## Executive Summary

### Financial Position

The Quarterly Budget Review Statement – March 2022 (QBRs) recommends budget adjustments that result in an overall balanced adjustment for the quarter.

Details of all variations processed in this QBRs have been included at the end of this document. Commentary on Council's financial performance for the period ending 31 March 2022, and details on the more significant issues in this QBRs are provided below.

### Operating Revenue

As at the end of the third quarter, Council's operating revenue from general rates and annual charges, user charges and fees, other income streams and operating grants, net of any applicable subsidies, is \$89.3M, and after the recommended variations, is tracking to meet the projected FY Budget of \$96.2M. As at the end of March 2022, interest and investment earnings are \$0.4M, tracking to meet the projected FY Budget of \$0.6M.

### Operating Expenditure

Council incurs operating expenditure in delivering operational programs as outlined in the adopted 2021/2022 Operational Plan. Council's operating budgets are expended in maintaining the infrastructure in the Hawkesbury such as parks, recreational facilities, roads, bridges, community buildings and community facilities. These funds are also required to deliver essential services to the community, including waste, sewerage, storm water services, community services and cultural services. Other services provided include city planning and support services. Apart from direct service delivery, Council also supports other bodies, including emergency services and recreational services by way of contributions. Main expenditure items include employee costs, materials, contractors, consultants, legal expenses, contributions, and utilities.

As at the end of March 2022, operating expenditure, excluding depreciation, amounts to \$49.5M, or 64% of the projected FY budget of \$77.4M. Based on these figures, overall, operating expenditure is tracking well against budget.

Operating income and expenditure reports are prepared and analysed monthly to ensure that problem areas are identified and acted upon in a timely manner.

### Capital Expenditure

For the 2021/2022 financial year, Council has a FY Budget for capital works of \$55.3M, including March QBRs variations of \$23.7M. As at the end of the third quarter, actual capital expenditure amounted to \$26.3M. Several projects are in the planning or procurement phase as at the reporting period, with a further \$23.0M committed.

Capital expenditure (excluding dedicated assets) in the third quarter of the financial year includes expenditure on new infrastructure assets, with \$0.3M spent on land, buildings, and land improvements, \$5.4M on roads, bridges, footpaths, and drainage and \$0.3M on sewer infrastructure and \$23K on park assets and other structures.

Infrastructure renewal expenditure amounted to \$3.4M spent on land, buildings, and land improvements, \$11.3M spent on roads, bridges, footpaths, and drainage, \$0.4M on sewer infrastructure and \$1.7M on park assets and other structures.

Capital expenditure as at the end of the third quarter also included \$2.8M in respect of plant and equipment, and \$0.6M on other assets including library resources and IT equipment.

## Cash and Investments

Council's reserve balances as at the end of the third quarter amount to \$50.1M. This balance was made up of \$27.5M in externally restricted reserves and \$22.6M in internally restricted reserves.

Council's investments portfolio as at the end of March 2022 is \$71.9M and returned an annualised average of 0.46% over the period 1 July 2021 to 31 March 2022.

Analysis of the more significant adjustments included in the QBRS can be found within this document.

## Quarterly Budget Review Statement

### Financial Position

The Quarterly Budget Review Statement - March 2022 recommends budget adjustments that result in an overall balanced result for the quarter. Variations proposed are necessary to ensure appropriate budget allocations are available to deliver Council's Adopted Operational Plan.

In the opinion of the Responsible Accounting Officer, based on Council's accounting records, Council is in a satisfactory short term financial position. However, other factors that are outside Council's control, could have an impact on Council's financial position as at the end of the 2021/2022.

The Quarterly Budget Review Statement is the mechanism stipulated by the Local Government Regulations 2021 for councils to revise the adopted Operational Plan for the year to reflect the actual financial performance as at the end of each Quarter and projected to the end of the financial year. This review ensures Council's Budget remains current and relevant throughout the financial year and provides early indication of progress in achieving financial targets.

In revising estimates, a conservative approach has been taken. Unfavourable trends relating to income outside Council's control are proposed to be adjusted to reflect the anticipated performance up to the 30 June 2022. Unfavourable trends relating to expenditure outside Council's control are also proposed to be adjusted for the same period.

Adjustments include variations that are minor or not operationally significant in nature and adjustments to the phasing of budgets. These latter adjustments have no impact on Council's overall Budget position or Operating Performance Ratio.

The more significant items of the March 2022 Quarterly Budget Review Statement include:

#### 1. Favourable Adjustments:

- *Review of Capital Works Program (\$1.1M)* – As a result of recent natural disasters and the COVID-19 Pandemic, significant delays have been encountered in the delivery of Council's Capital Works Program. A review has been undertaken as to what can realistically be delivered during the rest of 2021/2022 and some works have already been moved across to the 2022/2023 Draft Operational Plan, currently on exhibition. Some works have also been deferred to enable prioritisation of works arising from damage occurring from floods and heavy rain.
- *Loan Borrowing Costs (\$195K)* – The 2021/2022 Adopted Operational Plan includes provision for the repayment of borrowing costs and capital based on a \$10M external loan to undertake infrastructure works. Council will draw down this loan before the end of the financial year to take advantage of the current low loan rates. The timing of the draw down of the loan has changed from the Original Budget, reducing the borrowing costs to be incurred in this financial year.

- *Fixed Component of Retirement Scheme Superannuation Contribution (\$77K)* – In line from advice from Active Super, Council's contribution towards the recovery of the Retirement Scheme deficit has been recalculated, resulting in a reduction.

## 2. Unfavourable Adjustments:

- *Car-parking Infringement Income (\$290K)* – There are several factors that have contributed to a lower than budgeted income for 2021/2022, including staff vacancies, payment arrangements provided by NSW Revenue, waiving of infringements due to hardship by NSW Government, and delays in actual payment to NSW Revenue. Council only receives the income once it has been remitted to NSW Revenue and not at the time of fining.
- *Sewer Dividend to General Fund (\$218K)* – A dividend to be paid from Sewer Fund to General Fund is permitted to be paid, providing an operating surplus for Sewer has been generated for three consecutive years. It was projected that this dividend would be able to be paid as part of the Original Budget for 2021/2022. Rising Main C, a sewer infrastructure asset experienced a significant failure in the latter part of 2021, requiring significant operating expenditure. This additional expenditure will result in an operating loss for Sewer and subsequently, the dividend is no longer able to be paid.
- *Hawkesbury Oasis Aquatic and Fitness Centre Subsidy (\$200K)* – As a result of the closure of the facility arising from NSW Public Health restrictions for the COVID-19 Pandemic and the March 2022 Flood, projected income to be earned from the facility is projected to be lower than budgeted, requiring an increased subsidy by Council.
- *Building Control Income (\$133K)* – As a result of measures taken to ensure public safety during the COVID-19 Pandemic, staff vacancies, lower development activity over the last two years, and access issues arising from the March 2022 Flood, income arising from building control activities is projected to be less.
- *Building Compliance Income (\$98K)* – As a result of measures taken to ensure public safety during the COVID-19 Pandemic, staff vacancies, and diversion of resources towards riverbank matters, fewer fines have been issued, reducing total income projected.
- *Septic Tank Inspection Income (\$92K)* – As at the end of March 2022 income from septic tank inspections was less than anticipated due to less inspections being undertaken, due to continued wet weather. Inspections cannot be undertaken when the ground is too sodden, as system failures cannot be ruled out.
- *Animal Control Infringement Income (\$91K)* – Infringements issued relating to Companion Animals is less than projected predominantly arising to a reduction in the number of animals escaping properties because of owners being at home during the COVID-19 Pandemic.
- *Investment Income (\$90K)* – The Original Budget was developed based on assumed cash levels and assumed investment rates, based on available information at the time. The cash levels are lower than projected as a result of utilizing Council's own cash in lieu of external borrowings. Interest rates have been lower than projected, resulting in lower income earned. It is to be noted that the income lost has been covered by the savings in loan borrowings.
- *Companion Animal Impounding Income (\$67K)* – As a result of people working from home, fewer animals have required to be impounded at the Hawkesbury Companion Animal Shelter, resulting in a reduction in income from both impounding and animal sales.

- *Development Services Resourcing (\$57K)* – Additional resourcing was required to support development assessment processes, requiring an additional \$57K.

### 3. Adjustments with Nil Impact on Council's Overall Budget position

- *Thank You Event* – Council will be holding a Thank You Event for the community's volunteers and Emergency Services personnel for their contributions during recent natural disasters. It is projected that this event will cost \$75K and is being funded from savings arising from the cancellation / reduction in other events due to the COVID-19 Pandemic and flooding.
- *Rehabilitation of Old East Kurrajong Road* – As a result of further deterioration arising from weather conditions, it has been determined that an additional \$80K is required to rehabilitate a section of Old East Kurrajong Road. This will be funded by the deferral of funds allocated to the rehabilitation of Bensons Lane, which is now likely to be covered by Disaster Recovery Funding Arrangements.

### 4. Grants – Additional Works and Programs - \$462K

Several adjustments relating to grant funding successfully secured by Council, are included in this Statement. These adjustments have a nil effect on the Budget position, as amounts included for income have a corresponding amount for expenditure. The securing of grant funding assists Council to undertake works otherwise not funded through Council's available funds.

There are several major adjustments relating to grant funding, as outlined below:

- *Redbank Creek Flood Study (\$74K)* – Council was successful in its application for funding under the Floodplain Management Program to undertake a floodplain risk management plan and study at Redbank Creek.
- *Contribution to Tamplin Field Amenities (\$100K)* – The Hawkesbury Sports Council will contribute \$100K towards the works currently being undertaken for Tamplin Field Amenities.
- *Shade Shelters at Playgrounds (\$78K)* – As part of the Black Summer Bushfire Recovery Program, Council will install shade shelters over playgrounds at St Albans, Bilpin and Colo Heights.
- *Community Recovery Officer – Flood (\$210K)* – Council has been provided with funding under the NSW 2021 Storm and Flood Recovery Package by Resilience NSW to undertake a community recovery program. An amount of \$30K is projected to be spent in 2021/2022, with the remainder in 2022/2023.

Council also received a \$1M as part of the Local Government Recovery Grants Program, in relation to the March 2022 Flood. A recovery program is currently being developed to build community resilience and assist with recovery efforts. Once the program has been developed the necessary budgetary adjustments will be incorporated into a future Quarterly Review.

Adjustments have also been made due to reviewing delivery timeframes relating to grant funded expenditure. Many grants can only be claimed once expenditure has been incurred and recovered once milestones have been reached. The following grants have been adjusted, as are now likely in 2022/2023:

- Liveability Program (Town Centre Revitalisation) \$3.5M
- Hawkesbury Community Hubs \$299K

Adjustments to reinstate these grants will be made in Quarterly Reviews during 2022/2023, being a timing difference.

## 5. Reserve Funded Adjustments

The following major adjustments are within internally or externally restricted funds, and consequently have nil impact on Council's overall position:

- *Section 64 Drainage Reserve* – A net reduction of \$299K is required, as developer contributions for Pitt Town are no longer expected this financial year.
- *Section 7.11 Contributions Reserve* – A net \$6.5M reduction is required, with the main adjustments including:
  - Removal of projected developer contributions for Vineyard of \$6.7M; and
  - Reviewed timing of the delivery of Fernadell Park of \$133K.
- *Section 7.12 Contributions Reserve* – A net \$214K increase is required, with the main adjustments including:
  - Reduced projected income based of \$193K;
  - Reviewed timing of the delivery of North Richmond Community Precinct works of \$100K; and
  - Reviewed timing of the delivery of Deerubbin Park of \$305K.
- *Vineyard Infrastructure Loan Reserve* – A net increase of \$7.6M is required, due to reviewed timing of the delivery of infrastructure works.
- *Infrastructure Borrowings Reserve* – A net increase of \$4.8M is required, with a \$143K reduction in borrowing costs and due to the review of the Capital Works Program, including the following projects:
  - Suspended Slab works at Wilberforce Depot
  - Douglas Road, North Richmond – sealing gravel road
  - Greens Road, North Richmond – sealing gravel road
  - Packer Road, Blaxlands Ridge – sealing gravel road
  - Colbee Park
  - Colonial Reserve.
- *Multi-year Reserve* – A net increase of \$967K is required, due to the review of the Capital Works Program, including the following projects:
  - Suspended Slab works at Wilberforce Depot
  - Bligh Park Reserve Drainage Works
  - Upper Colo Road, Upper Colo Drainage Works
  - Tizzana Road, Ebenezer Drainage Works
  - Parks Plans of Management
  - Ham Common Carpark
  - Caretaker Facilities for Upper Colo Reserve.
- *Stormwater Management Charge Reserve* – A net increase of \$570K is required, due to reviewed timing of the delivery of Ian Street, Glossodia drainage works.
- *Information Technology Reserve* – A net decrease of \$176K is required, mostly resulting from the conversion of Council's Technology One platform to Software as a Service facility.
- *Waste Management Reserve* – A net increase of \$736K to this Reserve is required, with the main adjustments including:

- Reduction in operating costs of \$296K
  - Deferral of the Long-Term Waste Strategy to 2022/2023 of \$100K
  - Reviewed timing of delivery of the construction of Cell 6 of \$374K.
- Sewer Reserve – A net reduction of \$1.9M to this Reserve is required, with the main adjustments including:
- Removal of the dividend payment to General Fund of \$218K;
  - Reduction of sewer pipe relining program in line with schedule of \$207K;
  - Re-instatement of the budget for the solar farm installation of \$315K;
  - Reviewed timing of delivery of Nutrient Offset Works of \$3.3M
  - Reduction of cost to refurbish Rising Main D in line with tender of \$1.4M; and
  - Cost of clean up and restoration associated with Rising Main C of \$4.1M.

### Impact of Floods

As resolved at the Ordinary Meeting on 27 April 2021, Council noted the ongoing work being undertaken to restore public assets and infrastructure; and to receive updates regarding the financial impact outside the adopted Budget as part of Quarterly Budget Review Statements. This has now been impacted by the recent floods in March and April 2022.

During this financial year, Council has incurred a total of \$6.1M of expenditure associated with flood recovery activities, of which \$0.4M has been covered insurance received during 2020/2021, \$2.1M from NSW and Federal Government funding, and \$0.4M has been funded by the Sewer Reserve, while awaiting confirmation from Council's insurers. Claims to recover costs incurred since the flood have been lodged with a range of State Agencies, some of which have been approved and some requiring review to encompass damage incurred during the floods in March and April 2022.

## **7. Performance against Financial Sustainability Benchmarks**

Table 1 provides an update of Council's performance against the Financial Sustainability Benchmarks.

**Table 1**

Financial Sustainability Ratio	Benchmark	Original Budget 2021/2022	Amended Budget 2021/2022 After Dec QBRs	Amended Budget 2021/2022 After Mar QBRs
Operating Performance	>= 0	-0.06	0.012	-0.039
Own Source Revenue	> 60%	80.0%	68.1%	75.4%
Asset Renewal	> 100%	84.1%	181.2%	139.35%
Infrastructure Backlog	< 2%	1.7%	0.6%	1.37%
Asset Maintenance	> 100%	108.5%	95.9%	94.75%
Debt Service	0%-20%	4.1%	2.79%	2.73%

As shown above, there has been an deterioration in the Operating Performance Ratio, which no longer meets the benchmark and a deterioration of the Asset Maintenance Ratio, the reasons for this are outlined below:

- a) The Operation Performance Ratio was projected to be -0.06 when developing the Original Budget. The ratio has improved because of new grants and the continuation of grants approved during 2020/2021. It is to be noted that the level of grant income recognised at the end of the financial year is dependent upon the level of expenditure relevant to the grant spent.

- b) As part of the development of the annual Financial Statements, the required level of asset maintenance is reviewed and updated accordingly. As part of the latest review, a substantial increase in required maintenance occurred because of delays in the renewal of assets during 2020/2021, arising from both the COVID-19 Pandemic and the March 2021 flood. As these renewals are delivered, future required maintenance levels will reduce.

## Conclusion

The Quarterly Budget Review Statement – March 2022 will result in a balanced budget position.

Branch Managers monitor operational income and expenditure monthly and variations exceeding established thresholds need to be justified. Capital expenditure is reported to the Executive Management Team monthly to ensure that expenditure remains within budget estimates and that the capital works program for 2021/2022 is delivered within the stipulated timeframe.

## Report by Responsible Accounting Officer

The following statement is made in accordance with Clause 203(2) of the Local Government (General) Regulations 2021:

It is my opinion that, the Quarterly Budget Review Statement for Hawkesbury City Council for the quarter ended 31 March 2022, indicates that Council's projected financial position at 30 June 2022 will be satisfactory at year end, having regard to the projected estimates of income and expenditure and the original budgeted income and expenditure as shown in Council's accounting records.
