Council information and documents. Council encourages open and transparent governance and well-informed community debate.

The GIPA Act has been in force since 2010. Pursuant to this legislation, Council:

- Has an adopted Access to Information Policy. The objective of the policy is to describe Council's principles regarding public access to information and to facilitate the processing of requests for such access.
- Prepared an Information Guide, which is reviewed annually. This identifies information held by Council and how to obtain that information.
- Revised its Privacy Management Plan in 2013, in accordance with the Privacy and Personal Information Protection Act 1998 to protect the public from disclosure of personal information.

OPEN ACCESS AND PROACTIVE RELEASE

The following Council documents are proactively released in accordance with Sections 6 and 7 of the GIPA Act and Council's Information Guide. These documents are available for inspection at Council offices and/or on Council's website at no charge:

- Agendas and business papers for Council and Committee meetings (but not including business papers for matters considered when part of a meeting is closed to the public)
- Annual financial reports
- Annual Report
- Annual reports of bodies exercising functions delegated by Council.
- Any Codes referred to in the Local Government Act, 1993

PROCESSING APPLICATIONS FOR ACCESS TO INFORMATION

Access to documents other than those listed as proactively released or open access information is provided in accordance with Section 8 of the GIPA Act. No fees are payable for viewing of documents under an informal access request, however archive retrieval fees and other processing charges for photocopies or electronic copies of documents are applied.

Requests to view other documents will be considered in line with the following:

- If granting public access is prohibited under relevant legislation
- The General Manager or Public Officer (or other delegated staff member) believe granting access to a particular document is contrary to the public interest
- Taking the result of any consultation process into account.

When requesting access to personal or commercially sensitive information, a formal access application is usually required and will attract an application fee, as well as processing charges of \$30 per hour.

There are exceptions where a 50% discount of processing charges may be applied (excluding the \$30 application fee), which are outlined in Section 65 and 66 of the GIPA Act, and GIPA Guideline 2. In cases where the applicant is requesting access to their own personal information only, no processing charges will be applied for the first 20 hours of processing.

If access to a document or any information is restricted, the customer will be given written justification for the restriction and the details for options of review.

Council's Access to Information Policy aims to meet the objective of open and transparent governance and encourages community input on matters before the Council. Customers are able to request access to a range of Council information in various formats, as required by the GIPA Act.

Privacy of members of the public is recognised through withholding access to personal information where the release of information would compromise individual safety, constitutes an unreasonable disclosure of personal information or is contrary to the public interest.

Council has developed a Privacy Management Plan and Codes of Practice in accordance with the Privacy and Personal Information Protection Act 1998 to protect the public from disclosure of personal information.

GOVERNMENT INFORMATION (PUBLIC ACCESS) ACT (GIPA)

Annual Statistical Reports

Section 125 of the GIPA Act requires councils to prepare an annual report on their obligations under the Act. That report is to contain information prescribed by Clause 7 of the GIPA Regulations. This information is set out below.

7(a) Details of any review carried out by the agency under section 7(3) of the Act during the reporting year and the details of any information made publicly available by the agency as a result of the review

Reviews carried out	Information made publicly available

2012-2013	733

There were no enquiries or appeals involving the Ombudsman.

There were no (internal) privacy reviews under Part 5 of the Privacy and Personal Information Protection Act 1998.

The number of informal access requests decreased from 636 in 2020/2021 to 557 in 2021/2022.

The number of formal access requests reduced slightly from 71 in 2020/2021 to 66, following a steady increase in prior years. There were however a number of requests which required extensive research and records searches.

The continued high number of formal requests (and the scope and complexity of some of them) and staff availability in the second half of the reporting period, resulted in a higher than usual number of formal access requests not being processed within the statutory timeframe. This also impacted Council's Customer Service Standard target of 10 working days for basic informal requests.

In addition, Council was unable to conduct a review of its proactive release program as required by Section 7(3) of the GIPA Act.

PLANNING AGREEMENT

No Voluntary Planning Agreements were entered into during the 2021/2022 period.

SWIMMING POOL INSPECTIONS

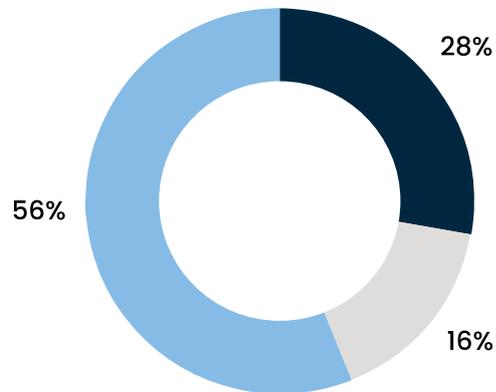

Council issued 121 Pool Compliance Certificates between 1 July 2021 and 30 June 2022. A total of 68 inspections resulted in the issuance of non-compliance. A total of 174 inspections were undertaken by Council (including private swimming pools).

PUBLIC INTEREST DISCLOSURES ACT 1994 AND REGULATION

Council at its meeting on 12 April 2016 adopted a revised Internal Reporting Policy (Public Interest Disclosures Act 1994). During the 2021/2022 period, no public interest disclosures were received.
