

# WASTE MANAGEMENT FACILITY FEES AND SERVICES

EFFECTIVE 1 JULY 2023

## Free Materials – (separated loads only)

- Car batteries (lead acid)
- Paper and cardboard (excludes commercial cardboard & paper)
- Scrap metal (Excluding cars, fridges, freezers and air conditioning units)
- Kerbside recycling materials
- TVs and computers (residential only)
- Sump oil (to be poured into the holding tank)

## Prohibited Materials

- Liquids, chemicals
- Compressed fibre sheeting
- Vinyl/ lino
- Cement fibre reinforced products
- Asbestos and products containing asbestos
- Fibre cement sheeting
- Fibro (of any kind – old or new)
- Soil (any amounts)
- Others (as designated by Council)
- Villaboard/ blueboard

## How to use this facility

All vehicles must enter and exit the Facility via the weighbridge.

Closed circuit television records images of all vehicles entering and exiting the site and stores these images along with vehicle and transaction information.

Charges are set according to weight and waste type.

After you have disposed of your waste, follow the signs to the exit point where you will drive onto the exit weighbridge (when the light is green). The exit weight of the vehicle is automatically deducted from the entry weight and the relevant charges calculated. Wheel wash must be used upon exiting the facility in wet weather.

***Any load containing or suspected of containing prohibited materials, will be directed to leave the facility, without unloading any materials.***

## Limited access – saving landfill for locals

The Hawkesbury City Waste Management Facility receives domestic and select other waste from within the Hawkesbury Local Government Area only.

The facility is open to eligible persons with Proof of Residency. Your current drivers licence is acceptable for domestic materials from your home address.

Commercial Customers or persons bringing materials from properties other than their own address will need a current Hawkesbury Council Rates Notice to access the facility.

**Persons without the required documentation will be denied entry.**

## Asbestos

Asbestos is not accepted at the Waste Management Facility.

For more information on the safe disposal of asbestos, see *Safely disposing of asbestos waste in your home* at [www.environment.nsw.gov.au](http://www.environment.nsw.gov.au)

## Payment Options In person only

Cash, EFTPOS, MasterCard and VISA. All loads are pay as you go, including multiple loads.

Please call (02) 4560 4444 for further information.
