Mayor's Message

This Annual Report details Council's achievements in relation to the Hawkesbury Community Strategic Plan 2013-2032(CSP) and reflects on the commitment of Councillors and staff towards addressing the priorities of the community.

The past year has been challenging, not just for this Council but for local government generally, as a result of the NSW State Government's proposal to implement amalgamations and boundary changes.

Hawkesbury City Council, supported by its community was able to clearly demonstrate that the proposal put forward to merge it with part of The Hills Shire Council did not make economic sense; nor was it geographically or socially appropriate. The Minister for Local Government therefore decided not to proceed with the proposal. I thank the community for their support in helping to keep our Hawkesbury unique. There is no doubt that the majority of our residents did not want a merger that would change the nature of our area.

Throughout 2015/2016 Council has continued to improve its services to the community. The opening of the \$2 million Hawkesbury Leisure and Learning Centre in Richmond added significantly to the functionality of the former Senior Citizen Centre making it a centrepiece for a wide range of activities.

Significant water access improvements were made to our beautiful river system, whilst \$500,000 was spent on a new jetty at Governor Phillip Park, Windsor. Upgrades also included stabilising the riverbank and formalising the access pathway between the boat ramp and existing pontoon. The boat ramp at Holmes Drive Reserve in Cumberland Reach received a \$100,000 upgrade, and the jetty at Hanna Park, North Richmond received a \$40,000 renovation.

High value items completed during the past year as part of road construction and maintenance included the reconstruction of three bridges, Upper Colo Road Bridge No. 8, Upper Colo Wrights Creek Road Bridge, St Albans and Stannix Park Road Bridge, Wilberforce, which significantly improved road safety for our residents'.

Major environmental improvements were achieved by participating in one of the biggest LED street light replacement projects in NSW, the Light Years Ahead project. This project was funded by the Australian Government and Council. More than 650 mercury vapour lights were replaced with LED street lights in residential streets of Bligh Park, Clarendon, Cornwallis, Freemans Reach, Oakville, Pitt Town, South Windsor, Wilberforce, Windsor, Windsor Downs and Vineyard saving some \$740,000 and more than 3,260 tonnes of carbon dioxide emissions over the next 20 years.

Council has formalised the Regional Strategic Alliance with Blue Mountains and Penrith City councils to take a leadership role in planning and governing the Western Sydney sub-region. Together, we are also looking at ways to achieve operational efficiencies to benefit all.

Further details about achievements during the 2015/2016 financial year can be found in this Annual Report. This is the last report of the current Council. I will be retiring from civic office at the upcoming election after five years as Mayor of the City of Hawkesbury. I am proud of the many achievements that have been made over this period and thank my fellow Councillors for their dedication.

Councillor Kim Ford
Mayor of Hawkesbury

Acting General Manager's Message

As the Mayor has indicated this Annual Report highlights many of Council's achievements over the past year. Accompanying this Annual Report is The End of Term Report of the current Council which measures the progress made in implementing the Hawkesbury Community Strategic Plan (CSP). This is the first such report under the Integrated Planning and Reporting system and much work has been done to develop appropriate indicators to measure our achievements. As these measures require baselines, there are still a number of areas where we are working on gathering appropriate data.

The End of Term Report reflects that of the 68 indicators for which data is available 91% of the indicators record that we are either on track or headed in the right direction in implementing the plan. This is a very pleasing result and one which Council should be very proud of.

The implementation of the new system has been challenging but has provided an opportunity for Council to reflect on the achievements it has made.

This report also gives an overview of Council's organisational structure and details of the serving Councillors. It outlines Council's Health and Safety initiatives and reports on such matters as completed works.

Within this report you will find statutory reporting requirements which cover such areas as access to government information and planning agreements which may be of interest.

This Annual Report, together with the accompanying Audited Financial Statements, End of Term Report and State of the Environment Report have been produced in accordance with Sections 428 and 428A of the *NSW Local Government Act, 1993* and Clause 217 of the *NSW Local Government (General) Regulation, 2005*. The Financial Statements reflect how Council's income was derived and allocated during the past financial year and serve to indicate where your rate contribution is spent. The State of the Environment Report has been prepared to report on the CSP Theme 'Caring for our Environment' and to inform the preparation of the next CSP.

Key Highlights and Achievements 2015/2016

- Council launched its first-ever public place recycling program at the Hawkesbury Show in an effort to make the event more sustainable. The program included 'Recycling Rovers' who engaged with the crowds and randomly rewarded patrons with gift vouchers when they disposed of their waste material in the right bins.
- Reconstruction of Upper Colo Road Bridge No. 8, Upper Colo and Wrights Creek Road Bridge, St Albans were completed.
- Stannix Park Road Bridge, Wilberforce was replaced using \$721,000 funding from the State Government Local Infrastructure Renewal Scheme.
- Major car park upgrades and landscaping were completed at Smith Park, Richmond.
- New CCTV cameras and LED lighting was installed in Richmond Park.

- A new jetty at Governor Phillip Park, Windsor was installed with the upgrades also including stabilising the riverbank, and formalising the access pathway between the boat ramp and the existing pontoon.

- Boat ramp and jetty upgrades were completed – boat ramp at Holmes Drive Reserve in Cumberland Reach received a \$100,000 upgrade and the jetty at Hanna Park, North Richmond received a \$40,000 upgrade using Council funds and matching funding from the Roads and Maritime Services – NSW Boating Now Program.

- Council received funding through the Partners in Recovery Innovation Fund to deliver training and to improve service response and clinical support for people living with issues of squalor and/or hoarding. This enabled Council to coordinate the delivery of training to mental health clinicians, General Practitioners and frontline workers throughout the Penrith, Blue Mountains, Hawkesbury and Lithgow local government areas. The project saw an increased capacity within the regional health system to provide appropriate referral, intervention and support for people with issues of squalor and hoarding, and raised the profile of this issue in the community.
- Completion and event launch of new accessible fitness equipment at the fitness trail at Ham Common, Clarendon – an additional eight wheelchair accessible exercise stations were installed along the existing trail that was created in 2010, providing additional amenities for all users of the reserve, especially those with physical support needs.
- Council commenced a three year (2015-2017) naming rights sponsorship for the Sydney Blues and Roots Festival, ensuring the longevity of the event in the Hawkesbury.

- Council participated in one of the biggest LED street light replacement projects in NSW, Light Years Ahead. More than 650 mercury vapour lights were replaced with LED street lights in residential streets of Bligh Park, Clarendon, Cornwallis, Freemans Reach, Oakville, Pitt Town, South Windsor, Wilberforce, Windsor, Windsor Downs and Vineyard.
- Completion and event launch of the new \$2 million Hawkesbury Leisure and Learning Centre – a major facelift to what was previously the Richmond Senior Citizens Centre consisting of an extension to the former building to create multi-purpose activity spaces including a wet-area/art studio, a dividable activity hall with a sprung-wooden floor to accommodate exercise classes and dancing, plus a small audio-visual theatre.

- Council continued to actively engage with community, business and government groups to develop the best ideas for sustainable growth in our region and identify projects that deliver employment and economic prosperity to the area as part of the Hawkesbury Horizon Project – supporting the revitalisation of our major towns.

- Following the No Merger for Hawkesbury decision announced by the State Government, Council will be revising its previously submitted Fit for the Future Plan that provides 20 strategies to ensure Council becomes sustainable by 2020/2021 and Council has commenced implementing sustainability strategies.
- An important aspect of the Fit for the Future Action plan is the Regional Strategic Alliance (RSA) that Council has now signed with the Blue Mountains and Penrith City Councils. The RSA will involve collective planning, action and advocacy and increased operating efficiencies through economies of scale and shared service arrangements. It has the capacity to deliver ongoing and sustainable benefits to residents and better strategic outcomes for Council.

L-R: Mayor of Hawkesbury, Councillor Kim Ford, Mayor of Penrith City, Councillor Ross Fowler and Blue Mountains Mayor, Councillor Mark Greenhill

- Council continued to expand its community consultation methods to allow residents another avenue by which they can have input into some of the major issues and projects within our City, using the Your Hawkesbury-Your Say online community engagement site.
- Council conducted a service level review community consultation including six public meetings, seven 'Listening Kiosks' and targeted meetings, and a telephone and online survey. This provided the opportunity to engage with and consult with over 200 people at the public meetings, 685 people at the Listening Kiosk, 405 respondents to the telephone survey, and 87 people through the online survey. This provides valuable input into Council's future decision making processes.

Organisational Structure

Council functions

Council functions in accordance with the provisions of the *Local Government Act, 1993*, and ancillary legislation. The organisation is based around the General Manager and three Divisions.

The principal functions of each of these areas are:

General Manager

The General Manager's office includes executive service support for the Councillors and oversees the overall management of the Council administration.

It also has direct reports from the Corporate Communication Section (which deals with media, publications, internal and external communication, civic programs and events); the Human Resources Section (which caters for all recruitment and selection, training, industrial relations and performance management issues); the Risk Management Section (which deals with Council's various insurances, Work Health and Safety (WHS) matters, workers compensation and risk related matters); Strategic Activities (which undertakes research and information collection, partnership facilitation and development, sister city and city/country alliance activities and facilitation of tourism and economic development) and Internal Audit (which deals with organisational strategic activities and relationships, developments and implements the internal audit program and associated activities).

City Planning

The City Planning Division (City Planning) is comprised of three branches being Strategic Planning, Development Services and Environment and Regulatory Services.

City Planning is also responsible for the servicing of a number of Council Committees including the Floodplain Risk Management Advisory Committee, Heritage Advisory Committee, Human Services Advisory Committee, Sustainability Advisory Committee and Waste Management Advisory Committee.

Strategic Planning

This Branch consists of staff who specialise in Land Use Planning, Social Planning, Asset Planning, Environmental Planning and Waste Education. The Branch is responsible for the production of the key strategic documents for Council, including the Community Strategic Plan, Delivery Program, Resourcing Strategy, Operational Plan, State of the Environment Report, Local Environmental Plans, Development Control Plans, Contribution Plans, Social Planning (including the Hawkesbury Profile, Atlas and Community Survey), Infrastructure Strategy and Annual Report.

The Branch also coordinates the preparation and implementation of specialist studies including the Upper Hawkesbury Coastal Zone Management Plan, Hawkesbury Floodplain Risk Management Study and Plan as well as operating waste and recycling education programs through schools and the general community and processing of planning proposal applications.

Development Services

This Branch consists of town planners, building certifiers and development engineers. The Branch is responsible for the provision of development and construction advice, assessment and determination of development applications; building inspections, building compliance and certification; issue of planning and building certificates; development engineering advice and subdivision approvals; and heritage conservation matters. The Branch also provides free generic development advice to residents and potential investors in the Hawkesbury via the Duty Officer at the Customer Service counter.

Environment and Regulatory Services

This Branch consists of specialist staff in environmental health, companion animals, compliance, parking control and waste collection. The Branch is responsible for health and food inspections; processing and inspection operations for the septic safe programs; public health and environmental inspections and complaints; development compliance and unauthorised development investigations; parking patrols; operation of the companion animal shelter, domestic waste collection; and administration of the green waste and recycling collection contracts with Council.

Infrastructure Services

The Infrastructure Services Division (Infrastructure Services) is made up of five branches; Construction and Maintenance, Building Services, Parks and Recreation, Waste Management, and Design and Mapping Services. The overall responsibilities of the division essentially involve the construction and maintenance of all Council's physical assets including civil maintenance and construction including roads, bridges and drainage, building construction and maintenance, plant and ferry management, flood mitigation, parks construction and maintenance, survey and design and the operation of swimming centres, sewerage and waste.

The Construction and Maintenance Branch provide, maintain, and improve all the road related assets including road pavements, shoulders, table drains, kerb and gutter, foot paving, drainage, signs and line marking, street sweeping and car parking areas.

Building Services is responsible for construction, maintenance, energy management, and security of Council buildings, replacement and maintenance of furniture and fittings, the flood lighting and irrigation control of parks and reserves, and the provision of security and building management systems.

The Parks and Recreation Branch undertakes mowing, weed control, gardening, playground, park furniture and landscape maintenance and repairs and improvement, litter removal, public amenities cleaning and the maintenance of the Windsor Mall, bush regeneration, vegetation management and tree assessments both on public and private lands.

The Parks and Recreation Branch also undertakes planning for and provision of recreational facilities including the operation of the Richmond Swimming Pool, and the coordination of special events including the Spring Garden competition and the management and operation of a number of cemeteries including the Richmond Lawn Cemetery.

The Design and Mapping Services Branch undertakes cadastral and topographical surveys for road, drainage and carpark designs and other special projects. Design, checking and investigative work is provided for construction projects and investigation and associated reports prepared for local traffic issues, with support provided for the Floodplain Risk Management Advisory Committee.

This Branch is also responsible for the maintenance of the Spatial Information System (SIS), which is a computerised mapping system used for land use and geographic mapping (zoning, land parcels), and assets mapping (aerial photos, sewerage, drainage, road infrastructure). The Branch also assigns street numbering and new road naming.

The Waste Management Branch consists of both solid and liquid waste management functions. Liquid waste management includes the operation of the Windsor Sewerage Scheme, providing a reticulated sewerage service to approximately 7,000 premises within the Hawkesbury. Trade waste management is also provided as a commercial service to industry whilst ensuring there are no adverse effects on the sewerage system from discharge from these areas. The Branch also manages the sullage pump out contract for properties that are not part of a reticulated sewerage system and provide treatment for effluent from that service at the South Windsor Plant.

Solid waste management incorporates the operation of the Hawkesbury City Waste Management Facility, which provides for waste disposal for residents and businesses within the Hawkesbury. This Branch oversees the landfill operation and resource recovery, including the recycling of greenwaste, metal and other construction waste.

Provision of support to the Rural Fire Service and State Emergency Services including the Local Emergency Management Committee and operation of the Emergency Operations Centre is also provided by the Infrastructure Services Division.

Support Services

The Support Services Division (Support Services) is comprised of the Community Services (including the Customer Services Unit), Corporate Services and Governance, Cultural Services, Financial Services and Information Services Branches of Council. Support Services also deals with the provision of legal services to Council.

The Community Services Branch coordinates the planning and provision of human services to meet the needs of residents. Its role is to work with community partners and other levels of government to identify community needs and service requirements and to leverage investment to respond to these needs. The Branch is also responsible for Council's portfolio of externally funded community services delivered through Council's contracted community services arm - Peppercorn Services Inc. The Branch also supports community committees to manage and operate Council's portfolio of community buildings.

The Community Services Branch also includes the Customer Service Unit (CSU), which provides the first point of contact for Council customers. The CSU operates a telephone enquiry centre that responds to all customer enquiries and processes customer requests; a front counter service that provides face to face reception for enquiries, payments and application lodgements; and a back office administration service that processes customer requests to support the broad range of services and activities provided by Council across different internal Branches. These include application and certificate processing, bookings for parks, banners and cemeteries, and the payment of fees and charges.

The Corporate Services and Governance Branch's main areas of responsibility are in regard to administration, printing, property and records management. These areas include governance, word processing, Council meetings, access to information, management of Council records, property management, property sales and acquisitions and printing and design of various Council documents, signs, banners, brochures and flyers.

The Cultural Services Branch includes the Hawkesbury Central Library, Hawkesbury Regional Gallery, Hawkesbury Regional Museum in Windsor and the Richmond Branch Library, as well as the Visitors Information Centre at Clarendon and is responsible for the delivery of Council's Cultural Plan.

The key functions of the Financial Services Branch include financial accounting, financial management, procurement management, rates and revenue. These functions cover various work areas including accounts payable, payroll, investments, statutory and Council formal financial reports, annual budgets and long-term financial planning, procurement, contract management, rates notices, pensioner rebates and property title details.

The Information Services Branch undertakes information technology activities, including maintaining essential computer hardware and software resources, ongoing administration maintenance and customer support as well as an integrated network infrastructure to meet corporate objectives.

Work Health and Safety

Overview

Following the successful outcomes of the WorkCover NSW Self Insurance Audit in August 2014, there has been much effort put into addressing both those issues identified in the preparation for the audit and those issues from the audit. This required a substantive rewrite of Councils Work Health Safety and Injury Management (WHS&IM) System to comply with updates to WHS Legislation and the SafeWork National Audit Tool in the lead up to the August 2014 audit. Recently Council has been engaged in the consultation of proposed new Self-insurance licence provisions which will place a higher focus on the treatment for injured workers and better results for Return to Work.

Health and Safety Initiatives

Council's Annual WHS Review and Planning Report identified the following as high priority WHS issues for 2015/2016 to be individually championed throughout Council by the Senior Management Team (MANEX).

1. Incident Reporting – Corrective Action

The enhancement of organisational Incident Reporting – Corrective Action was championed by the General Manager & Acting General Manager and achieving the incident reporting KPI of 95%. This project will remain ongoing and a substantial part of the corporate safety systems.

2. Asbestos Register

This is an ongoing project personally championed by the Director Infrastructure Services and controlled by the Manager Building Services. Council has in excess of 300 buildings, all of which have to be audited for the presence of Asbestos Containing Materials (ACM). Identified ACMs must be signed, inspection and management plans developed and the centralised register updated. This project is progressing well with all major sites completed. Additionally, this project has been leveraged to extend the auditing to include a full Hazop review thus extending the project to identifying and controlling other potentially hazardous substances in the workplace. The project has successfully been the subject of a 3rd party audit investigating compliance with both the legislation and prevailing Codes of Practise.

3. Inspection Testing and Monitoring Database

There are a large number of site specific structures, plant, equipment and materials as well as legislated health surveillance that require inspection, testing and monitoring. The development of this database and implementation of systemically driven IT&M programs across all Council operations was championed by the Director Support Services. An interim spread sheet has been developed to drive this process and a full database was developed. Collection and uploading of data is on track for completion by December 2016. This initiative is ongoing.

4. WHS&IM Document Review

Championed by the Director City Planning this is a programmed review and update of all systems documentation to ensure compliance with the WHS Act, Regulations, new Codes of Practise and the Corporate style guide. This initiative is ongoing.

5. General Safety Initiatives

Championed by the Manager Risk Management Services additional safety initiatives were designed to support due diligence and through so doing, generate continuous improvement in safety. Initiatives included:

- a) establishing a register of those with whom Council holds WHS joint responsibilities and ensuring duty of care provisions are met by all parties
- b) monthly detailed reporting to MANEX on WHS, Insurance and Workers Compensation issues
- c) ensuring that Council's safety Audit program is fully implemented across Council with results summarised for attention
- d) review of Council's WHS training program to ensure currency and achievability.

Council continues to strive towards achieving its stated safety goal of "zero injuries in the workplace".

Statutory Report - Local Government Act 1993

The following section provides responses to the requirements of Sections 428, 428A and 508 of the *Local Government Act, 1993* and Clause 217 of the *Local Government (General) Regulation, 2005*.

Section 428 (1) Implementing Council's Delivery Program

Council's Delivery Program 2013-2017 details the principal activities to be undertaken by Council over a four year period to implement the five themes of the CSP.

These themes are:

- Looking after People and Place
- Caring for the Environment
- Linking the Hawkesbury
- Supporting Business and Local Jobs
- Shaping our Future Together.

The accompanying Operational Plan 2015/2016 spells out the details of the Delivery Program by identifying the actions Council proposed to achieve the commitments made in the Delivery Program.

The relationship between Council's Community Strategic Plan, Delivery Program, Operational Plan and the Annual Report is shown in the diagram below.

The following table shows the progress in achieving the Delivery Program activities and Operational Plan actions for the period 1 July 2015 to 30 June 2016.

Clause 217 (1) (a 6) External Bodies Exercising Council Delegated Functions

Council has encouraged the active participation of residents in the management and operation of community facilities. Council also supports the involvement of residents in the coordination of Council programs and activities to ensure that these activities are sympathetic to the needs of residents.

To facilitate community participation, Council has delegated certain responsibilities to community management committees. These committees have been actively involved in the day-to-day management of long day care centres, pre-schools, community halls, neighbourhood centres and sporting and recreation facilities. Council has also delegated other functions to committees to ensure that residents can play an active and valuable role in the management of Council services and resources.

The delegation of responsibility for the care, control and management of Council facilities and functions occurs through Section 377 of the *Local Government Act, 1993*.

Peppercorn Services

Council continued to work in partnership with Peppercorn Services Inc. (PSI) to operate a range of community services.

During the 2015/2016 Financial Year the following services were provided to residents of the Hawkesbury by PSI:

- **Peppercorn Family, Community and Youth Services**
 - **Hawkesbury Family Support** - at home and centre based family support services including playgroups, parenting programs, and family fun days.
 - **Forgotten Valley Community and Youth Development Project** – delivered activities, events and learning programs to vulnerable and isolated residents and young people living in the Forgotten Valley area and continued to publish the Forgotten Valley Views.
 - **Youth Transport Options** – made available innovative transport options to support socially and geographically isolated young people to access services.
- **Peppercorn Children's Services**
 - **Forgotten Valley Pre-Schools** – operated pre-school services from two venues in Wisemans Ferry and South Maroota to meet the developmental needs of children 0-6 years.
- **Peppercorn Transport**
 - **Community Transport** – delivered a range of coordinated transport services for disadvantaged people living in the Hawkesbury including isolated residents.
- **Peppercorn Life Skills**
 - **Come Dine with Me** - a centre-based meals program which provides a healthy lunch, social interaction and activities for socially and/or geographically isolated people living in the Hawkesbury.
 - **Home and Garden Maintenance** – delivered subsidised lawn mowing and garden maintenance service services to frail aged people, people with disabilities and their carers in the Hawkesbury, Penrith and Blue Mountains Local Government Areas. The service aims to support older people and younger people with a disability to maintain their independence and enable them to remain living in their own homes.
 - **Hawkesbury Seniors Leisure and Learning Centre** - a range of creative and flexible leisure and learning programs for senior residents continued to be delivered from this venue. During 2015/2016 work began on the extension and refurbishment of the Centre and the programs provided at the Centre were relocated to various temporary venues at Windsor, Richmond and North Richmond. The extension and refurbishment works were completed in 2015/2016.
- **Peppercorn Property**
 - Managed the day-to-day building operations of McGrath's Hill Bus Depot, South Windsor Family Centre and Hawkesbury Seniors Leisure and Learning Centre.

In addition, Council has delegated responsibility to various Committees for the management of Council funded or auspiced services including the following:

- McMahon's Park Management Committee
- Hawkesbury Sports Council
- Peppercorn Services Inc.
- Hawkesbury Sister City Association.

Hawkesbury River County Council

Controlling and suppressing of all declared Noxious Weeds has been delegated to Hawkesbury River County Council.

Aquatic and Leisure Centre and Indoor Stadium

The Oasis Aquatic and Leisure Centre and the Hawkesbury Indoor Stadium are owned by Council. These Centres are operated and managed on behalf of Council by YMCA NSW.

Clauses 217 (1) (a 7) and (a 8) Interests and Participation in Corporations, Partnerships, Cooperatives, Joint Ventures, Syndicates or other bodies

Council did not hold a controlling interest in any company during the 2015/2016 financial year.

In an endeavour to achieve efficiencies in its operations, Council has formed alliances and/or undertakes initiatives with other councils and organisations in areas such as joint purchasing arrangements via participation in the Western Sydney Regional Organisation of Councils (WSROC); pooled insurances arrangements via Westpool; the operation of its Companion Animal Shelter by entering into an agreement with Penrith, Hornsby and The Hills Shire Councils facilitating the use of Hawkesbury's facility. This latter alliance has alleviated the need for those Councils to establish their own facility and enabled a more economical use of resources.

Westpool/United Independent Pools (UIP)

Council is a member of Westpool, which is an insurance and risk management discretionary mutual, established in 1988 and now consists of ten Councils – Blacktown, Blue Mountains, Camden, Fairfield, Hawkesbury, Liverpool, Parramatta, Penrith, Shellharbour and Wollongong City Councils.

This alliance provides opportunities for members to self-manage public liability and professional indemnity claims, to purchase a variety of insurance products and to share risk management strategies. Currently public liability, professional indemnity, corporate travel, and group personal accident insurances are purchased by Westpool. Westpool, in association with its sister organisation, Metro Pool has established United Independent Pools (UIP) which now self manages motor vehicle and tools of trade, industrial special risks (Property), Councillors and Officers, Statutory Liability and Crime (internal fraud and electronic theft), Cyber and public liability and Casual Hirers insurance covers. Council also holds a number of smaller specialised insurance policies specific to Council needs. Through the ability of these mutual associations to self-insure and group purchase insurance it is considered that significant savings have been achieved in the level of premiums paid by the Council in comparison to potential premiums had Council approached the insurance market as a single entity.

In addition, much is gained by councils being able to share experiences, initiatives and ideas in areas such as risk management and claims management strategies, fleet management, property protection and security, Work Health Safety, workers compensation, etc. Council continues to reap the benefits of this alliance which now actively covers all lines of insurance.

Westpool is managed by a representative group of elected members and senior officers from all member councils and is funded by contributions based on independent actuarial assessment.

Hawkesbury River County Council

The HRCC has been established under the *Local Government Act 1993*. It covers the areas of The Hills Shire, Blacktown, Penrith and Hawkesbury City Councils and has responsibility for the management, control and suppression of declared noxious weeds on these areas of the River. This single purpose authority has responsibility for a combined area of 3,823km² and by the forming of a larger area, local government boundary problems are avoided.

Funds are provided by levies upon the four constituent councils with the State Government providing some grant funding. Resource sharing is achieved as resources are used over a larger area of operations.

HRCC strategic objectives follow the guidance provided by the development of their member Council 'Community Strategic Plans' and the NSW Invasive Species Plan. In order of priority they are as follows:

- prevent the establishment of new weed species
- eliminate the spread of new and existing weed species
- reduce the impact of widespread weeds on key assets
- support the community, industry and government stakeholders to have the ability and long term commitment to manage weeds.

Further information on HRCC is available at www.hrcc.nsw.gov.au

Hawkesbury Companion Animal Shelter

Council has, for the past several years, provided an animal shelter establishment for the caring of impounded and unwanted dogs for Penrith and the Hills Shire Council areas, as well as its own.

During the 2014/2015 period, Council was approached by Hornsby Council to provide impounding services for their area which was approved by Council and implemented.

The arrangement is performed under an agreement between Council and the participating councils, and provides for the housing and administration of impounded cats and dogs, rehoming of unwanted animals, and euthanasia of those animals that are unsuitable for rehoming.

The four councils work closely together and with animal welfare agencies, to ensure as many animals as possible are reunited with their owners or found foster or permanent homes, where the owners can't be found.

The companion animal controllers from Penrith, Hornsby and the Hills Shire Councils use the administration facilities at Council's animal shelter to complete documentation needed in the administration of the impounding processes and exchange ideas and methods of controlling companion animals in their respective council areas.

During 2015/2016, the Shelter and its staff in conjunction with a number of welfare agencies achieved rehoming rates of 71% for cats and 94% for dogs per month, for animals that were suitable for rehoming.

Hawkesbury Sister City Association – International Sister Cities

Council has two international sister cities, being Temple City, California USA (established 1984) and KyoTamba, Kyoto JAPAN (established 1988, nee Tamba).

The Sister City Program is managed by Council officers in conjunction with the Hawkesbury Sister City Association Inc.(Association) , which was established in 1984 by the then Hawkesbury Shire Council. The Association mainly undertakes the activities of the program, managing the community and cultural exchanges on behalf of Council. Council undertakes other activities of the program, managing Mayoral communications, civic exchanges and the like.

Council renewed its Sister City Program Policy on 10 July 2007 and at the same time formally delegated authority to the Hawkesbury Sister City Association, Inc. *"to promote, on the Council's behalf, international understanding at all levels of the local community on a continuing basis with Sister Cities as determined from time to time by the Association and Council, and to develop and conduct sporting, youth, cultural and other appropriate exchange programs in association with established Sister City relationships."*

The Association undertakes student exchange visits on an annual basis and adult exchange visits on an on-demand basis. These exchange visits allows Hawkesbury residents to visit our sister cities to experience new cultures and for exchange students to live with sister cities families. Annual student exchange visits to the sister cities take place around September/October. Up to six high school students (e.g. Year 9 or Year 10) are selected to visit each sister city. Reciprocal student exchanges from sister cities visit the Hawkesbury area at the same time around July/August. Students and their families fund the exchange visits and the Association funds related exchange activities. Council provides a \$500 donation to each Hawkesbury exchange student to assist with travel expenses.

Many lasting friendships have been formed between the students (and families) and adults who have participated in the cultural exchanges and between the Association's members who make the program a success program.

Council renewed its relationship with Kyotamba in February 2007 with the re-signing of the Sister City Agreement by Mayor of Hawkesbury, Councillor (Dr) Rex Stubbs (OAM) and Mayor of Kyotamba Town, Shigeki Matsubara when visiting the Hawkesbury area.

Since 1988, over 330 Hawkesbury exchange students have visited Temple City and Kyotamba.

On 24 February 2009, Council extended the Association's delegation to give authority *"to promote, on Council's behalf, understanding at all levels of the local community on a continuing basis with Sister Cities and/or City-Country Alliances as determined from time to time by the Association and Council, and to develop and conduct sporting, youth, cultural and other appropriate exchange programs in association with established Sister City relationships and/or City-Country Alliances"*. The extension of the delegation to include the City – Country Alliance partnerships was undertaken to enable the Association to facilitate exchanges with our country alliance councils and their communities, similar to those at the international level.

In 2010, Council recognised the 25th anniversary of the Sister Cities friendship with Temple City and its community during a visit by the Temple City Sister City Association. In 2014, Council celebrated the 25th anniversary of the Sister Cities friendship with Kyotamba.

Mayors of Temple City and Kyotamba have visited the Hawkesbury area as part of delegations from their cities in recent years.

In February 2014, the news of the death of Jean Peare, OAM, founding chairperson and life member of the Association was received. Jean's invaluable contribution to the success of the Sister City program over the last 30 years is acknowledged.

In 2015/2016, eleven young citizen of the Hawkesbury visited Temple City and Kyotamba as part of the student exchange program.

City - Country Alliances with Cabonne and Weddin Councils

Council has two City-Country Alliances, one with Cabonne Council and one with Weddin Council. The Alliances were created on 16 May 2007, when Council formally signed each Alliance Memorandum of Understandings (MOU) (after Council adopted the Alliance MOUs at its meeting on 11 December 2007). The MOUs state:

"Hawkesbury City Council and Cabonne Council

Hawkesbury City Council and Cabonne Council have this day signed a Memorandum of Understanding that will promote a greater awareness and understanding of our respective areas, lifestyles, to seek and explore areas of mutual benefit for our communities.

Under this agreement both Councils agree to act as facilitators within their local government areas to bring together local community groups and organisations in the sporting, education, business and cultural fields and to encourage them to participate in exchanges between the two areas that will lead to greater understanding and involvement between the two communities.

The Councils also agree to undertake activities that will benefit both Councils through the exchange of staff and the sharing of information on processes and procedures which may also lead to the formation of strategic alliances in areas of mutual interest.

The Councils trust that through this Memorandum of Understanding many lasting friendships will be formed and many activities undertaken to the long-term benefit and advantage of our respective communities. "

The City-Country Alliance Program is managed by Council officers in conjunction with officers of Cabonne and Weddin Councils and program partners and interested community groups.

Alliance exchanges can include Councillor exchanges, Council corporate exchanges and community exchanges. Cabonne and Weddin councils often participate in Council's show tent at the annual Hawkesbury Agricultural Show, as a tourism activity. The Mayor of Hawkesbury, Councillor Kim Ford, and the General Manager visited the Cabonne and Weddin areas in August 2013 and the Mayor also visited the Weddin area over a weekend in June 2014, at the invitation of the council to coincide with the Henry Lawson Festival, which is an annual event held in the area.

Hawkesbury Sister City Association Inc. is a partner of the City-Country program and its delegation was extended to include City-Country Alliance activities.

Note: The NSW Government has been pursuing a Stronger Councils agenda, and in May 2016 it announced a number of new merged councils and councils subject to boundary adjustments. The NSW Government proposes to merge Cabonne Council with Blayney and Orange councils. At September 2016 the merger is pending, as the proposal is subject to legal action in court. <https://www.strongercouncils.nsw.gov.au/pending-councils/blayney-shire-cabonne-and-orange-city-councils/>

If a decision is made to merge the three councils, Council staff will contact the new merged council to understand its intentions with the Cabonne-Hawkesbury City-Country Alliance.

Stormwater Partnership

Council is part of a collaborative including the Western Sydney University (WSU), Sydney Water and industrial groups which formulated a stormwater drainage reuse facility for a large catchment within Richmond. Council contributes to the ongoing operation and maintenance of the program which provides environmental improvement through the treatment of stormwater.

Council also partners WSU and industry groups in the Co-operative Research Centre (CRC) for irrigation futures. The CRC undertakes research into the provision of safe, potable water supplies including the provision of adequate water supplies to agriculture, environmental flows and recreation sites.

Lower Portland Ferry Service

The Lower Portland Ferry service provides a link across the Hawkesbury River at Lower Portland to service both the local and wider community.

Whilst the contract and operational costs are shared equally between Hawkesbury City Council and The Hills Shire Council, the management of the service and day-to-day operation is the responsibility of Hawkesbury City Council.

A major overhaul of the ferry is required to be undertaken every three years, as a requirement of running a public passenger service.

Tono Ferry Services Pty Ltd operate the Lower Portland Ferry service on a contract basis with two years remaining.

The ferry operates between 5am - midnight, seven days per week.

Clause 217 (1) (a 9) Equal Employment Opportunities

Equal Employment Opportunity Management Plan

In line with Council's policy, the following activities were carried out during 2015/2016 to maintain and support the existing Equal Employment Opportunity (EEO) Management Plan:

- ongoing monitoring of position descriptions and advertisements to ensure that only essential criteria showing inherent requirements of the position including work outside normal working hours, specific licences, special skills or experience are required
- EEO Information including Operational Management Standards for EEO, Grievance Handling and Harassment Prevention included as part of the Induction Kit for all new staff.

Equal Employment Opportunity Policy Statement

Council is committed to ensuring a workplace free of discrimination and harassment. This commitment is based on the intention to ensure that Council complies with Equal Employment Opportunity Legislation by providing a work environment conducive to encouraging positive and productive working relationships between all employees.

Council will endeavour to ensure that no discrimination takes place in the application of all Council policies, practices and procedures and that all employees enjoy equal access to opportunities within the organisation. Employment decisions will be based on the individual merit of each applicant/employee.

Council is committed to achieving the following EEO objectives:

- to ensure all employees are treated fairly
- to provide all employees with equal access to opportunities that will utilise or develop their skills
- to keep all policies and procedures consistent with EEO principles
- to support morale and motivation by increasing employee confidence in the fairness of our work practices and access to employment opportunities
- to ensure achievement of our objectives through our EEO initiatives
- all employees will have equal opportunity in the workplace based on merit, without favour or discrimination.

Clause 217 (1) (b) and (c) General Manager and Senior Staff Remuneration

There were four senior staff positions employed under contract by Council between 1 July 2015 and 30 June 2016. These positions were General Manager, Director Infrastructure Services, Director City Planning and Director Support Services. All senior staff follow the standard contract formats issued by the OLG and are subject to performance agreements.

Between 1 July 2015 and 30 June 2016 the General Manager's Total Remuneration Packages (TRP) was \$283,823 and the TRP's of the three Directors referred to above, totalled \$685,200.

The above TRPs include the following:

- salary component of the package
- defined employers contribution to any superannuation scheme
- the total value of non-cash benefits elected under the package (i.e. Council supplied vehicle)
- FBT payable by Council for any non-cash benefits.

Clause 217 (1) (e) Annual charge for Stormwater management services

In 2015/2016 Council did not levy an annual charge for stormwater management services.

Clause 217 (1) (f) Activities relating to compliance with the Companion Animals Act and Regulations

During 2015/2016, Council completed and lodged all Companion Animal Shelter data collection returns with the OLG as required by legislation, including data relating to dog attacks. During this period, Council had an expenditure of \$1,030,757 and an income of \$745,663, which gives a net expense/loss to Council of \$285,094 for animal control. This represents an increased expense/loss of \$144,351 from the previous financial year.

Council introduced a mandatory desexing program of all animals sold through the Hawkesbury Animal Shelter during the 2012/2013 financial year in an attempt to reduce the number of unwanted pets in our community as a result of accidental pregnancy. Council, with the assistance of the Animal Welfare League and the Cat Society, conducts reduced price desexing clinics throughout the year as well.

Council achieved rehoming rates of 71% for cats and 94% for dogs for animals that were suitable for rehoming. This achievement is only possible because of Council's dedicated staff, and the continued association with, and the help from, the animal welfare organisations in our local area, as well as the rest of NSW and other states within Australia.

Council provides three dog offleash areas located at:

- Pool Park, South Windsor
- Yarramundi Reserve, Yarramundi
- Peel Park, North Richmond.

The Companion Animals Fund money received by Council, has been used to offset the expenditure for companion animal management activities as stated above.

Other Statutory Reporting Requirements

Access to Government held information

Contact Arrangements

The Public may request access to Council's records under the *Government Information (Public Access) Act 2009* (GIPA Act). Dependent upon the type of request some mandatory fees and copying charges (in accordance with Council's Fees and Charges) are payable under the GIPA Act.

Requests under the GIPA Act may be made by way of a Formal or Informal access to information requests. Formal access to information requests must be accompanied by a \$30 application fee. These requests are required in writing using Council forms (available on Council's website), or by directing a written request to:

The Right to Information Officer
Hawkesbury City Council
PO Box 146
WINDSOR NSW 2756

Further information is available on Council's website. Alternatively, enquiries may be directed to Council's Governance Section on (02) 4560 4444 during office hours Monday to Friday 8:30am to 5pm.

Access to Information

The Council takes great care to maintain and manage records in Hard Copy Files/Documents and Electronic formats. Council's computerised records management system ensures that all records are well managed and retained over specified periods of time in accordance with the *Local Government Act, 1993* and *State Records Act 1998*. All Council's business documentation is entered into this system and distributed to the appropriate area for action, allowing the Council to respond faster to correspondence and requests. In addition, paper documentation is kept on site and at the NSW Government Records Repository at Kingswood.

On 1 July 2010 the *Government Information (Public Access) Act 2009* (GIPA Act) replaced the *Freedom of Information Act* and section 12 of the *Local Government Act 1993*. In accordance with the new legislation, Council:

- Adopted an Access to Information Policy on 29 June 2010, which is currently under review. The objective of the policy is to describe Council's principles regarding public access to information and to facilitate the processing of requests for such access.
- Prepared an Information Guide, which is reviewed annually. This identifies, amongst other things, information held by Council and how to obtain that information.
- Revised its Privacy Management Plan in 2013, in accordance with the *Privacy and Personal Information Protection Act 1998 (NSW)* to protect the public from disclosure of personal information.

Policy for Access to Information

Introduction

In adopting an open file policy for access to information, Council recognises and promotes the public's right to broad ranging access to Council information and documents. Council encourages open and transparent governance and well informed community debate.

Proactive Release (No Charge)

The following Council documents are included under proactive release in accordance with the GIPA Act and Council's Information Guide, they are available for inspection at no charge:

- agendas and business papers for Council and Committee meetings (but not including business papers for matters considered when part of a meeting is closed to the public)
- annual financial reports
- Annual Report
- annual reports of bodies exercising delegated Council functions
- any Codes referred to in the *Local Government Act, 1993*

- register of investments
- returns as to candidates' campaign donations
- returns of the interests of councillors, designated persons and delegates
- the register of graffiti removal work kept in accordance with Section 67 C of the *Local Government Act, 1993*.

Processing Applications for Access to Information

Access to documents other than those listed as freely available is provided in accordance with the GIPA Act. No fees are payable for viewing the documents under an informal access request, however copying charges may be applied.

Requests to view other documents will be considered in line with the following:

1. if granting public access is prohibited under relevant legislation
2. the General Manager or Public Officer (or other delegated staff member) believe granting access to a particular document is contrary to the public interest
3. taking the result of any consultation process into account.

When requesting access to sensitive information, or a number of documents which would amount to an unreasonable diversion of Council resources, a formal access application is required and will attract an application fee, as well as processing charges of \$30 per hour. There are exceptions where only 50% of the fees will be charged. In the case of requesting personal information, no charges will be applied for the first 20 hours of processing.

If access to a document or any information is restricted, the customer will be given written reasons for the restriction and the details for options of review.

Conclusion

This policy aims to meet the objective of open and transparent governance and encourages community input on matters before the Council. Privacy of the complainants is also recognised through denial of access where the release of information would compromise individual safety, constitutes an unreasonable disclosure of personal information or is contrary to public interest or consultation process.

Council has developed a Privacy Management Plan and Codes of Practice in accordance with the *Privacy and Personal Information Protection Act, 1998 (NSW)* to protect the public from disclosure of personal information.

Government Information (Public Access) Act (GIPA) - Annual Statistical Reports

Section 125 of the *Government Information (Public Access) Act 2009* (GIPA Act) requires councils to prepare an annual report on their obligations under the Act. That report is to contain information prescribed by clause 7 the GIPA Act. This information is set out below.

7(a) Details of any review carried out by the agency under section 7(3) of the Act during the reporting year and the details of any information made publicly available by the agency as a result of the review

Reviews carried out	Information made publicly available
Yes	Yes

The update of Council's Information Guide continued and further minor amendments have been made, which were submitted to the Information and Privacy Commission (IPC) in August 2016.

Council has continued to review its Access to Information Policy which will endeavour to continue to make information available to the public whilst also considering the requirements of copyright law and the challenges of technology.

In 2015/2016 Council examined ways in which information can be made available to the public in the form of public registers, as required by the relevant legislation. In particular, the creation of a register as required by Section 308 of the *Protection of the Environment Operations Act 1997*, which is now available for inspection. The volume of scanning of archived building and development records increased, so many more files can now be accessed in electronic format as opposed to the ordering the hard copy from off-site storage.

7(b) The total number of access applications received by the agency during the reporting year (including withdrawn applications but not including invalid applications)

Total number of applications received	36
---------------------------------------	----

7(c) The total number of access applications received by the agency during the reporting year that the agency refused, either wholly or partly, because the application was for the disclosure of information referred to in Schedule 1 to the Act (Information for which there is conclusive presumption of overriding public interest against disclosure)

Number of Applications Refused	
Wholly	0
Partly	0
Total	0

7(d) Information, as set out in the form required by the tables in Schedule 2, relating to the access applications (if any) made during the reporting year

The following tables provide statistical information about access applications received during 2015/2016 and are in accordance with the provisions of the Regulation.

Table A: Number of applications by type of applicant and outcome*

Type of Applicant	Access granted in full	Access granted in part	Access refused in full	Information not held	Information already available	Refuse to deal with application	Refuse to confirm /deny whether information is held	Application withdrawn

Impact of the Government Information (Public Access) Act (GIPA)

Council supports open government and has policies to maximise customer access to information through inspection and copying of documents, and conducting regular Council meetings which are open to the public.

The introduction of the GIPA legislation and the community's increased awareness of information being available has placed a greater resource commitment on the organisation's behalf in providing access to documents; with the increasing number of Formal Access Applications (listed above) impacting on Council's activities by increasing the amount of time Council commits to researching, compiling and providing the required documents; as well as the financial cost incurred when retrieving files from its off-site storage facility.

There were 660 Informal Access applications processed in 2015/2016, 701 in 2014/2015, 791 in 2013/2014 and 733 during the 2012/2013 financial year.

Council's policies and procedures are being reviewed to ensure consistency and provide guidelines to staff, to complement the formal training provided to staff in August 2015. This includes explaining the procedures involved in determining a request and assisting the applicant in identifying the nature of the information being sought and providing an opportunity to narrow the scope of requests.

There were no enquiries or appeals involving the Ombudsman.

Council, at its meeting on 12 November 2013, adopted a revised Privacy Management Plan, in accordance with the *Privacy and Personal Information Protection Act 1998*.

There were no privacy reviews during 2015/2016 and 2014/2015, compared to one (internal) review being lodged with Council in 2013/2014 under Part 5 of the *Privacy and Personal Information Protection Act 1998*.

Planning Agreements

On 20 August 2014, Council entered into a Voluntary Planning Agreement (VPA) with entities collectively known as the North Richmond Joint Venture (NRJV). The VPA provides for the upgrading of existing road and community infrastructure in North Richmond to cater for approximately 1,400 residential allotments and ancillary development on land known as Redbank at North Richmond.

In summary, the VPA contains commitments from NRJV to undertake certain works and make contributions to Council and the Roads and Maritime Service (RMS). These commitments include:

1. \$26.38M by way of works or monetary contributions on intersection works to Bells Line of Road and a new bridge crossing at Yarramundi
2. provision and dedication of open space (including Cumberland Plain Woodland) and drainage areas at no cost to Council plus five years maintenance
3. provision and dedication of a 500m² community centre on a 1000m² allotment which may be wholly contained on the subject land adjacent to Peel Park, or a combination of Peel Park and the subject land
4. provision of off street parking, training spaces, sports amenity building and multi-use courts within Peel Park
5. provision of designated off street cycleway, open space kick about areas, amenities buildings including toilets and picnic areas to open space areas
6. provision of a 1.2 kilometre concrete shared cycleway/pedestrian footpath
7. provision of 15 bus stops and shelters
8. contribution to a place making support program in conjunction with Council.

Since the VPA was entered into Council staff have had various meetings with NRJV regarding the implementation of VPA. Discussion has centred on the provision of open spaces, community and recreational facilities, and road works. NRJV have employed a Place Manager as proposed by Item 4.1 of Schedule 2 of the VPA.

Public Interest Disclosures Act 1994 and Regulation

Council at its meeting on 12 April 2016 adopted a revised Internal Reporting Policy (*Public Interest Disclosures Act 1994*). No public interest disclosures were received in 2015/2016, which was the same as during 2014/2015.

Swimming Pool Inspections

Council issued 125 Pool Compliance Certificates and have undertaken 165 inspections between 1 January and 30 June 2016.

Carers Recognition Act 2012

Council has been assessed as a human service agency under the Common Care Standards Review process by Department of Health and Ageing. All service provision, assessment and referral processes were deemed to be compliant against all relevant Acts, including the *Carers Recognition Act 2010*.
