

Residential Waste Service Options

2019/2020

Hawkesbury City Council provides a household waste collection service, which is available to most residences within the Local Government Area. The waste collection service consists of the collection of a general (residual) garbage bin, a recycling bin and will include a mandatory 240 Litre fortnightly garden organics bin for selected urban areas.

Due to the diverse needs of Hawkesbury residents, there is the potential to alter this service to accommodate household waste needs.

Sending waste to landfill from your garbage bin is expensive and increase significantly each year. The sustainable standard waste service should suit most households.

The table below outline different services available to urban and outreach† areas of the Hawkesbury, depending on your location and includes the 2019/2020 domestic waste charges.

Please note: any commencement or change to a waste collection service must remain in place for a minimum of 12 months.

For further information, or to discuss your service, please contact Council on (02) 4560 4444.

Service Description	Recycling Bin (Yellow lid)	Residual Garbage Bin (Red lid)	2019/2020 Domestic Waste Charge (GST incl)
