Part 1

Executive Summary

JUNE 2012 QUARTERLY BUDGET REVIEW EXECUTIVE SUMMARY

FINANCIAL PERFORMANCE

As part of the Management Plan Review, Clause 203 of the Local Government (General) Regulation 2005 requires a review of the income and expenditure for the year in comparison to budget estimates.

The June 2012 Quarterly Budget Review results in a balanced end of year position and in the opinion of the Responsible Accounting Officer, maintains a satisfactory short term financial position for Council. This result is prior to accounting adjustments and consolidation of other entities' accounts and is subject to final audit.

Operating Income

For the year ended 30 June 2012, Council's total income from continuing operations including rates, fees and charges, grants, contributions and other revenue is \$62.5M, exceeding the Budget by \$2.4M. This variance has principally resulted from the advance payment of the first installment of the 2012/2013 Financial Assistance Grant.

Also reported as income from continuing operations is an amount of \$14.3M included in the capital grants and contribution amount in relation to non-cash contributions in respect of land under roads and infrastructure assets within the Pitt Town development area. This is offset by a corresponding capital expenditure amount, resulting in an overall nil effect on Council's results. The positive variance is also contributed to by better than budgeted interest earned on investments.

Operating Expenditure

Council's operating expenditure is required for the provision of core services including road maintenance, parks, cultural and recreational facilities, regulatory services, building and development control, waste management, environmental and sewerage facilities. For the year ending 30 June 2012, total operating expenditure, excluding depreciation is \$49.5M compared to a budget of \$51M. Operational funds of approximately \$1.9M are requested to be carried over to the 2012/2013 financial year as part of this Review, including grant funded works.

Unspent amounts relating to Reserve funded programs remain in their respective Reserves. Major favourable variances include legal expenditure, workers compensation expenditure and information technology expenditure. Unfavourable variances include unbudgeted employee leave entitlements.

Details on the major variances referred to above are included in this report.

The budgetary controls in place at Council ensure that major variances or trends are identified in a timely manner and accounted for as part of quarterly budget reviews. Managers are required to explain variances outside the acceptable threshold on a monthly basis, and are required to address these variances as part of the quarterly review process.

Capital Expenditure

Council manages and maintains \$726M worth of assets, and during 2011/2012 has spent \$16.6M of a \$25.3M capital budget on road construction, kerb, guttering and drainage works, bridges, footpaths, open spaces, stormwater assets, sewerage assets, waste management assets, public works plant, community buildings and fleet replacement. Capital works requested to be carried over to the 2011/2012 financial year amount to \$7.4M.

A detailed list of projects requested to be carried over to the 2012/2013 financial year is contained within the attachment to this report.

Accounting Adjustments

As at the end of the 2011/2012 Council's overall position compared to the Full Year budget is a balanced position. However an end of year accounting entry reflecting a loss in value in Council's investment properties results in an expense of \$1.2M being included in the Other Expenses.

This amount is not an actual loss incurred by Council as no Investment properties were sold during 2011/2012. However, the Local Government Code of Accounting Practice and Financial Reporting Guidelines (Code) issued by the Division of Local Government and applicable Accounting Standards, the financial statements must show losses in value, whether realised or not, if the fair value or market value of investment properties is less than that reported as at 30 June 2011. The loss of \$1.2M accounted for is based on an independent valuer's advice that the market values have dropped between 5% and 10% during the 2011/2012 financial year.

Also impacting on the end result is the inclusion of Council's share in the movement in Westpool's equity. An amount of \$0.2M is shown as income in the Income and Expenses Statement.

The consolidation of the income and expenses relating to Hawkesbury Sports Council result in a minor deficit also contributing to the overall Council's position of a deficit of \$1.042M after accounting adjustments.

Investments

As at the end of June 2012, Council's investment portfolio amounted to \$39.8M, with average earnings for 2011/2012 of 6.32%.

Restricted Assets

As at 30 June 2012, Council's Reserves amount to \$32.73M, with \$13.97M being externally restricted, and \$18.76M being internally restricted.

QUARTERLY BUDGET REVIEW

The more significant items of the June 2012 Review include:

Interest Income – Favourable Variance \$395K
 (Adopted Management Plan –Part 2 – SS Pg 38)

Interest earned on Council's investments as at June 2012 amounted to \$2.6M compared to the Full Year Budget of \$2.2M. The 2011/2012 adopted budget for interest earnings on Council's portfolio was based on an investment portfolio of \$30M attracting an interest rate of 6%. During 2011/2012 the average investment portfolio was in the vicinity of \$41M with an average annualised rate on term deposits of 6.32%. This revenue stream is closely monitored and some adjustments have been in previous 2011/2012 quarterly reviews to reflect the better than budgeted trend. It is noted that following a number of interest cuts by the Reserve Bank, recent investments have attracted lower rates than those achieved earlier in the financial year.

Legal Expenditure – Favourable Variance \$214K
 (Adopted Management Plan –Part 2 – SS Pg 47)

Legal expenditure incurred during the 2011/2012 financial year amounted to \$156K compared to a budget of \$370K. The under expenditure is mainly attributed to less than budgeted legal advice being required and matters currently subject to court action not being determined as yet. To ensure that unexpected matters and outstanding matters being finalised, resulting in legal

expenditure incurred in 2012/2013 do not adversely affect the budget allocation for the year, an amount of \$210K has been quarantined in an internally restricted Legal Services Reserve.

Workers Compensation – Favourable Variance \$191K (Adopted Management Plan –Part 2 – GM Pg 5)

The full year budget for workers compensation expenditure for 2011/2012 is \$350K. For the financial year ending 30 June 2012, total workers compensation expenditure was \$159K, resulting in a positive variance of \$191K. This expenditure budget is used for minor claims and associated expenses. The favourable variance is mainly a result of timing differences between claims arising and associated expenses being incurred, and therefore are not savings in real terms.

Council is a self-insurer for liabilities arising from Workers Compensation claims. As a self-insurer Council is required to maintain an adequate provision, the level of which is based on a qualified actuary's advice. The level of provision required to be maintained is assessed at the end of each financial year and is impacted by existing and potential claims. Council also maintains a Workers Compensation Reserve which is utilised to increase the provision from one year to another and to replenish the provision in the event of a claim payment being made during the year. An amount of \$190K has been transferred to the Workers Compensation Reserve to ensure this Reserve is maintained at an adequate level.

IT Operating Expenditure – Favourable Variance \$139K (Adopted Management Plan –Part 2 – SS Pg 45)

As at the end of June 2012, actual expenditure incurred in relation to information technology network administration was \$139K under budget. The majority of the savings have resulted from the reduced reliance on consultancies, with an increased use of internal resources.

• Employee Leave Provision –Unfavourable Variance \$284K

Council is required to ensure that it maintains its employee leave entitlements provisions at an appropriate level. Council's liability in respect of employee leave entitlements as at 30 June 2012 has been determined and results in an increase in the overall provisions required for Annual Leave, Leave in Lieu, Long Service Leave and Pre 1993 Sick Leave of \$584K. The March 2012 Quarterly Review included an unfavourable budget variation of \$300K aimed at partially funding the estimated increase in leave entitlements provisions to be processed as at June 2012. This left a total unbudgeted variance of \$284K to be addressed in the June Quarter. This unfavourable variance was offset mainly through the favourable variance in interest income referred to earlier in the report.

• Non Cash Contributions – Nil Impact

As referred to earlier in the report, the reported capital grants and contributions in the amount of \$17.2M include \$14.3M accounted for as non-cash developer contributions. The Code requires councils to account for land under roads. As part of the Pitt Town development currently underway, a number of roads have been dedicated to Council. The value of these roads dedicated to Council has been determined by reference to the average value of adjoining land in accordance with the requirements of the Code, resulting in \$8.2M being accounted for as a non-cash contribution, with an offsetting capital expenditure amount being processed. An additional amount of \$1.7M relating to land under roads in the McGraths Hill industrial area was also included. Also arising from dedications through the Pitt Town Development are amounts accounted for relating to kerb and guttering assets (\$0.4M) and drainage assets (\$3.9M). These amounts are shown in capital grants and contributions with offsetting amounts shown in capital expenditure.

• Reserve Funded Variances

The following adjustments are within internally or externally restricted funds, and consequently have no net impact on Council's overall position.

- Contractors Charges (Waste Management Facility) A favourable variance of \$117K was incurred over 2011/2012 in relation to contractors charges at the Waste Management Facility. This variation has resulted from less than budgeted expenses being incurred in the areas plant hire and recycling contractors at the Hawkesbury Waste Management Facility.
- Section 88 Contributions A favourable variance of \$246K occurred in respect of the Section 88 contributions paid in the current financial year. Section 88 contributions are based on the tonnage of waste that is not recycled at the Waste Management Facility. The decrease in tonnages recycled and leaving the facility has led to the reduction in contributions payable.

It is to be noted that at the time this report is being prepared, Council's Annual Financial Statements were not finalised as yet. Final accounting adjustments and any necessary adjustments arising from the external audit scheduled for late September 2012, may result in slight variations in some of the amounts quoted in this report. It is not expected that those variations, if any, would be material enough to alter, in general terms, the overall result for the 2011/2012 financial year.

Financial Performance

Hawkesbury City Council

Statement by the Responsible Accounting Officer

for the financial year ended 30 June 2012

The following statement is made in accordance with Clause 203(2) of the Local Government (General) Regulations 2005:

It is my opinion that the Quarterly Budget Review for the quarter ended 30 June 2012 indicates that indicates that Council's financial position at 30 June 2012 is satisfactory at year end for the short-term.

date: 20/8/2012

Signed:

Emma Galea

Responsible Accounting Officer

INVESTMENT REPORT

INVESTMENT PERFORMANCE

The investment portfolio decreased by \$0.83m for the month. The decrease was due to additional expenditure over income for the June period. During June, various income was received totalling \$6.88m, including rate payments amounting to over \$2.38m while payments to suppliers and staff costs amounted to \$8.08m.

The investment portfolio is diversified across a number of investment types. This includes term deposits, and on-call accounts.

The investment portfolio is regularly reviewed in order to maximise investment performance and minimise risk. Council's investment portfolio has been reviewed and rebalanced in favour of investments not subject to share market volatility. Comparisons are made between existing investments and available products that are not part of Council's porfolio. Independent advice is sought on new investment opportunities.

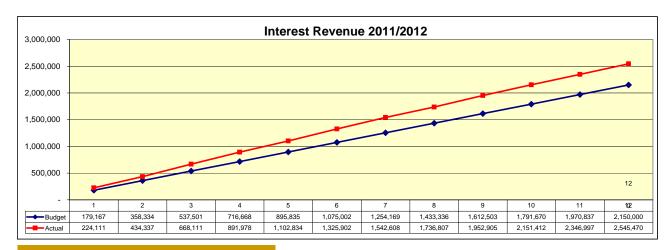

Official cash interest rate for June 2012 is at 3.50%.

Council's Interest Earnings to date is \$2,545,470. Net interest income received has exceeded the YTD budget of \$2,150,000.

	YTD Budget	YTD Actual

Part 4

Management Plan Performance

Principal Activity

1. Develop and implement strategies, based on social justice principles, to work with the local and business communities to define the Hawkesbury character to identify what is important to preserve and promote

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Consult with the community to define the Hawkesbury character.	Strategic Planning	Consultation strategy developed and implemented	Sample phone survey and focus groups completed. To be reported to Council later in 2012.
Initiate discussions with Deerubbin Local Aboriginal Land Council (DLALC) about protocols for notification of development proposals.	Town Planning	Discussions with DLALC regarding preliminary options for notification of development proposals held	Project redefined and included in 2012/2013 Operational Plan.
Deliver an events program that promotes community connection, celebration and character.	Corporate Communication	Community satisfaction with events increased	2 letters of appreciation were received in the last quarter making a total of 16.
Project plan developed for the preparation, consultation and adoption of Plans of Management.	Parks & Recreation	Project Plan developed	Conservation plans identified and budget sought through the 10 year budget process
Implement Parks Plans of Management as funding and grants allow.	Parks & Recreation	Works completed on time and within budget	Work was undertaken as funding and time allowed
Develop an Urban Street Tree Management Strategy.	Parks & Recreation	Strategy developed	A draft plan has been developed. Further evaluation is required before going on exhibition.

Principal Activity
2. Council to adopt a Residential Land Strategy.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Finalise Residential Land Strategy.	Strategic Planning		Residential Land Stategy adopted by Council in May 2011.

3. Develop a Plan to coordinate heritage conservation and prioritise the implementation of actions including seeking resources from other sources to promote and conserve heritage.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Apply for the funding to complete a comprehensive Heritage Strategy for Hawkesbury Local Government Area.	Strategic Planning	Funding application made in accordance with guidelines set by Heritage Council	Existing Heritage Strategy current to 2014. Funding sort for elements of Strategy being review of Windsor Masterplan and continuation of Heritage Advisor Service.
Provide annual assistance grants for agreed Council heritage programs (supplemented by external funding).	Town Planning	Heritage Reserve used to provide assistance grants for selected conservation projects	Grants for heritage assistance program not active this year.
Prepare a planning proposal to facilitate the listing of the additional items in Hawkesbury Local Environmental Plan.	Strategic Planning	Planning proposal prepared	Written component of Planning Proposal substantially completed. Associated inventory sheets and maps to be finalised. Matter scheduled for reporting to Council in 2012/2013.
Prepare a draft Heritage Chapter in the Development Control Plan to specify provisions to protect and maintain heritage items in the Local Government Area.	Strategic Planning	Draft Heritage Chapter prepared	Draft Hertiage Chapter prepared and included in the draft Hawkesbury Development Control Plan 2012.
Apply for funding to develop Conservation Management Plans for parks and cemeteries.	Parks & Recreation	Funding applications completed	Suitable grants applications were not found for this purpose

- 4. Develop Community Safety Plans for:
- IT Disaster Recovery Plan and Business Continuity Plan
- Service Level Agreements with Rural Fire Service
- Flood Risk Management Study and Plan for the Hawkesbury River
- Hawkesbury Crime Preve

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Develop and implement an IT Disaster Recovery Plan and Business Continuity Plan.	Information Services	IT Disaster Recovery Plan completed and alternative site established	Infrastructure build complete. Documentation to be finalised and failover testing being undertaken. Testing to be complete by 4th quarter 2012.
Maintain Business Continuity Plan.	Information Services	Business Continuity Plan is current	Business Continuity Plan updated and distributed to Crisis Management Team. Action complete for 2011/2012.
Develop a Bush Fire Hazard Reduction Program for open space in consultation with the Hawkesbury Rural Fire Service.	Parks & Recreation	Program developed	A program was developed for 2012/2013.
Provide support to the Rural Fire Service and State Emergency Services including the Local Emergency Management Committee and operation of the Emergency Operations Centre.	Director Infrastructure Services	Service level agreement satisfied	Organisations supported and Council represented on local emergency committee. Councils obligations under service level agreement are being met.
Finalise Flood Risk Management Study and Plan for the Hawkesbury River.	Strategic Planning	Study and Plan finalised	Partial completion - Floodplain Risk Management Advisory Committee preparing Study and Plan with assistance from consultant, Council staff and relevant government agencies.

- 4. Develop Community Safety Plans for:
- IT Disaster Recovery Plan and Business Continuity Plan
- Service Level Agreements with Rural Fire Service
- Flood Risk Management Study and Plan for the Hawkesbury River
- Hawkesbury Crime Preve

Crime Prevention Strategy adopted	Community Partnerships	Plan adopted and submitted for	Subtantially commenced but
by Council and submitted to NSW		endorsement	incomplete (due to staff vacancy).
Attorney General's Department for			Crime prevention audits completed
endorsement as a "Safer Community			for identified prioity locations of
Compact".			Windsor & Richmond CBDs.
Develop and Implement Road Safety	Community Partnerships	Annual Action Plan developed and	Achieved. Projects included 2 Child
Action Plan.		implemented	Restraint Fitting days (Aug & May), 2
			Learner Drivers (Oct & May)
			workshops, and installation of VMS's
			in 4 locations.

5. Undertake community research and make information available so that services and facilities can be planned to serve changing demographics and other external impacts, and to inform the review of the Community Strategic Plan.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Provide statistical and other social planning information to assist in the identification of community needs.	Strategic Planning	Information and data collated and provided	Hawkesbury Profile and Atlas placed on Council's website and training provided to council staff and community members (by Informed Decisions).
Assist in completing the Nepean Homeless Taskforce 10 Year Plan to end homelessness.	Strategic Planning	Recommendations reported to Council	Ongoing assistance provided - not yet reported to Council.
Develop a strategy for the Integration of Social Justice Principles (SJP) into Council's corporate planning framework.	Strategic Planning	Strategy developed	To be incorporated in the review of the Hawkesbury Community Strategic Plan 2010 - 2030.
Explore opportunities for community housing partnerships to pursue affordable housing.	Community Partnerships	Recommendations reported to Council	Incomplete. Preliminary discussions with Wentworth Community Housing.
Develop a Disability Action Plan.	Community Partnerships	Disability Action Plan adopted	Substantially commenced. Planning framework developed. On-line survey completed and external consultant engaged to facilititate community and stakeholder workshops.

5. Undertake community research and make information available so that services and facilities can be planned to serve changing demographics and other external impacts, and to inform the review of the Community Strategic Plan.

, , ,			
Manage the Deed of Management for the operation of the Hawkesbury Leisure Centres.	Director Support Services	Formal meetings of representatives of the YMCA of Sydney and relevant Council staff held every three months Reports and other documentation provided by the YMCA of Sydney as required under the Deed of Management	2011, 28 November 2011, 20 March
Engage consultants to develop Open Space Recreation Strategy.	Parks & Recreation	Consultants engaged	Consultants were engaged and they have developed a draft strategy. This will go on public exhibition shortly.
Develop library services strategically and in response to social, economic and environmental benchmarks, and in accordance with State Library NSW benchmarks.	Cultural Services	State Library NSW benchmarks for attendance figures met	There were 199,558 visits to both libraries during Jul 2011-Jun 2012, a decrease of 6% compared to 2010-2011. 39,864 library members recorded, a 5% increase from last year. This is 56% of our population and 10% above the NSW average.

Principal Activity 6. Finalise Master Plan for Windsor.			
Operational Plan Actions	Responsible Manager	Output Measure	Progress
Commence review of draft Master Plan for Windsor.	Strategic Planning	Review commenced	Review commenced. Project plan developed for completion of review in 2012/2013.

7. Develop a Sustainable Land Use Strategy that integrates all land use and other relevant plans to protect environmentally sensitive land.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Define environmentally sensitive land.	Strategic Planning		Definition of environmentally sensitive land prepared and reported internally.
Develop a framework, to sequence existing and proposed strategies and plans for the development of the Sustainable Land Use Strategy.	Strategic Planning	·	Project redefined in terms of a Rural Land Strategy and included into 2012/2013 Operational Plan.

8. Develop and implement a Risk Management and Adaptation Plan to improve and support human services and delivery of outcomes for the community on the possible impacts of climate change.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Prepare a Climate Change Risk Assessment Plan to identify the possible impacts to residents from flooding, heat stress, and fire and storm events.	Strategic Planning	reported to Council	Climate Change Risk Assessment Plan adopted by Council and approved by OEH.
Develop an Adaptation Plan to identify actions that protect residents against the possible impacts of climate change.	All		Measures developed, further investigation required on the cost benefit analysis on preferred adaptation measures.

9. Develop support and implement partnerships with relevant stakeholders to manage the Hawkesbury - Nepean River system. Advocate for relevant agencies to produce "State of the River Reports".

		ı	
Operational Plan Actions	Responsible Manager	Output Measure	Progress
Participate in the Hawkesbury Nepean Local Government Advisory Group.	Strategic Planning	Meetings attended as required	Meetings attended as required.
Lobby the Office of the Hawkesbury - Nepean and the Catchment Management Authority to develop actions that improve the health of the Hawkesbury - Nepean River.	Strategic Planning	Implementation of actions supported	Office of Hawkesbury- Nepean disbanded.
Develop and implement a bush regeneration program.	Parks & Recreation	Bushland regeneration program developed	Bushland program developed and actioned.
Apply for appropriate grants to supplement the bush regeneration budget.		Relevant grant applications made	
Provide pump out services to limit nutrients and pollutants from onsite sewerage management systems entering waterways.	Waste Management	Pump out service provided within set time frames	Service provided within set time frame.
Ensure onsite management systems are managed effectively.	Regulatory Services	Onsite management systems assessed	Onsite sewage management facilities have been assessed throughout the year with approvals issued or notices to rectify systems issued where faults were found.
Reduce gross pollutants entering waterways through the provision of Gross Pollutant Traps (GPTs).	Construction & Maintenance	Gross pollutants are captured and measured	The state of the GPT's are monitored on a regular basis and cleaned on an as needs basis. The type and volume of pollutants is recorded and monitored.

9. Develop support and implement partnerships with relevant stakeholders to manage the Hawkesbury - Nepean River system. Advocate for relevant agencies to produce "State of the River Reports".

Ensure reticulated sewerage systems are operated to limit nutrients entering	<u> </u>	Licence conditions met	100% compliance.
waterways. Provide a trade waste service to commercial and industrial premises. Set service standards and levels.	Waste Management		Service standards and levels set and met.
Provide recycled water to Council's reserves, parks and local schools for irrigation and toilet flushing.	Waste Management		Recycled water provided to customers as needed.

Principal Activity10. Delivery of actions contained in Council's Water and Energy Action Plans.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Finalise the Water and Energy Saving Action Plans Online Annual Reports.	Strategic Planning	DECCW online reporting completed	On going.
Review and develop the Energy Savings Action Plan.	Strategic Planning	Review commenced	Quotations received and project to commence in October 2012.
Implement the Water and Energy Savings Action Plans.	All	Annual targets in Water and Energy Savings Action Plans achieved	Measures report completed.
Provide updated quarterly information on water and energy usage to the Management Executive Team.	Strategic Planning	Quarterly consumption data provided	Data received as required.
Ensure programs included in the Water and Energy Action Plans are incorporated in the Long-Term Financial Plan and Asset Management Plans and funded in annual budgets.	All	Annual actions in Water and Energy Savings Action Plans delivered	Programs completed as required.

11. Delivery of actions identified in the Local Government Strategic Waste Action Plan (LGSWAP) in accordance with the State Governments Waste and Sustainability Improvement Payment Program.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Coordinate projects identified in the Waste and Sustainability Improvement Payment Program.	Strategic Planning	Projects completed	Ongoing standards completed. Financial return completed. New projects being developed for 2012/2013.
Prepare and call for tenders for the process and/or removal of green and timber waste received at the Hawkesbury City Waste Management Facility.	Waste Management	Tenders determined	Council resolved to go to tender for green waste service. Tenders being prepared by consultants for tender.
Provide domestic and commercial waste and recycling collection services to the community.	Regulatory Services	Customer service standards achieved	Services have been provided throughout the year to meet the customer service standards.
Classify waste received at the Hawkesbury City Waste Management Facility to establish opportunities to divert waste.	Waste Management	Waste classification undertaken	Waste classification completed.
Undertake a feasibility study for an Alternate Waste Treatment Facility.	Waste Management	Feasibility study completed	Feasibility study completed.
Investigate the viability of beneficial reuse of methane gas produced by the degradation of waste land filled.	Waste Management	Viability study completed	Viability study completed.
Develop a program for the safe management of asbestos assets.	Director Infrastructure Services	Program developed	Asbestos Management Plans are being activated on building sites as part of the commencement of projects. All major precincts have been addressed to date and work in continuing. All projects have also included hazmat audits.

Principal Activity 11. Delivery of actions identified in the Local Government Strategic Waste Action Plan (LGSWAP) in accordance with the State Governments Waste and Sustainability Improvement Payment Program. Identify risks associated with waste Risk Manager Programs established and Completed. management and the storage and incorporated into relevant operational disposal of substances and plans chemicals. Corporate Communication and Parks Policy developed Policy developed. Strategies are Develop and implement a Sustainable Events Policy. and Recreation being developed to ensure that we can measure our results.

Principal Activity
12. New and existing development meets planning controls and support Council's sustainability principles.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Investigate complaints of unauthorised development and development not complying with conditions of consent in accordance with Customer Service Standards.	Regulatory Services		Investigations and rectification requirements have been implemented throughout the year to meet customer service standards
Implement sustainability principles to meet total life cycle costs for infrastructure maintenance and renewal through the development of ten year Operational and Financial Plans for Waste Management.	Waste Management	Operational Plan and Financial Plans developed	Operational Plan and Financial Plans developed each year - completed

Principal Activity 13. Develop environmental educational programs.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Promote the Sustainable Events Policy to community groups holding events.	Corporate Communication	Policy promoted	Community event organiser and staff training undertaken, policy promoted via media release, newsletter, event approvals and Hawkesbury Show.
Provide and promote information and cultural services and resources that assist the community in caring for the environment.	Cultural Services	Relevant library resources collected and searchable online catalogue provided Gallery and Museum exhibitions and public programs are provided to encourage environmental awareness of sustainable practices developed	Save Power Kits from NSW Office of Environment and Heritage have been borrowed 45 times. Various public programs included author talk by Jennifer Stackhouse on organic gardening attended by 38.
Educate the community on environment and bush care values, threatened and endangered species.	Parks Recreation	Workshops and educational opportunities provided	A range of worksops have been provided over the year.
Initiate an education program for tenants of Council leased buildings on caring for their environment and implementing sustainable practices.	Corporate Services & Governance	Education program initiated	The Property section developed a pamphlet with environmental and cost saving tips for all tenants which was circulated with the outgoings for the 2011/2012 year.
Implement the actions contained in the Illegal Dumping Prevention Strategy.	Regulatory Services	Actions implemented	Actions have been implemented on an ongoing basis in accordance with the strategy.
Develop and implement companion animal awareness programs.	Regulatory Services	Programs developed and implemented	Programs have been developed and implemented to meet the demands of interest by the community on an as needed basis.

Principal Activity 13. Develop environmental educational pr	rograms.		
Develop a Waste Education Program.	Strategic Planning	Strategic Waste Action Plan developed	Strategic Waste Action Plan developed and approved by MANEX and OEH.

14 Develop and implement an Integrated Land Use and Transport Network Strategy (ILUTNS) with partners to ensure networks meet the community's current and future needs.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Work with regional partners and state agencies to develop a Brief for the funding and development of an Integrated Land Use and Transport Network Strategy.		Partnership formed, funding achieved and Brief prepared	Project redefined and included in 2012/2013 Operational Plan.
Deliver community transport services in accordance with contracted outputs as negotiated with funding bodies.		·	Contracted outputs achieved. Volunteer transport program implemented & funded received for expaned transport services.

15. Engage neighbouring councils, transport providers and State Government to contribute in kind or financially to improve the transport network.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Take every opportunity to lobby for improvements to transport networks.	Corporate Communication	Priority projects highlighted at appropriate government level	Lobbying of RMS undertaken re Richmond/ North Richmond Traffic issue.
Develop a Communication Strategy for priority projects.	General Manager	Strategy developed	Communication template available for adapting to priority projects if required.
Lobby state / federal authorities for financial assistance by way of grant funding.	Construction & Maintenance	Relevant grant applications lodged	Nominations for state & federal funding are prepared and submitted prior to the closing time and date. Correspondence to state/federal members will often address funding issues related to pecific projects.
Prepare and submit applications for funding to authorities associated with natural disasters.	Construction & Maintenance	Relevant grant applications lodged	Applications are dealt with as a matter of urgency and formal applications are compliant with the Authorities requirements.
Apply for yearly Cycleway Funding with RTA.	Design & Mapping	Application for cycleway and black spot funding made	Completed in 1st Quarter.
Provide technical input for Black Spot and other funding opportunities with government agencies.			

Principal Activity16. Advocate for improved transport networks.

Operational Plan Actions	Responsible Manager	Output Measure	Progress
Review and provide comments on	Strategic Planning	Timely and accessible comments	Comments provided as requested
proposed government services and		provided	
infrastructure strategies.
