

Landholder launchpad

Getting the support you need

Whether you've just bought a rural block or been managing your patch for a while, this is your chance to get to know what Local Land Services can do for you.

From animal health and emergencies to biosecurity, sustainable farming advice, and natural resource management - we're here to help, and it's all free.

Come along for a relaxed morning of expert talks followed by a guided walk around the demo farm to see things in action.

Finish up with a free lunch and a chance to chat with your local LLS staff and other like-minded landholders.

Date

Thursday 12 June 2025

Time

10:00 am - 1:30 pm

Location

40 Edwards Rd,
Richmond Lowlands NSW
