Dear Sir/Madam

**Re: Notification of Planning Proposal to rezone Lot 1 DP 700263, Lot 2 DP 700263, Lot C DP 160847, Lot 2 DP 629053 and Lot 3 DP 700263, 120 – 188 Hawkesbury Valley Way, Clarendon to B7 Business Park
Consultation under Section 56(2)(d) of *Environmental Planning & Assessment Act 1979***

Thank you for the opportunity to provide advice on the above matter. This is a response from the NSW Department of Trade & Investment (DTIRIS) – Mineral Resources Branch (MRB).

The proposed rezoning does not affect access to identified mineral resources. As such MRB has no issues to raise with the planning proposal.

Geoscience Information Services

MRB has a range of online data available on line through the following website address:
<http://www.resources.nsw.gov.au/titles/online-services>

This site hosts a range of data to enable research into exploration, land use and general geoscience topics. Additionally, the location of exploration and mining titles in NSW may be accessed by the general public using the following online utilities:

1. **MinView** allows on-line interactive display and query of exploration tenement information and geoscience data. It allows spatial selection, display and download of geological coverages, mineral deposits and mine locations, geophysical survey boundaries, drillhole locations, historical and current exploration title boundaries and other spatial datasets of New South Wales. This online service is available at:
<http://www.resources.nsw.gov.au/geological/online-services/minview>

2. **NSW Titles** enables the public to access and view frequently updated titles mapping information across NSW. This online service is available at: <http://nswtitles.minerals.nsw.gov.au/nswtitles/>

Queries regarding the above information, and future requests for advice in relation to this matter, should be directed to the MRB Land Use team at landuse.minerals@industry.nsw.gov.au.

Yours sincerely

A handwritten signature in black ink, appearing to be 'S. Francis', with a long horizontal stroke extending to the right.
