# A MESSAGE FROM OUR COUNCILLORS

Council is pleased to present the 2022/2023 Operational Plan.

The Plan shows Council's key services, projects, initiative and actions under the four Community Outcomes outlined in our long term Community Strategic Plan, The Hawkesbury 2036... It's Our Future.

This Operational Plan represents the first year of Council's commitment to implementing its Delivery Program for 2022-2026. It outlines specific details of the projects and activities that will be undertaken in the coming financial year.

Major Operational Plan Highlights for 2022/2023 include:

- Road Rehabilitation and Upgrades (\$8.1M)
- Sealing of Gravel Roads (\$3.0M)
- Road Surface renewals (\$2.2M)
- Parks, Recreation Facilities and Amenities
- Improvements (\$7.2M)
- Building improvements (\$6.6M)
- Stormwater Drainage Improvement Program (\$2.2M)
- Enhanced Pedestrian Safety and Accessibility (\$0.4M)

We are working closely with our executive team to ensure the successful implementation of this Operational Plan. As in previous years, we will report back to our community via the Progress Report: July-December and the Annual Report on what has been achieved during this year.

Our continued commitment to the Hawkesbury Community is to deliver on the actions contained within the 2022/2023 Operational Plan and to keep you informed of this progress.

We look forward to delivering these actions for the Hawkesbury Community.

# OUR COMMUNITY'S VISION

We see the Hawkesbury as a vibrant and collaborative community living in harmony with our history and environment, whilst valuing our diversity, striving for innovation, a strong economy and retaining our lifestyle and identity.

# THE MARCH 2022 HAWKESBURY-NEPEAN RIVER FLOOD

Residents of the Hawkesbury have had a few years that have tested the best of us. The series of natural disasters we've experienced have brought out the very best in human nature. Those impacted have shown their remarkable strength and resilience in the face of incredible loss; and those supporting them have demonstrated the very best of humanity with their generosity and support.

It is a fact that we weren't quite recovered as a community the bushfires of the summer of 2019/20, the floods in 2020 and 2021, and the ever-present threat of COVID-19, when floods hit us again in March 2022.

## OUR HISTORY OF FLOODS

Last year's floods in March were the first major floods, and the highest, we've had since 1990. While the floods we've had over the past two years have been devastating, we know they can be much higher.

## FLOOD RECOVERY CENTRES

Council set up Flood Recovery Centres at Windsor and Wiseman's Ferry for impacted residents and businesses. These centres assist with:

- Clean up services
- Financial assistance
- Insurance and legal support
- Business support
- Mental health and well-being services.

## STAYING IN TOUCH

One of the biggest factors of this year's floods was the speed with which the water rose. The amount of rain that fell up-river and directly on us, had to go somewhere, and the river swelled to a peak of 13.8m – almost a metre higher than last year.

We have seen the stories of residents only having minutes to grab a few items, pets and their families and evacuating. Combined with the loss of power and some telecommunications towers, some residents were cut off from Triple Zero (000) and community warning services. We had more time than other parts of New South Wales, but less time than we had last year.

To help people keep informed with reliable and fast information, Council's website has been designed to make the home page a hub for emergency information about what to do when, and where to go to be safe. This information is replicated on our social media pages – Facebook and Twitter.

Now we are in the clean-up phase, these two avenues are still being updated frequently to ensure all residents know what to do with flood damaged materials and reopening various roads, parks and bridges.

## WORKING TOGETHER

Hawkesbury Council is working closely with other agencies, in particular Resilience NSW, which has opened recovery centres at South Windsor, North Richmond and Wisemans Ferry. Each of these centres is staffed with people from government and non-government agencies, who can help you navigate the task ahead, including accessing financial assistance, information concerning insurance or legal matters, replacing documents and importantly providing you with physical and emotional support.

The NSW Rural Fire Service, Police Windsor Local Area Command and many volunteer groups are working to assist those in our community whose homes and businesses have been impacted by floods.

The newly established Local Recovery Committee has been established, chaired by Hawkesbury City Council to drive the recovery of our community. Reporting to the State Recovery Committee, our committee comprises of local government and state agencies and will have working groups focusing on waste and the environment, infrastructure and planning, social support, agriculture and business recovery, grants and communications.

## THE ROAD AHEAD

Council continues to address the damage to public areas including roads, footpaths, parks and our own buildings inundated with water and sewage. Council engineers are assessing bridges, roads, buildings, and river banks to ensure these are safe for use. The river banks are of particular concern to Council, as the length of time they were under water caused significant erosion, and this lead to collapses of large parts of the banks.

As the impact of the floods become apparent, Council recognises that we have a long road to recovery ahead. The 2022/2023 Draft Operational Plan was developed before this recent flood and will be amended when Council has assessed damage to public spaces including roads, bridges, parks, and river banks. As these assessments come in, they will be factored into the Draft Operational Plan.

# OUR INTEGRATED PLANNING AND REPORTING FRAMEWORK

## THE PROCESS

This latest review of the Community Strategic Plan provides a unique opportunity to review the overarching vision and strategy for the Hawkesbury to ensure it reflects the community's aspirations, and that the strategies are measurable.

## WHY

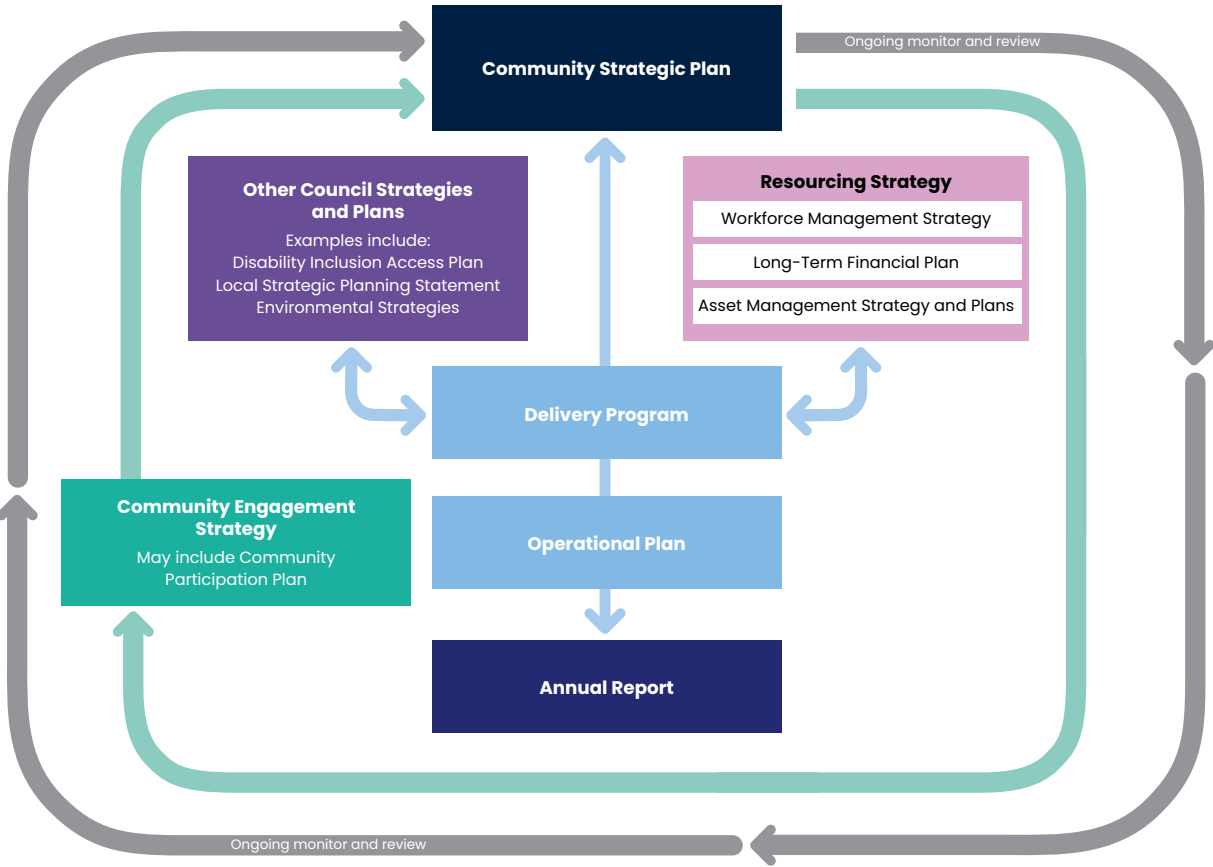

The Hawkesbury Community Strategic Plan sits above all other Council Plans and Policies. Its purpose is to identify the Hawkesbury community's priorities and aspirations for the future. The strategies in it consider the issues and pressure that affect the community, and the level of resources realistically available. Given this, the significance of the Community Strategic Plan to the community and to Council is of the highest order, and ensuring that it fully reflects the Hawkesbury community's aspirations is critical.

Legislation requires that each newly elected Council must review their respective Community Strategic Plan, and develop a new Delivery Program by 30 June in the year following the local government elections (in this case 30 June 2022). The review of the Community Strategic Plan also needs to be supported by a Community Engagement Strategy.

## HOW THE FRAMEWORK WORKS AND LINKS TO OTHER PLANS

Through the Integrated Planning and Reporting Framework, the Office of Local Government requires all local authorities in New South Wales to produce a Community Strategic Plan with a minimum timeframe of 10 years, which is based on aspirations rather than actions. All subsequent Plans and Policies that outline Council's actions stem from the Community Strategic Plan including the Resourcing Strategy, a Delivery Program with a timeframe of four years (term of the Council), an annual Operational Plan, and an Annual Report. The following diagram shows the structure and interrelated nature and linkages of plans in the Integrated Planning and Reporting Framework:

COMMUNITY STRATEGIC PLAN

The Community Strategic Plan is the highest level plan that a council will prepare. It is a long term plan that identifies the main priorities and aspirations for the future of the local government area. The Community Strategic Plan establishes the strategic objectives together with strategies for achieving those objectives.

The Community Strategic Plan is to:

- address civic leadership, social, environmental and economic issues in an integrated manner
- be based on social justice principles of equity, access, participation and rights
- be adequately informed by relevant information relating to civic leadership, social, environmental and economic issues
- be developed having due regard to the State government’s State Plan and other relevant State and regional plans of the State government.

While Council has a custodial role in initiating, preparing and maintaining the Community Strategic Plan on behalf of the Hawkesbury local government area, it is not wholly responsible for its implementation. Other partners, such as State agencies and community groups may also be engaged in delivering the long term objectives of the plan.

RESOURCING STRATEGY

The Community Strategic Plan provides a vehicle for expressing long-term community aspirations. However, these will not be achieved without sufficient resources (i.e. time, money, assets and people) to actually carry them out.

The Resourcing Strategy consists of three components:

- Long Term Financial Planning
- Workforce Management Planning
- Asset Management Planning.

The Resourcing Strategy is the point where Council assists the community by sorting out who is responsible for what, in terms of the issues identified in the Community Strategic Plan. Some issues will clearly be the responsibility of Council, some will be the responsibility of other levels of government and some will rely on input from community groups or individuals. The Resourcing Strategy focuses in detail on matters that are the responsibility of the Council and looks more generally at matters that are the responsibility of others.

DELIVERY PROGRAM

The Delivery Program details the principal activities to be undertaken by Council over a four year period to implement the strategies established by the Community Strategic Plan within the resources available under the Resourcing Strategy.

The Council must establish a new Delivery Program after each ordinary election of Councillors to cover the principal activities of the Council for the four year period commencing on 1 July following an ordinary election.

The General Manager must ensure that regular progress reports are provided to the Council, reporting its progress with respect to the principal activities detailed in its Delivery Program. Progress reports must be provided at least every six months.

OPERATIONAL PLAN

The Operational Plan spells out the details of the Delivery Program by identifying the projects, programs and the activities to be engaged in by Council during the year to achieve the commitments made in the Delivery Program.

The Operational Plan includes Council’s Statement of the Revenue Policy for the year covered by the Operational Plan.

ANNUAL REPORT

The Annual Report is one of the key points of accountability between Council and the community.

The Annual Report focuses on Council’s implementation of the Delivery Program and Operational Plan. The report also includes some information that is prescribed by the Local Government (General) Regulation 2021. This information has been included in the Regulation because the State Government believes that it is important for community members to know about it, to help their understanding of how Council has been performing both as a business entity and a community leader.

# 2022/2023 ESTIMATES OF INCOME AND EXPENDITURE

## FINANCIAL SUSTAINABILITY

One of Council’s long-term objectives is to build strong financial sustainability for now and future generations. This will ensure that Council can continue to provide services at the level expected from our community into the long-term.

The Long-Term Financial Plan is reviewed regularly and strategies developed to ensure continued financial sustainability.

The following table shows the change in financial sustainability performance measures, as determined by the NSW Office of Local Government, over the last five years and the projected results as of 30 June 2023.

Performance Measure	Benchmark	2018/2019 Actual Result	2019/2020 Actual Results	2020/2021 Actual Results	2021/22 Original Budget	2022/23 Draft Budget
Operating Performance	0	0.024	0.003	-0.08	-0.06	<b>0.002</b>
Own Source Revenue	>60%	65.9%	70.3%	75.3%	80.0%	<b>76.7%</b>
Building and Infrastructure Asset Renewal	>100%	80.4%	68.4%	78.6%	84.1%	<b>136.1%</b>
Infrastructure Backlog	<2%	1.4%	0.8%	2.1%	1.7%	<b>1.5%</b>
Asset Maintenance	>100%	96.98%	104.11%	98.04%	108.5%	<b>93.5%</b>
Debt Service	>0%<20%	1.0%	4.7%	0.1%	4.1%	<b>4.3%</b>

As indicated above, it is projected that both the Operating Performance and Building and Infrastructure Asset Renewal will not meet the relevant benchmarks in the 2021/2022 financial year. This is mainly as a result in an increase of a \$6.0 million in annual depreciation in relation to Road

# GLOSSARY OF TERMS

To assist in the understanding of the budgeted estimates of income and expenditure included within this section of the 2021/2022 Operational Plan, a glossary of terms has been provided below.

TERM	DEFINITION
<b>Application of capital funding</b>	Various categories of capital expenditure, sorted by asset class and whether works are new or renewal.
<b>Capital expenditure</b>	Costs associated with works that improve the level of service able to be provided to the community from an asset.
<b>Capital funding</b>	Funds used to provide capital expenditure.
<b>Consultants</b>	Professionals that are external to Council, used to provide expert advice when either resources are not available internally, or independence is required.
<b>Contributions – outside bodies</b>	Funds that are contributed by Council towards other organisations. These contributions are either regulated or required for Council to participate or be represented by the organisation. Organisations include the EPA, State Planning Commission, Hawkesbury River County Council, and WSROC.
<b>Depreciation</b>	Costs that reflect the consumption of the value of an asset over time.
<b>Employee Costs</b>	Expenses incurred relating to the employment of salary and wages staff, including: worked time, allowances, overtime, leave entitlements, staff training, superannuation, workers compensation and casuals.
<b>Expenditure from continuing operations</b>	Costs incurred in relation to Council providing goods and services to the community.
<b>Income from continuing operations</b>	Income generated by Council to fund the provision of goods and services to the community.
<b>Overheads</b>	Distribution of internal service costs incurred, that are not directly allocated. For example, payroll processing, IT support and hardware, corporate governance, word processing and risk management.
<b>Net capital expenditure</b>	The net result of deducting the capital expenditure from capital funding.
<b>Net operating result</b>	The result from deducting expenses from income relating to continuing operations.

TERM	DEFINITION
<b>New Assets</b>	The acquisition of or the upgrade/extension of current infrastructure assets, such as buildings, roads, sewer and parks.
<b>Renewal of Assets</b>	Capital expenditure that is required to bring or retain infrastructure assets at a satisfactory level to provide adequate services.
<b>Reserves</b>	Funds dedicated for specific purposes. For example, Developer contributions received are held in reserve until enough money exists to fund works identified in a Contributions Plan.
<b>(Surplus)/Deficit</b>	If income is greater than expenditure, a surplus results and is indicated by a negative value in the Budgeted Income Statement. If expenditure is greater than income, a deficit results and is indicated by a positive value in the Budgeted Income Statement.

# 2022/2023 REVENUE POLICY

## REVENUE POLICY

### TYPES OF REVENUE

The sources of funds to enable Council to carry out its works and services and provision of facilities are from the following revenue categories:

- rates
- annual charges for services
- fees for services
- Federal and State Government grants
- borrowings
- earnings from investments and entrepreneurial activities.

Critical to the development of the Statement of Revenue Policy is that the principles of efficiency, effectiveness and equity are demonstrated.

**Efficiency** ensures that resources are devoted to the most valuable ends as determined by Council, whilst using as few resources as possible. It relates to the cost at which services and facilities as desired by the community are delivered or provided.

**Effectiveness** relates to the satisfaction of stated objectives so that outcomes of decisions and the needs and demands of consumers are taken into consideration. Effectiveness is clearly demonstrated by the relative service standards or qualities to the satisfaction of a particular group's needs.

**Equity** ensures that services are provided to those who need them, even though they may be unable to pay for the particular service.

This document provides pricing policies for rates, annual charges for services and fees for specific services provided by Council.

## RATES AND CHARGES

### REVENUE POLICY – RATING

#### Rate Pegging

Rate pegging limits the amount that Council can increase its rate revenue from one year to the next by a nominated percentage. The Independent Pricing and Regulatory Tribunal has determined the rate pegging amount for 2022/2023 is 0.8%, including 0.1% population growth factor.

#### Land Valuations

Rates are assessed on a rate in the dollar as a product of the land value supplied by the Valuer General. The Valuation of Land Act requires the Council to assess the rates on the most recent values provided by the Valuer General. A revaluation of the Hawkesbury Local Government Area (LGA) took place in 2019. These valuations were used for rating purposes in 2020/2021, 2021/2022 and will be used again in 2022/2023. The rates levied in the 2022/2023 year will be based on land values totalling \$14,267,759,168 as determined by the NSW Valuer General.

#### Rating Categories

In accordance with Section 514 of the Local Government Act 1993 (Act), each parcel of land within the LGA has been categorised for rating purposes and owners are notified on their annual rate notice.

Under Section 554 of the Act all land is rateable unless it is exempt from rating. Sections 555 and 556 of the Act define the categories under which a parcel of land must fall in order to be eligible for exemption from rating. Ratepayers that are eligible under these sections may apply to Council for exemption from rating.

The Act also provides for all rateable properties to be categorised into one of four categories of ordinary rates as follows:

- Farmland Category
- Mining Category
- Residential Category
- Business Category.

For 2022/2023, Council will levy rates on the following categories and sub-categories.

#### Farmland Category

This Category includes any parcel of rateable land valued as one assessment and the dominant use of the land is for farming. The farming activity must have a significant and substantial commercial purpose or character and must be engaged in for the purpose of profit on a continuous or repetitive basis (whether or not a profit is actually made). Properties which meet these criteria are categorised as 'Farmland'.

#### Residential Category

This Category includes any rateable parcel of land valued as one assessment and the dominant use is for residential accommodation; or if vacant land is zoned or otherwise designated for use for residential purposes under an environmental planning instrument; or is rural residential land.

#### Business Category

This Category includes rateable land that cannot be classified as farmland, residential or mining. Council has three sub-categories established within the Business Category as follows:

- **Business Area 1** – Business rated properties within defined areas in Richmond, Windsor, Vineyard and Mulgrave.

The defined area for Richmond is the area bounded by Lennox Street, Bourke Street, Windsor Street, Hobart Street, Pitt Street, Francis Street, March Street, Chapel Street and East Market Street.

The defined area for Windsor is the area bounded by the Railway Line, Rickaby's Creek, Hawkesbury River, Bridge Street and South Creek.

The defined area for Vineyard and Mulgrave is the area bounded by Windsor Road, South Creek, Railway Road South and Bandon Road.

- **Business Area 2** – Business rated properties within defined areas in North Richmond and South Windsor.

The defined area for North Richmond is the area is bounded by a Radius of 650m from the Centre Point of the intersection of Bells Line of Road, Beaumont Avenue and Grose Vale Road.

The defined area for South Windsor is the area bounded by Macquarie Street, Woods Road, South Creek and the Railway Line.

- **Business Area Other** – All other business rated properties not falling within any of the defined areas in Richmond, Windsor, Vineyard, Mulgrave, North Richmond and South Windsor.

## ORDINARY RATES

For 2022/2023, Council will collect its rating revenue from determined categories and sub-categories thereof predominantly through an ad valorem rate in the dollar, with a base rate being applicable as shown in the table below.

Rate Category/ Sub-Category	No. of Properties	Rateable Land Value	% Land Value	Notional Yield	% of Notional Yield	Ad valorem Rate in \$	Base Amount	Base Amount % of Yield
Residential	24,615	\$12,261,844,321	85.94%	\$36,368,372	83.22%	0.00207668	\$443	29.98%
Business Area 1	814	\$534,127,573	3.74%	\$2,579,026	5.90%	0.00415336	\$443	13.98%
Business Area 2	390	\$314,133,149	2.20%	\$1,477,478	3.38%	0.00415336	\$443	11.69%
Business Area Other	413	\$285,971,925	2.00%	\$1,370,703	3.14%	0.00415336	\$443	13.35%
Farmland	625	\$871,682,200	6.11%	\$1,906,059	4.36%	0.00186901	\$443	14.53%
<b>Total</b>	<b>26,857</b>	<b>\$14,267,759,168</b>	<b>100%</b>	<b>\$43,701,638</b>	<b>100%</b>			

**Base Amount**

Council may levy up to 50% of its rating income (notional yield) within a category or sub-category by way of a Base Amount. The Base Amount applies to a category or sub- category, the applicable base amount is applied equally to all properties within the category or sub-category. After applying the Base Amount to a property, the remainder of ordinary rate applicable to that property is levied through the application of the relevant ad valorem rate (rate in the dollar) to the land value of that property.

A Base Amount is used to more equitably levy the total amount of rates across ratepayers where land values vary greatly within categories of ratepayers or there are disproportionate variations in valuations arising from

a new valuation. Essentially the application of a Base Amount reduces the effect of land valuations on the rates payable.

Section 536 of the Act stipulates the criteria that are relevant in determining the Base Amount. In determining the proportion of rating income to be levied through

a Base Amount for the respective relevant categories and sub-categories, Council has had regard to the extent to which projected ad valorem rates on individual properties do not reflect the cost of providing necessary services and facilities and the degree of congruity and

homogeneity between the values of properties that would be subject to the rate and their spread throughout the area. For the relevant categories and sub- categories,

a rate that is wholly an ad valorem rate would result in an uneven distribution of the rate burden because a comparatively high proportion of assessments would bear a comparatively low share of the total rate burden.

Taking into account these factors, rates from the Residential, Business and Farmland categories are levied on the basis of the proportion of the rating income (notional yield) allowed to be levied through a Base Amount for each Category based on 30% of the Residential Category.

**Notes:**

Variations will occur throughout the budget year between the estimated rate revenue indicated above and the actual income received. Reasons for variations between estimated income and actual income received include:

- Previously non-rateable properties becoming rateable during the year.
- Properties being withheld from rating, pending revised valuation particulars from the Valuer General’s Office. This occurs when properties are subdivided and new valuation particulars are requested for the newly created lots. This usually results in an increase in the valuation base for the following year.
- Properties being rated for previous years upon receipt of new valuation particulars. There is a time delay associated with requesting new valuation particulars. This may result in some properties not being rated for a particular year until subsequent rating periods. This artificially inflates the rating revenue received for the year the rates are actually levied.
- Any change in rating category is to take effect from the following quarter from when the application was received, should that application be successful.

Rating of Subdivided Land

Following the sub-division of a parcel of land, rates cannot be levied on new lots until supplementary valuations have been provided to the Council by the NSW Valuer General and the Council has categorised each of the new parcels.

Once this has happened, Council can levy rates on a pro-rata basis from the date the deposited plan was registered.

When Council levies rates on new parcels of land on a pro-rata basis, an adjustment must be made in respect of the land that existed prior to the subdivision to reflect that rates and charges are only payable on that parcel up until the date of subdivision.

ANNUAL CHARGES

In accordance with Section 501 of the Act, in addition to ordinary rates and special rates, Council may levy an annual charge for any of the following services:

- waste management services
- sewerage services
- water supply services
- drainage services
- any service prescribed by the regulations.

Waste Management

Domestic Waste Management (DWM) Services generally means waste of a kind and quantity ordinarily generated on domestic premises and includes waste that may be recycled and garden organics.

In accordance with Section 504 of the Act, income obtained from charges for domestic waste management has been calculated so as to not exceed the reasonable cost to the council of providing the service. Council separately accounts for income raised through an annual charge for the provision of the DWM service and applies this revenue towards the cost of providing the service.

The DWM service for 2022/2023 includes the applicable bin service, the recycling bin service, the garden organics waste bin service and the one bulk kerbside collection service. DWM services are charged on a per dwelling

basis. Council is required to levy a DWM service availability charge on properties that do not utilise the service but are located within the service area, to reflect the cost of the availability of the service to those properties.

For 2022/2023, Domestic Waste Management charges have been increased by 5% and Business Waste Management charges have been increased by 2.5%.

The table below illustrates the Waste Management charges for 2022/2023.

Charge 2021/2022	Description	Charge 2022/2023

\$108.65	240 litre additional garden organics bin	\$111.35
\$108.65	240 litre additional recycling bin	\$111.35
POA	Multiple waste collection service	POA

The estimated yield from Waste Management charges is \$16,617,983.

Sewerage Service

Council provides reticulated sewerage services to the areas of:

- Bligh Park
- Clarendon
- McGraths Hill and Mulgrave Industrial Area
- Pitt Town
- South Windsor and South Windsor Industrial Area
- Windsor
- Windsor Downs
- Other minor extensions.

Residential Sewerage Charge

Council levies an annual charge for sewerage services provided to each residential dwelling, whether by way of mixed development, single dwelling, dual occupancy, strata or non-strata units/flats. The residential sewer rate is calculated on the basis that revenue raised is sufficient to fund the cost of providing the service, the ongoing sewerage network maintenance and renewal, and major capital works planned for future years.

Business Sewerage Charge

Businesses pay a sewerage charge rate based on usage. Five categories have been derived for volume discharges ranging from less than 1,000L per day (Category 1) to greater than 20,000L per day (Category 5).

Additionally, a Trade Waste Excess Volume Charge applies to the Category 5 discharges. Those businesses with volumes exceeding 20,000 litres per day (Category 5) will attract the excess volume charge for each kilolitre in excess of 20kL per day.

In addition to the excess volume charge, a trade waste mass loading charge may be levied, based on the strength of pollutants in the waste stream in Categories 2, 3, 4 and 5. The mass load will be calculated on the entire volume discharge, not just the

excess, and charged according to pre-determined rates. Mass loading content may include Biochemical Oxygen Demand (BOD), Suspended Solids, Total Grease and Oil, Chemical Oxygen Demand (COD), Total Organic Carbon (TOC), Total Dissolved Solids (TDS) Group 1 Pollutant and other pollutant groups.

Volumes of waste generated consistently above the initial assessed categorisation will result in a review of the nominated category. An appeal mechanism will also enable the category to be reviewed when a property owner feels the assessed volume is too high.

Where industrial or commercial premises contain strata or non-strata units constructed under current planning laws these units are self-contained and considered separate entities; that is each unit contains its own amenities (toilets, showers, sink, canteen etc.). In these cases, a sewerage rate is calculated based on volume discharged to the sewerage system and applied to each unit.

Where industrial or commercial premises contain non-strata units constructed under older planning laws and may not be self-contained, that is where several units share amenities; these units can be aggregated to a single annual charge based on a combined volume discharge to the sewerage system.

Council levies an Unconnected Annual Charge (availability charge) on properties that do not utilise the sewerage service but are located within the service area, to reflect the cost of the availability of the service to those properties.

For 2022/2023, Sewerage charges have been increased by 2.5%.

The table below shows the Sewerage charges for 2022/2023.

Charge 2020/2021	Type of Service	Charge 2021/2022
RESIDENTIAL		
\$931.02	Residential Connected	\$954.30
\$619.97	Residential Unconnected	\$635.50
BUSINESS		
\$1,083.66	Category 1 (<1,000 litres per day)	\$1,110.75
\$5,433.53	Category 2 (1,001 to 5,000 litres per day)	\$5,569.40
\$10,823.88	Category 3 (5,001 to 10,000 litres per day)	\$11,094.50
\$21,581.65	Category 4 (10,001 to 20,000 litres per day)	\$22,121.20
\$21,581.65	Category 5 (>20,000 litres per day)*	\$22,121.20
\$624.72	Business - Unconnected	\$640.35

\* Plus Trade Waste Excess Volume Charge of \$3.57 per kilolitre for Category 5 properties. The estimated yield from Sewerage charges is \$9,625,907.

Sullage Service

Council provides a sullage pump-out service to properties that are not serviced by Sydney Council provides a sullage pump-out service to properties that are not serviced by Sydney Water or the Windsor Sewer Scheme and do not have an on-site sewerage management facility. An annual charge is levied for the Sullage service.

Extra services and Emergency Services may be requested at any time during the financial year at an additional fee per service.

The sullage service charges are calculated on the basis that revenue raised is sufficient to fund the cost of providing the service.

For 2022/2023 Sullage charges have been increased by 2.5%.

The table below shows the Sullage service charges for 2022/2023.

Charge 2021/2022	Type of Service	Charge 2022/2023
RESIDENTIAL		
\$2,605.36	Fortnightly Residential	\$2,670.50
\$5,210.72	Weekly Residential	\$5,341.00
\$209.63	Emergency Service	\$214.90
\$166.94	Extra Service	\$171.10
BUSINESS		
\$28.69	Commercial per 1000 litre (min volume 2500 litre)	\$29.40

The estimated fees from Sullage service charges are \$2,448,646.

Stormwater Management Service Charge

This charge enables Council to deliver an additional \$515K worth of new stormwater infrastructure, \$15K towards a water quality testing program, and \$49K for enhanced maintenance of stormwater infrastructure assets. The charges to be levied are shown in the table below.

Category	Annual Charge
RESIDENTIAL	
Residential	\$25.00
Residential Strata	\$12.50
BUSINESS	
Business	\$25.00 per 350m2, or part thereof, up to a maximum of \$1,500
Business Strata	Pro-rata of the above, based on land valuation apportionment

Total Revenue

The estimated yield from Stormwater Management Service charges is \$542,695.

Drainage Management Charge

The previously referred to stormwater charge has not been applied to the North Richmond (Redbank) area.

Given the unique nature of the stormwater system in the area, a Drainage Management charge under Section 501 of the Local Government Act, 1993, is levied on all properties in the identified urban release area in North Richmond (Redbank), to recover ongoing maintenance and renewal costs, and legislative obligations in regard to the drainage infrastructure in this area.

Funding collected under this charge will be applied specifically to works and maintenance in the collection area.

The Table below shows the Drainage Management charges for 2022/2023.

Charge 2020/2021	Category	Charge 2021/2022
RESIDENTIAL		
\$25.00	Drainage Management	\$30.00
BUSINESS		
\$25.00	Drainage Management	\$30.00

The estimated yield from Drainage Management charge is \$28,380.

PENSIONER CONCESSIONS

Concession on the rates and charges levied are available to eligible pensioners. Council offers a number of rating concessions to pensioners over and above the mandatory concessions. No State Government subsidy is received against these additional concessions.

Pensioner Rebates are only available to eligible pensioners from 1 July in the rating year in which they apply (or from the applicable quarter in the same year).

Ordinary Rates and Domestic Waste Management Service Charge

The Act provides for pension rebates of up to 50% of the aggregated ordinary rates and domestic waste management service charges, to a maximum of \$250.

Under the State’s mandatory Pensioner Concession Scheme, the State Government reimburses Council 55% (up to \$137.50 per property) of the rates and charges written off under the provisions of the Act. Council funds the remaining 45% (up to \$112.50).

This amount has remained unchanged since 1989. The total concession provided has traditionally been in excess of this, being based on 50% of the applicable charge. The additional concession amount is fully funded by Council.

Sullage Service Charge

Council provides eligible pensioners receiving a sullage pump-out service with a pensioner concession additional to that received for rates and garbage. This subsidy is not available to pensioners who have non-eligible adult residents living at their property.

This rebate is fully funded by Council and is based on 50% of the applicable charge. The State Government provides no assistance towards pensioners on the sullage service.

FEES AND CHARGES

Fee Pricing Policy

Council provides a wide range of services to the community and applies fees and charges accordingly. Each fee has been based on the pricing policy relevant and applicable to the fee and in line with competitive neutrality principles.

Code	Pricing Policy	Description
S	Statutory Fee	Price set to comply with statutory legislation
E	External Cost	Price determined by external parties
N	Nil Cost Recovery	No fee charged
P	Partial Cost Recovery	Price partially recovers costs
F	Full Cost Recovery	Price recovers costs attributable to good or service
R	Rate of Return	Price recovers all costs plus a set return
M	Market Rate	Price based on relevant market rate

Section 610E of the Act allows Council to waive payment of, or reduce a fee in a particular case if is satisfied that the case falls within a category of hardship or any other category that Council has determined it may consider waiving payment, or reducing a fee for this category.

This does not apply to statutory, or otherwise regulated fees and charges.

Meeting Rooms – Deerubbin Centre

The meeting rooms in the Deerubbin Centre are available for hire or for free use as follows:

Free Use – Meeting Rooms Deerubbin Centre

Local Community Group (for the purposes of Hawkesbury City Council’s fees and charges) and therefore be eligible for free use of meeting rooms at the Deerubbin Centre, all of the following five criteria must be met (supportive documentation may be required):

- a) An organised, volunteer, membership-based group whose objective is to support or engage in activities of public interest and;
- b) Operates on a non-profit basis and received no government funding to provide services and;
- c) Is located within the Hawkesbury Local Government Area (LGA) or can provide documented evidence that a least 50% of their membership base resides in the Hawkesbury LGA and;
- d) Provides community or cultural benefits to the residents of the LGA and;
- e) Be a non-political group.

Pays Fees and Charges

All other hires of the meeting rooms at the Deerubbin Centre, with the exception of Local Community Groups, as defined above, are subject to the fees as outlined in the Fees and Charges. Council has determined the following categories:

Category	Description
Hardship	Where there is evidence that the payment of the fee or charge will impose unreasonable financial hardship on the applicant given their particular circumstances
Charity	Where the applicant is a registered charity and the fee is for a service that will enable the provision of charitable services
Not For Profit	Where the applicant is an organisation that holds not for profit status and the fee is for a service that will enable the achievement of their objectives and betterment for the Hawkesbury community
Commercial	To attract functions or activities to the Hawkesbury Local Government Area, where there is a longer-term benefit to the Hawkesbury community
Natural Disaster Relief	Where the applicant has been adversely impacted as a result of a natural disaster. Waiving of any fees is subject to Council Resolution.

The following principles will be considered when applying any reduction or waiver of a fee or charge:

- compliance with statutory requirements
- fairness and consistency
- integrity
- equity
- transparency
- commerciality.

The Council will directly, or through delegated authority, assess and make determinations on requests for reduction or waiver of fees in accordance with the above Categories.

Goods and Services Tax (GST)

Council has registered for GST. The ABN of Council is 54 659 038 834.

Fees and Charges have been based on the best available information in relation to the GST impact on the fees and charges at time of publication. It should be noted that all fees and charges are subject to change in accordance with amendments to the Goods and Services Tax Legislation and subsequent ATO rulings and regulations.

The 2022/2023 fees listed are inclusive of GST where applicable.

Statutory Fees and Charges

Statutory Fees are those fees determined by legislative requirements or determined by Ministerial decision. Prices set by State or Federal legislation as new or amended are applicable from the date of gazettal without further notice given. Council may apply any new fees of this nature.

Kerb and Guttering Contributions by Adjoining Owners

The Act provides that recovery from the adjoining owner of a property may be made for up to 50% of the costs of the construction of kerbing and guttering. This applies for all future works, upon completion, with 50% of costs recovered for the adjoining front boundary and 25% of the costs recovered for the side boundary constructions on corner blocks.

Interest on Overdue Rates and Annual Charges

In accordance with Section 566 of the Act, the interest rate charged on overdue rates and charges for 2022/2023 by Council, is set at up to the maximum permitted by the Minister for Local Government.

Interest on Overdue Sundry Debts

Sundry Debts greater than 180 days may incur interest charges at the same rate which is applicable to overdue rates.

Legal Charges

Legal fees charged on applicable outstanding Rates and Charges are levied in accordance with the Schedule provided by NSW Courts.

Payment of Interest Securities

Upon application, interest is paid on security deposits due for refund. Interest payable is calculated at the equivalent rate achieved on investments less the administration charge.

Proposed Borrowings

In accordance with Section 405(2) of the Act and Clause 201 of the Local Government (General) Regulation 2021, Council is required to provide a statement of:

- the amounts of any proposed borrowings (other than internal borrowing)
- the sources from which they are proposed to be borrowed
- the means by which they are proposed to be secured

Council intends on borrowing \$7million via an external loan in 2022/2023 to bring forward needed infrastructure renewal works. The loan will be secured by Council's income in accordance with Clause 23 of the Local Government (General) Regulation, 2021.

Financial Assistance given by Council

Council may seek to advance its strategic and operational objectives by providing financial and other support to individuals, community groups and business entities. In line with Section 356 of the Act, Council may by way of resolution, contribute money or otherwise grant financial assistance.

To facilitate the provision of financial assistance to individuals, community groups and business entities, Council has adopted a Sponsorship Policy and established a Community Sponsorship Program. The Community Sponsorship Program provides financial assistance to projects and activities which deliver on the objectives of the Hawkesbury Community Strategic Plan and other plans adopted by Council.

Council also contributes funding towards the staging of the Hawkesbury City Eisteddfod and the rental of the Council owned building occupied by the Women's Cottage.

Council provides a range of in-kind services through the provision of staff and the use free of charge of community rooms and other Council owned buildings.

Pays Fees and Chargers

All other hires of the meeting rooms at the Deerubbin Centre, with the exception of Local Community Groups, as defined above, are subject to the fees as outlined in the Fees and Charges. Council has determined the following categories:

Group Category	Description of Group/Individual	Subject to Hire Fee?
A	<b>Category A includes:</b> 1. Local Government Area (LGA) Community Groups To be defined as a LGA Community Group (for the purposes of Hawkesbury's City Council's fees and charges), and therefore be eligible for free use of community rooms all of the following five criteria must be met (supportive documentation may be required): a. An organised, volunteer, membership-based group whose objective is to support or engage in activities of public interest and; b. Operates on a non-profit basis and receives no government funding to provide services and; c. Is located with the Hawkesbury LGA or can provide evidence that at least 50% of their membership resides in the Hawkesbury LGA and; d. Provides community or cultural benefits to the residents of Hawkesbury LGA and; e. Is not a political party.	NO
