

# LIBBY

Home access

Library access

## What is Libby

Libby is an app created by Overdrive that gives library members access to read thousands of eBook and eAudiobook titles right from their phone or tablet.

Sign in with your library card and PIN to start borrowing. Members can borrow up to 20 eBooks or eAudiobooks for 21 days.

Borrowers can search through 'most popular', 'newly added' or browse favourites genres, such as historical fiction, true crime and children's books.

## What can I use it for?

Libby can be used for reading and listening to a large range of eBooks and eAudiobooks right from your device.

All you need is the Libby app (available for Apple, Android and Windows devices) and your Hawkesbury library card.

To get started, download the app and enter your library card details for free access. To read books from your internet browser, go to the following web address:

<https://www.hawkesbury.nsw.gov.au/library/elibrary/ebooks-and-audiobooks>

## Special features

- Adjust text to your reading preferences, including Dyslexie font
- Add library cards from multiple libraries to browse different collections
- Download books while on Wi-Fi to read later offline
- Automatic returns mean no more overdue items
