Overview of the Plan

Summary of service and functions

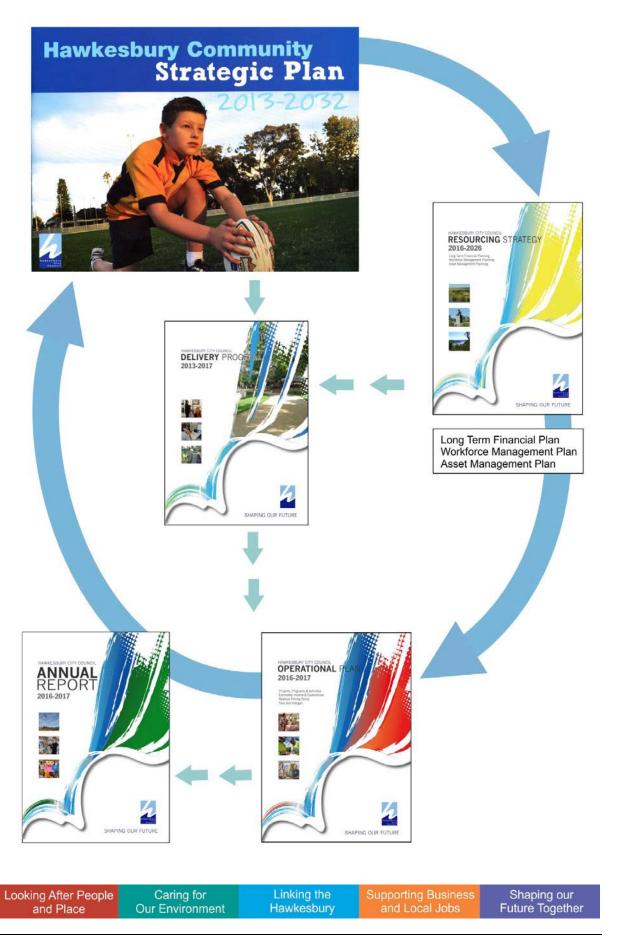

The Hawkesbury Community Strategic Plan (CSP) is a high level plan that outlines the key community aspirations and sets the essential direction for future Council activities and decision making.

The CSP is divided into five key themes and incorporates the NSW Office of Local Government's (OLG) social, economic, environmental and governance strategic principles.

Each of the five themes are supported with a vision statement, directions, strategies, goals and measure, to assist Council and the community to achieve its objectives.

How our Plans work together

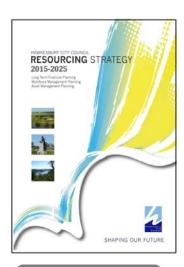

The Delivery Program

Details the principal activities to be undertaken by Council over the Council term to implement the Community Strategic Plan strategies

The Workforce Management Plan

The Asset Management Plan

The Long Term Financial Plan

The Operational Plan

- Projects, Programs and Activities
- 2016-2017 Operational Plan Project Funding
- Budgeted Income
 Statement
- Operating Expenditure Summary
- CSP Theme Budget Estimates
- Capital Works Programs
- Infrastructure Renewal Program
- Statement of Revenue Policy

How will progress on the CSP be reported?

Reports will be prepared as follows:

• **Every quarter:** Budget Review Statements with respect to the Operational Plan will be reported to Council.

• Every six months: Progress Reports with respect to the principle activities in the

Delivery Program will be reported to Council. The projects,

programs and activities of the relevant Operational Plan will be used

as the basis of this report.

• Annually: Annual Report on the achievements in implementing the Delivery

Program and the Operational Plan regarding effectiveness of the principle activities undertaken in achieving the strategies in the Community Strategic Plan. Also includes a copy of Council's audited financial reports. The Annual Report is provided to the Office of

Local Government.

2016/2017 Estimates of Income and Expenditure

Impact of Hawkesbury-Hills (part) Merger Proposal

On the 6 January 2016, the Minister for Local Government proposed a merger between Hawkesbury City Council and part of The Hills Shire Council. The Minister has referred this proposal to the Chief Executive Office of Local Government for examination and report under the *Local Government Act* 1993. The Chief Executive has delegated this function to a Delegate, Mr Gary West. It is expected that the outcome of the proposal examination and reporting process will be known around mid-2016.

In line with advice from the Department of Premier and Cabinet, Council has prepared the 2016/2017 Operational Plan (OP) and associated Budget, Revenue Policy and Fees and Charges based primarily on the direction provided in the existing 2013-2017 Delivery Program (DP) and 2015-2025 Long Term Financial Plan (LTFP).

Both the DP and LTFP are based on Council continuing on a "Stand Alone" basis, without being subject to a merger. This premise, and the assumptions used as part of preparation of the OP are in accordance with Council's resolution to oppose the proposed merger.

Should the Minister for Local Government determine that Hawkesbury and The Hills (part) Councils are to amalgamate; the assumptions used to formulate the budget will be impacted.

The assumptions used for key budget areas in the 2016/2017 Operational Plan are listed in the table below.

Budget Area	Assumption
Services	The budget generally maintains the services and service levels in the 2015/2016 Operational Plan.
Staff Establishment	The budget maintains the staff establishment in the 2015/2016 Operational Plan.
Capital Works Program	The budget includes capital works commitments identified in the 2013-2017 Delivery Program and those required as part of Council's Asset Management Plans.
Rates	The budget includes the 1.8% rate peg increase, as determined by the Independent Pricing and Regulatory Tribunal.
Annual Charges and User Fees	The budget generally maintains the existing approach to annual charges and pricing methodologies for user fees and charges.
Financial Assistance Grants	The budget assumes a 3% reduction in the Financial Assistance Grant, in line with observed reductions over the prior two financial years, as a result of relatively limited population growth in the Local Government Area.

Glossary of Terms

To assist in the understanding of the budgeted estimates of income and expenditure included within this section of the 2016/2017 Operational Plan, a glossary of terms has been provided below.

Term	Definition
Application of capital funding	Various categories of capital expenditure, sorted by asset class and whether works are new or renewal.
Capital expenditure	Costs associated with works that improve the level of service able to be provided to the community from an asset.
Capital funding	Funds used to provide capital expenditure.
Consultants	Professionals that are external to Council, used to provide expert advice when either resources are not available internally, or independence is required.
Contributions – outside bodies	Funds that are contributed by Council towards other organisations. These contributions are either regulated or required for Council to participate or be represented by the organisation. Organisations include the EPA, State Planning Commission, Hawkesbury River County Council, WSROC and the Regional Strategic Alliance.
Depreciation	Costs that reflect the consumption of the value of an asset over time.
Employee Costs	Expenses incurred relating to the employment of salary and wages staff, including: worked time, allowances, overtime, leave entitlements, staff training, superannuation, workers compensation and casuals.
Expenditure from continuing operations	Costs incurred in relation to Council providing goods and services to the community.
Income from continuing operations	Income generated by Council to fund the provision of goods and services to the community.
Overheads	Distribution of internal service costs incurred, that are not directly allocated. For example, payroll processing, IT support and hardware, corporate governance, word processing and risk management.
Net capital expenditure	The net result of deducting the capital expenditure from capital funding.
Net operating result	The result from deducting expenses from income relating to continuing operations.
New Assets	The acquisition of or the upgrade/extension of current infrastructure assets, such as buildings, roads, sewer and parks.
Renewal of Assets	Capital expenditure that is required to bring or retain infrastructure assets at a satisfactory level to provide adequate services.
Reserves	Funds dedicated for specific purposes. For example, Developer contributions received are held in reserve until enough money exists to fund works identified in a Contributions Plan.
(Surplus)/Deficit	If income is greater than expenditure, a surplus results and is indicated by a negative value in the Budgeted Income Statement. If expenditure is greater than income, a deficit results and is indicated by a positive value in the Budgeted Income Statement.

Revenue Policy, Rates and Annual Charges, Fees and Charges and Proposed Borrowings

Statement of Revenue Policy

Local Government is the tier of Government which is closest to the people. Hawkesbury City Council exists to provide a wide range of services for the benefit of its local community. Council has to operate in a complex, legislative, economic and social framework. With participation of the community, services and facilities are provided in an efficient, effective and a businesslike manner.

The businesslike approach in the provision of these services and facilities, takes into consideration the following:

- a large part of Council's revenue comes from ratepayers who expect a certain level and quality of service for their contribution by rates
- Council's pricing policies and budgets are developed by representatives of the community
- Council receives grants from other spheres of Government, which may prescribe policies and pricing practices
- Commonwealth and State legislation is often prescriptive in relation to certain areas of the power of Local Government.

The traditional role of councils to provide physical and property based services has evolved into a far more complex one, which involves the provision of a wide range of physical, social and recreational services and facilities. Communities are demanding both a wider range and higher quality of service. Operating in an economic environment of tight fiscal and financial constraint, the availability of additional funds from other levels of government has been restricted.

It is within this context that the Statement of Revenue Policy has been developed for the 2016/2017 Financial Year.

Types of Revenue

The sources of funds to enable Council to carry out its works and services and provision of facilities are from the following revenue categories:

- rates
- annual charges for services
- fees for services
- Federal and State Government grants
- borrowings
- earnings from investments and entrepreneurial activities.

Critical to the development of the Statement of Revenue Policy is that the principles of efficiency, effectiveness and equity are demonstrated.

Efficiency ensures that resources are devoted to the most valuable ends as determined by Council, whilst using as few resources as possible. It relates to the cost at which services and facilities as desired by the community are delivered or provided.

Effectiveness relates to the satisfaction of stated objectives so that outcomes of decisions and the needs and demands of consumers are taken into consideration. Effectiveness is clearly demonstrated by the relative service standards or qualities to the satisfaction of a particular group's needs.

Equity ensures that services are provided to those who need them, even though they may be unable to pay for the particular service.

This document provides pricing policies for rates, annual charges for services and fees for specific services provided by Council.

Rates and Charges – 2016/2017

Revenue Policy - Rating

Rate Pegging

The NSW Government introduced rate pegging in 1987. Rate pegging limits the amount that Council can increase its rate revenue from one year to the next by a nominated percentage.

The Independent Pricing and Regulatory Tribunal has determined the rate pegging amount for 2016/2017 is 1.8%. Revenue figures quoted for general rates are prepared on the basis of this percentage increase plus an allowable increase to recover abandonments in line with the relevant provisions of the Act.

General income comprises income from ordinary rates and special rates, if applicable. It does not include income from Waste Management service charges, Windsor Sewer Scheme service charges or Sullage service charges.

Valuations

Rates are assessed on a rate in the dollar as a product of the land value supplied by the Valuer General. The Valuation of Land Act requires the Council to assess the rates on the most recent values provided by the Valuer General. A revaluation of the Hawkesbury Local Government Area (LGA) took place in 2014. These valuations were used for the first time for rating purposes in 2015/2016 and will be used again in 2016/2017 and 2017/2018. The rates levied in the 2016/2017 year will be based on land values totalling \$8,546,298,832 as at 1 July 2016, as determined by the NSW Valuer General.

Rating Categories

In accordance with Section 514 of the Local Government Act 1993 (Act), each parcel of land within the LGA has been categorised for rating purposes and owners are notified on their annual rate notice.

Under Section 554 of the Act all land is rateable unless it is exempt from rating. Sections 555 and 556 of the Act define the categories under which a parcel of land must fall in order to be eligible for exemption from rating. Ratepayers that are eligible under these sections may apply to Council for exemption from rating.

The Act also provides for all rateable properties to be categorised into one of four categories of ordinary rates as follows:

- Farmland Category
- Mining Category
- Residential Category
- Business Category.

For 2016/2017, Council will levy rates on the following categories and sub-categories:

Farmland Category

This Category includes any parcel of rateable land valued as one assessment and the dominant use of the land is for farming. The farming activity must have a significant and substantial commercial purpose or character and must be engaged in for the purpose of profit on a continuous or repetitive basis (whether or not a profit is actually made). Properties which meet these criteria are categorised as 'Farmland'.

Residential Category

This Category includes any rateable parcel of land valued as one assessment and the dominant use is for residential accommodation; or if vacant land is zoned or otherwise designated for use for residential purposes under an environmental planning instrument; or is rural residential land.

Rural Residential Sub - Category

Council has established a Sub-Category within its Residential Category to incorporate land which can be classified as Rural Residential in accordance with the provisions of the Act. This Sub-Category includes land that:

- a) is the site of a dwelling, and
- b) is not less than 2 hectares and not more than 40 hectares in area, and
- c) is either:
 - not zoned or otherwise designated for use under an environmental planning instrument, or
 - (ii) zoned or otherwise designated for use under such an instrument for non-urban purposes, and
- d) does not have a significant and substantial commercial purpose or character.

Residential land falling outside the definition of Rural Residential land is classified as Residential.

Business Category

This Category includes rateable land that cannot be classified as farmland, residential or mining. Council has three sub-categories established within the Business Category as follows:

• **Business Area 1** – Business rated properties within defined areas in Richmond, Windsor, Vineyard and Mulgrave.

The defined area for Richmond is the area is bounded by Lennox Street, Bourke Street, Windsor Street, Hobart Street, Pitt Street, Francis Street, March Street and Castlereagh Road.

The defined area for Windsor is the area bounded by the Railway Line, Rickaby's Creek, Hawkesbury River, Bridge Street and South Creek.

The defined area for Vineyard and Mulgrave is the area is bounded by Windsor Road, South Creek, Railway Road South and Bandon Road.

• **Business Area 2** – Business rated properties within defined areas in North Richmond and South Windsor.

The defined area for North Richmond is the area is bounded by a Radius of 650m from the Centre Point of the intersection of Bells Line of Road, Beaumont Avenue and Grose Vale Road.

The defined area for South Windsor is the area bounded by Macquarie Street, Woods Road, South Creek and the Railway Line.

• **Business Area Other** – All other business rated properties not falling within any of the defined areas in Richmond, Windsor, Vineyard, Mulgrave, North Richmond and South Windsor.

Rating Method

Council determines by way of a resolution whether an ordinary rate that it levies in respect of any category or sub-category is subject to a minimum rate or whether it incorporates a base amount. A minimum rate or base amount is applied across all the relevant category or sub-category. Council may have a minimum rate for some categories or sub-categories, and a base amount for other categories or sub-categories.

Minimum Rate

If Council has resolved that a Minimum Rate applies to a category or sub-category, the minimum rate is applied to each respective property where the ordinary rates resulting from applying the ad valorem amount (rate in the dollar) to the land value of the property falls below a specified level, this being the Minimum Rate. In these cases, the Minimum Rate would be payable.

Base Amount

Council may levy up to 50% of its rating income (notional yield) within a category or sub-category by way of a Base Amount. If Council has resolved that a Base Amount applies to a category or sub-category, the applicable base amount is applied equally to all properties within the category or sub-category. After applying the Base Amount to a property, the remainder of ordinary rate applicable to that property is levied through the application of the relevant ad valorem rate (rate in the dollar) to the land value of that property.

A Base Amount is used to more equitably levy the total amount of rates across ratepayers where land values vary greatly within categories of ratepayers or there are disproportionate variations in valuations arising from a new valuation. Essentially the application of a Base Amount reduces the effect of land valuations on the rates payable.

Where a Base Amount is applied, it does not impact on the total overall rating income levied from that category or sub-category but merely results in a redistribution of the rates burden within that category or sub-category.

Section 536 of the Act stipulates the criteria that are relevant in determining the Base Amount. In determining the proportion of rating income to be levied through a Base Amount for the respective relevant categories and sub-categories, Council has had regard to the extent to which projected ad valorem rates on individual properties do not reflect the cost of providing necessary services and facilities and the degree of congruity and homogeneity between the values of properties that would be subject to the rate and their spread throughout the area. For the relevant categories and subcategories, a rate that is wholly an ad valorem rate would result in an uneven distribution of the rate burden because a comparatively high proportion of assessments would bear a comparatively low share of the total rate burden.

Taking into account these factors, rates from the Residential and Business categories, and Rural Residential sub-category are levied on the basis of the highest proportion of the rating income (notional yield) allowed to be levied through a Base Amount, this being approximately 50%, applicable to the respective category or sub-category.

Ordinary Rates 2016/2017

For 2016/2017, Council will collect its rating revenue from determined categories and sub-categories thereof predominantly through an ad valorem rate in the dollar, with a minimum rate or base rate being applicable as shown in the below table.

Rate Category/Sub- Category	No. of Properties	Rateable Land Value	% Land Value	Notional Yield	% of Notional Yield	Ad valorem Rate in \$	Minimum Rate	Base Amount	Base Amount % of Yield
Residential	19,004	\$5,007,111,653	58.49%	\$19,805,471	65%	0.198184	-	\$520	49.90%
Residential-Rural Residential	4,366	\$2,352,448,700	27.48%	\$6,093,975	20%	0.130060	-	\$695	49.79%
Business Area 1	750	\$322,351,854	3.77%	\$1,473,295	5%	0.231359	-	\$970	49.38%
Business Area 2	332	\$157,434,978	1.84%	\$686,280	2%	0.231359	-	\$970	46.93%
Business Area Other	427	\$204,540,447	2.39%	\$887,412	3%	0.231359	-	\$970	46.67%
Farmland	582	\$516,604,000	6.03%	\$1,523,494	5%	0.294750	\$533	-	
Total	25,461	\$8,560,491,632	100%	\$30,469,875	100%				

Notes:

Variations will occur throughout the budget year between the estimated rate revenue indicated above and the actual income received. Reasons for variations between estimated income and actual income received include:

- Previously non-rateable properties becoming rateable during the year.
- Properties being withheld from rating, pending revised valuation particulars from the Valuer General's Office. This occurs when properties are subdivided and new valuation particulars are requested for the newly created lots. This usually results in an increase in the valuation base for the following year.
- Properties being rated for previous years upon receipt of new valuation particulars. There
 is a time delay associated with requesting new valuation particulars. This may result in
 some properties not being rated for a particular year until subsequent rating periods. This
 artificially inflates the rating revenue received for the year the rates are actually levied.
- Properties that are subdivided will have the new valuations used for rating from 1 July
 the following year from when the Plan was registered. This is also the case when part of
 a property is sold whereby the new valuations are to be used from 1 July the following
 year from when the sale took place.
- Any change in rating category is to take effect from the following quarter from when the application was received, should that application be successful.

Special Rates

In addition to the Ordinary Rates, the Act makes provision for a Special Rate. Special rates may be considered by Council if it wishes to finance a project that will benefit either the whole of the City or part of the City. A project may be comprised of works, services, facilities or activities.

A special rate can be levied on any rateable land, which in the Council's opinion, benefits or will benefit from the project in question; or contributes to the need for the project; or has access to the project. Council may levy different special rates for various projects, or for similar projects in different parts of its area.

Council is not proposing any special rates for 2016/2017.

Annual Charges

In accordance with Section 501 of the Act, in addition to ordinary rates and special rates, Council may levy an annual charge for any of the following services:

- waste management services
- sewerage services
- water supply services
- drainage services
- any services prescribed by the regulations.

Waste Management Services

Waste Management services for which an annual charge may be charged under Section 501 includes trade waste and commercial waste. Annual charges for Domestic Waste Management services are charged under Section 504 of the Act.

For 2016/2017, the Office of Environment and Heritage is estimated to increase the Section 88 Waste Levy from \$133.10 to \$135.40 per tonne, representing an increase of \$2.30 per tonne or 1.73%. This increase has been incorporated into the determination of various relevant Waste Management charges for 2016/2017.

Domestic Waste Management

Domestic Waste Management (DWM) Services generally means waste of a kind and quantity ordinarily generated on domestic premises and includes waste that may be recycled and garden organics.

In accordance with Section 504 of the Act, income obtained from charges for domestic waste management has been calculated so as to not exceed the reasonable cost to the council of providing the service. Council separately accounts for income raised through an annual charge for the provision of the DWM service and applies this revenue towards the cost of providing the service.

The DWM service for 2016/2017 includes the applicable bin service, the recycling bin service, the garden organics waste bin service and the kerbside collection service. DWM services are charged on a per dwelling basis. Council is required to levy a DWM service availability charge on properties that do not utilise the service but are located within the service area, to reflect the cost of the availability of the service to those properties.

For 2016/2017, Domestic and Business Waste Management charges have been increased by 5.00%.

The below table illustrates the Waste Management charges for 2016/2017.

Charge 2015/2016	Description	Charge 2016/2017
DOMESTIC		
Without Garden O	rganics Service	
\$490.68	240 litre bin - Weekly	\$515.21
\$310.38	140 litre bin - Weekly	\$325.90
\$310.38	240 litre bin - Fortnightly	\$325.90
\$217.94	140 litre bin – Fortnightly	\$228.84
With Garden Orga	nics Service	
\$560.91	240 litre bin - Weekly	\$588.96
\$380.62	140 litre bin - Weekly	\$399.65
General Services		
\$141.83	Availability - Weekly	\$148.92
\$70.91	Availability - Fortnightly	\$74.46
\$82.31	240 litre additional garden organics bin	\$86.43
\$82.31	240 litre additional recycling bin	\$86.43
POA	Multiple waste collection service	POA
BUSINESS		
\$677.16	240 litre bin - Weekly	\$711.02
\$414.38	140 litre bin - Weekly	\$435.10
\$82.31	240 litre additional garden organics bin	\$86.43
\$82.31	240 litre additional recycling bin	\$86.43
POA	Multiple waste collection service	POA

Sewerage Service

Council provides reticulated sewerage services to the areas of:

- Bligh Park
- Clarendon
- McGraths Hill and Mulgrave Industrial Area
- Pitt Town
- South Windsor and South Windsor Industrial Area
- Windsor
- Windsor Downs
- Other minor extensions.

Residential Sewerage Charge

Council levies an annual charge for sewerage services provided to each residential dwelling, whether by way of mixed development, single dwelling, dual occupancy, strata or non-strata units/flats. The residential sewer rate is calculated on the basis that revenue raised is sufficient to fund the cost of providing the service, the ongoing sewerage network maintenance and renewal, and major capital works planned for future years.

Business Sewerage Charge

Businesses pay a sewerage charge rate based on usage. Five categories have been derived for volume discharges ranging from less than 1,000 litres per day (Category 1) to greater than 20,000 litres per day (Category 5).

Additionally, a Trade Waste Excess Volume Charge applies to the Category 5 discharges. Those businesses with volumes exceeding 20,000 litres per day (Category 5) will attract the excess volume charge for each kilolitre in excess of 20KL per day.

In addition to the excess volume charge, a trade waste mass loading charge may be levied, based on the strength of pollutants in the waste stream in Categories 2, 3, 4 and 5. The mass load will be calculated on the entire volume discharge, not just the excess, and charged according to predetermined rates. Mass loading content may include Biochemical Oxygen Demand (BOD); Suspended Solids, Total Grease and Oil and other pollutant groups.

Volumes of waste generated consistently above the initial assessed categorisation will result in a review of the nominated category. An appeal mechanism will also enable the category to be reviewed when a property owner feels the assessed volume is too high.

Where industrial or commercial premises contain strata or non-strata units constructed under current planning laws these units are self-contained and considered separate entities; that is each unit contains its own amenities (toilets, showers, sink, canteen etc.). In these cases, a sewerage rate is calculated based on volume discharged to the sewerage system and applied to each unit.

Where industrial or commercial premises contain non-strata units constructed under older planning laws and may not be self - contained, that is where several units share amenities; these units can be aggregated to a single annual charge based on a combined volume discharge to the sewerage system.

Council levies an Unconnected Annual Charge (availability charge) on properties that do not utilise the sewerage service but are located within the service area, to reflect the cost of the availability of the service to those properties.

For 2016/2017, Sewerage charges have been increased by 6.00%.

The below table shows the Sewerage charges for 2016/2017.

Charge 2015/2016	Type of Service	Charge 2016/2017
	RESIDENTIAL	
\$666.47	Residential Connected	\$706.46
\$443.84	Residential Unconnected	\$470.47
	BUSINESS	
\$775.79	Category 1 (<1,000 litres per day)	\$822.34
\$3,889.84	Category 2 (1,001 to 5,000 litres per day)	\$4,123.23
\$7,748.76	Category 3 (5,001 to 10,000 litres per day)	\$8,213.69
\$15,450.21	Category 4 (10,001 to 20,000 litres per day)	\$16,377.22
\$15,450.21 (plus volumetric)	Category 5 (>20,000 litres per day)*	\$16,377.22 (plus volumetric)
\$447.23	Business - Unconnected	\$474.06

^{*} Plus Trade Waste Excess Volume Charge of \$2.95 per kilolitre for Category 5 properties.

Sullage Service

Council provides a sullage pump-out service to properties that are not serviced by Sydney Water or the Windsor Sewer Scheme and do not have an on-site sewerage management facility. An annual charge is levied for the Sullage service.

Extra services and Emergency Services may be requested at any time during the financial year at an additional fee per service.

The sullage service charges are calculated on the basis that revenue raised is sufficient to fund the cost of providing the service and future rehabilitation works.

For 2016/2017, Sullage charges have been increased by 8.00%.

The following table shows the Sullage service charges for 2016/2017.

Charge 2015/2016	Type of Service	Charge 2016/2017
	RESIDENTIAL	
\$1,821.43	Fortnightly Residential	\$1,967.14
\$3,642.89	Weekly Residential	\$3,934.32
\$146.55	Emergency Service	\$158.27
\$116.71	Extra Service	\$126.05
	BUSINESS	
\$20.06	Commercial per 1000 litre (min volume 2500litre)	\$21.66

Pensioner Concessions

Concession on the rates and charges levied are available to eligible pensioners. Council has in excess of 3,100 eligible pensioners who receive concessions on their annual rates and charges. Different concessions are available for the varying charges.

Council offers a number of rating concessions to pensioners over and above the mandatory concessions. No State Government subsidy is received against these additional concessions.

In September 2007, the Federal Government amended the asset requirements for pensioner applications which have resulted in an increase in the number of pensioners eligible for a pensioner rebate which in turn has increased the cost in this area to Council.

Pensioner Rebates are only available to eligible pensioners from 1 July in the rating year in which they apply (or from the applicable quarter in the same year).

Ordinary Rates and Domestic Waste Management Service Charge

The Act provides for pension rebates of up to 50% of the aggregated ordinary rates and domestic waste management service charges, to a maximum of \$250.

Under the State's mandatory Pensioner Concession Scheme, the State Government reimburses Council 55% (up to \$137.50 per property) of the rates and charges written off under the provisions of the Act. Council funds the remaining 45% (up to \$112.50).

Sewerage Service Charge

A concession is available to eligible pensioners who are subject to the residential connected charge under the Windsor Sewerage Scheme. The mandatory concession in respect to Sewerage charges is \$87.50 of which the State Government provides a reimbursement to Council of 55% (\$48.13). This amount has remained unchanged since 1989. The total concession provided has traditionally been in excess of this, being based on 50% of the applicable charge. The additional concession amount is fully funded by Council.

Council funds the difference between the total concession and the mandatory concession less the reimbursement, which for 2016/2017 will be \$305.10 per property.

Sullage Service Charge

Council provides eligible pensioners receiving a sullage pump-out service with a pensioner concession additional to that received for rates and garbage. This subsidy is not available to pensioners who have non-eligible adult residents living at their property.

This rebate is fully funded by Council and is based on 50% of the applicable charge. The State Government provides no assistance towards pensioners on the sullage service.

Fees and Charges

Fee Pricing Policy

Council provides a wide range of services to the community and applies fees and charges accordingly. Each fee has been based on the pricing policy relevant and applicable to the fee and in line with competitive neutrality principles.

Code	Pricing Policy	Description
S	Statutory Fee	Price set to comply with statutory legislation
Е	External Cost	Price determined by external parties
N	Nil Cost Recovery	No fee charged
Р	Partial Cost Recovery	Price partially recovers costs
F	Full Cost Recovery	Price recovers costs attributable to good or service
R	Rate of Return	Price recovers all costs plus a set return
М	Market Rate	Price based on relevant market rate

Section 610E of the Local Government Act, 1993, allows Council to waive payment of, or reduce a fee in a particular case if is satisfied that the case falls within a category of hardship or any other category that Council has determined it may consider waiving payment, or reducing a fee for this category. This does not apply to statutory, or otherwise regulated fees and charges.

Council has determined the following categories:

Category	Description
Hardship	Where there is evidence that the payment of the fee or charge will impose unreasonable financial hardship on the applicant given their particular circumstances
Charity	Where the applicant is a registered charity and the fee is for a service that will enable the provision of charitable services
Not For Profit	Where the applicant is an organisation that holds "not for profit" status and the fee is for a service that will enable the achievement of their objectives and betterment for the Hawkesbury community
Commercial	To attract functions or activities to the Hawkesbury Local Government Area, where there is a longer term benefit to the Hawkesbury community

The following principles will be considered when applying any reduction or waiver of a fee or charge:

- compliance with statutory requirements
- fairness and consistency
- integrity
- equity
- transparency.

The Council will directly, or through delegated authority, assess and make determinations on requests for reduction or waiver of fees in accordance with the above Categories.

Community Rooms - Deerubbin Centre

The community rooms in the Deerubbin Centre are available for hire or for free use. Hirers/Users are categorised as follows:

Group Category	Description of Group/Individual	Subject to Hire Fee?
Α	Category A includes:	No
A	 Local political party entities whose members are volunteers and which do not charge attendees any entry fee, and Local Government Area (LGA) Community Groups. To be defined as an LGA or Local Community Group (for the purposes of Hawkesbury City Council's fees and charges), and therefore be eligible for free use of community rooms, all of the following six criteria must be met (supportive documentation may be required): An organised, volunteer, membership-based group whose objective is to support or engage in activities of public interest and; Operates on a non-profit basis and; Is located within the Hawkesbury Local Government Area (LGA) or can provide documented evidence that at least 50% of their membership base resides in the Hawkesbury LGA and; Provides community or cultural benefits to the residents of the Hawkesbury LGA and; Charges no entry fee when using the community room/s and; Charges no fees for services rendered when using the community room/s. 	No
	 Goods, which are hand made by the local community group members, such as art, craft and design and their associated publications, may be sold when Local Community Groups use community room/s. 	

Group Category	Description of Group/Individual	Subject to Hire Fee?
	 Not all non-profit organisations meet Category A criteria. Category A excludes: consortiums or organised groups of businesses where the primary purpose of coming together is to promote goods and services and develop for-profit activities. 	
В	Category B includes	Yes
	 Non LGA community groups that are organised, volunteer and membership-based and operate on a non-profit basis. Self-employed persons for the purpose of providing service to the community on a cost recovery basis only. Non-profit organisations with reasonable means, for example lease of own facilities, or ownership of assets including money and property. 	
С	Category C includes	Yes
	 Commercial, for profit businesses. Groups or organisations that distribute money that it makes to its members. Consortiums or organised groups of businesses where the primary purpose of coming together is to promote goods and services and develop for-profit activities, for example: product launches and demonstrations; luncheons; tradeshows; swap meets. Self-employed persons for the purpose of providing services to the public for personal profit. State, Federal and Local Government (except Hawkesbury City Council) departments or agencies. Non-Government Organisations operating under State, Federal and Local government auspices or funding arrangements. Non-profit organisations with substantial means, for example ownership of assets or paid staff. 	

Category A hirers have free use of the community rooms within the Deerubbin Centre. Category B and C hirers are subject to hire fees as outlined in the Fees and Charges.

Financial Assistance given by Council

Council may seek to advance its strategic and operational objectives by providing financial and other support to individuals, community groups and business entities. In line with Section 356 of the Act, Council may by way of resolution, contribute money or otherwise grant financial assistance.

To facilitate the provision of financial assistance to individuals, community groups and business entities, Council has adopted a Sponsorship Policy and established a Community Sponsorship Program. The Program provides for the following categories of financial assistance:

- a) **3 Year Event Sponsorship** where community groups or business entities can apply for financial assistance to stage not-for-profit civic, community or cultural events which addresses a community need or objective identified in Council's adopted strategic and other plans.
- b) Access to Community Facilities where members of the public or community groups can apply for financial assistance to meet a portion of the costs of hiring a Council or community facility to conduct social, recreational, cultural or other not-for-profit activities

- c) **Program or Activity Seeding Grant** where members of the public or community groups can apply for financial assistance to conduct community and cultural programs and activities; or to purchase community resources and complete minor capital works; or to undertake public education and awareness programs. To be eligible for funding under this category, the applicant's proposal must address a need or objective identified in Council's adopted strategic and other plans;
- d) **Minor Assistance** where individuals and community groups can apply for a donation or financial assistance for requests which may fall outside the scope of activities identified above. These requests can involve donations which deliver an "individual gain" to a member of the public as outlined in Section 356 of the Act where the donation enables an individual or community group to compete in a civic, cultural, philanthropic, or sporting events or competitions in a representative capacity.
- e) Accessibility Improvements where community agencies and business owners who operate retail or service outlets which are open to the public on a daily basis and have completed an access audit undertaken in conjunction with the Hawkesbury Access and Inclusion Advisory Committee. These requests are to fund specific accessibility improvements, which have been identified following the completion of an access audit.
 - A maximum of \$3,000 provided on a 50:50 basis where the applicant provides a cocontribution of the same value as the amount applied for. Applicants would be required to provide two quotes for the proposed accessibility improvements.
- f) Council may provide funding to enable not-for-profit community groups to apply for a refund of Development Application fees for renovations or additions to Council owned buildings or facilities.

In addition to these categories of financial assistance, Council also sponsors the Hawkesbury Sister Cities Program and will provide financial assistance of up to \$500 as a contribution to the cost of individual students participating in the Sister City Student Exchange Program. Council also contributes funding towards the staging of the Hawkesbury City Eisteddfod.

Council provides a range of in kind services through the provision of staff and the use free of charge of community rooms and other Council owned buildings.

Goods and Services Tax (GST)

Hawkesbury City Council has registered for GST. The ABN of Council is 54 659 038 834.

The Federal Treasury announced within the 2010/2011 Commonwealth Budget that the Treasurer's Division 81 Determination (which listed the Treasurers' determinations on GST exempt items) would be replaced with a new 'principles based regime' from 1 July 2011. Effective 1 July 2013, Local Governments are required to assessing all (new and existing) their taxes, fees and charges for their GST status.

Fees and Charges have been based on the best available information in relation to the GST impact on the fees and charges at time of publication. It should be noted that all fees and charges are subject to change in accordance with amendments to the Goods and Services Tax Legislation and subsequent ATO rulings and regulations.

Please note: 2016/2017 fees listed are inclusive of GST where applicable.

Kerbing and Guttering Contributions by Adjoining Owners

The Act provides that recovery from the adjoining owner of a property may be made for up to 50% of the costs of the construction of kerbing and guttering. This applies for all future works, upon completion, with 50% of costs recovered for the adjoining front boundary and 25% of the costs recovered for the side boundary constructions on corner blocks.

Interest on Overdue Rates

In accordance with Section 566 of the Local Government Act 1993, the interest rate charged on overdue rates and charges for 2016/2017 by Council, is set at up to the maximum permitted by the Minister for Local Government.

Interest on Overdue Sundry Debts

Sundry Debts greater than 180 days incur interest charges at the same rate which is applicable to overdue rates.

Legal Charges

Legal fees charged on applicable outstanding Rates and Charges are levied in accordance with the Schedule provided by NSW Courts.

Payment of Interest on Securities

Upon application, interest is paid on security deposits due for refund. Interest payable is calculated at the equivalent rate achieved on investments less the administration charge.

Proposed Borrowings

In accordance with Section 405(2) of Act and Clause 201 of the Local Government (General) Regulation 2005, Council is required to provide a statement of:

- the amounts of any proposed borrowings (other than internal borrowing)
- the sources from which they are proposed to be borrowed
- the means by which they are proposed to be secured.

In March 2013, Council entered into a Loan Agreement with the Commonwealth Bank in relation to a loan in the amount of \$5,260,000.

The loan is secured by Council's income in accordance with Clause 23 of the Local Government Financial Management Regulation 2005 which requires that "the repayment of money borrowed by a council (whether by way of overdraft or otherwise), and the payment of any interest on that money, is a charge on the income of the Council".

The loan has been undertaken as part of Council's participation in the Local Infrastructure Renewal Scheme (LIRS) administered by the Office of Local Government. The LIRS provides for subsidised interest loans to be utilised for accelerated infrastructure works. The loan funds will be utilised to fund an accelerated timber bridge replacement program.

There are no additional borrowings proposed for 2016/2017, however Council may consider the opportunity to borrow funds where financially viable.
