Our Hawkesbury 2042

VISION

We see the Hawkesbury as a vibrant and collaborative community living in harmony with our history and environment, whilst valuing our diversity, striving for innovation, a strong economy and retaining our lifestyle and identity.

ABOUT THIS REPORT

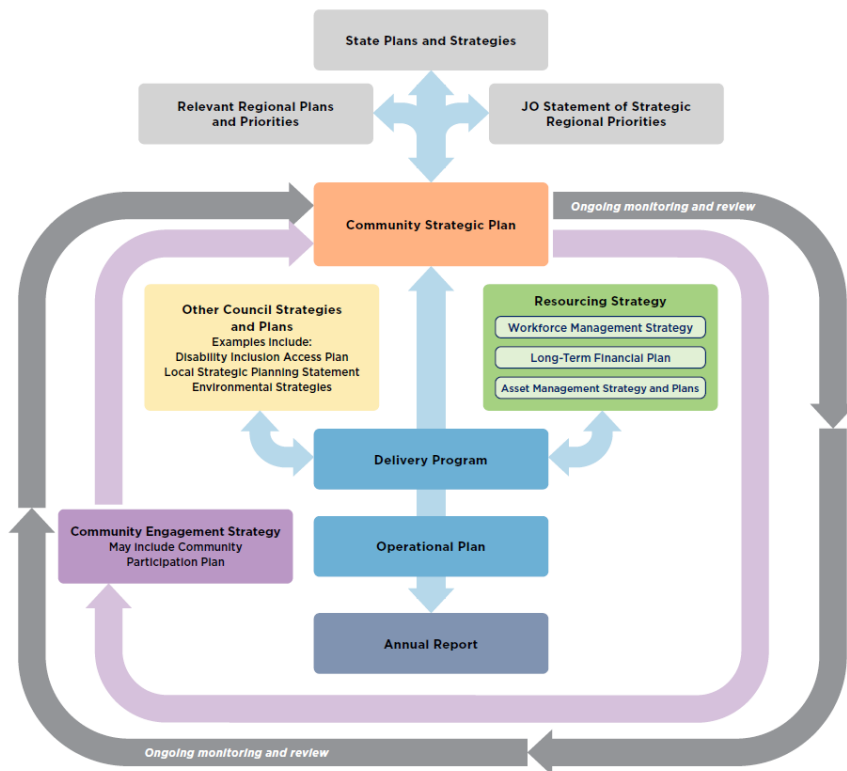

Our role as Council is to use our community’s vision to guide our plans for the future. Our long-term Community Strategic Plan, “The Hawkesbury 2042: It’s Our Future” outlines just that.

Every four years, a Delivery Program is created to outline Council’s contribution towards achieving outcomes identified in Community Strategic Plan.

Every year an Operational Plan and Budget is created to translate Council priorities and services set out in the Delivery Program, into measurable actions for the full financial year. It is a key plan for our city.

This report provides our six-monthly update on the organisation’s progress and performance during the 1 July 2022 – 31 December 2022 period, in delivering actions outlined in Council’s 2022/2023 Operational Plan.

This report is a key component of Council’s delivery of the Integrated Planning and Reporting Framework (IP&R).

Flood Recovery and Community Resilience

This past six months brought continued challenges to the Hawkesbury region. Faced by another major flooding event while still recovering from the February 2021 and March 2022 floods, our community and infrastructure confronted significant ongoing pressures.

In March 2022, Council established a dedicated Infrastructure Recovery Team to progress the projects from previous flooding and scope, assess and deliver recovery works from the March and subsequent July flood events. This assessment work was completed in the first half of the 2022-23 financial year, and Council is now well into the reconstruction phase.

We have received significant support from the Australian and NSW Government, and are working in partnership to deliver recovery and resilience initiatives across the Hawkesbury. We are investing in our infrastructure and support services to recover faster and build future resilience.

Local emergency services and volunteer groups have provided invaluable support to our community during this difficult time. Our Community Hubs continue to take a lead role in assisting our community to build connection and resilience. Recovery would not be possible without the continued efforts of all involved.

Council has strived to maintain delivery of its core services during this period and has continued to progress its significant Operational Plan projects and actions. We are continuing to revitalise our town centres to generate economic activity in these vital service hubs for our community,

Council remains focussed in its commitment to repairing the widespread damage into the new year. We know from engaging our residents that road repairs are the top priority and Council is proactively advocating and supporting the Hawkesbury at every opportunity.

How to read this report

The focus for this report is to outline the progress Council has made on the 2022/2023 Operational Plan during the six-month period, 1 July 2022 – 31 December 2022. This progress report contributes to the 2022–2026 Delivery Program.

The Delivery Program outlines Council’s four-year plan to meet the Community Strategic Plan. The Community Strategic Plan has four Community Outcomes: Great Place to Live, Protected Environment and Valued History, Strong Economy and Reliable Council.

HOW WE MEASURE OUR PROGRESS

	Complete	This action has been completed
	Ongoing	This forms part of Council’s ongoing works and services
	In progress	Council is currently working on this project and expects to complete it on time
	Not Due to Start or On-hold	Work has not begun on this action
	Off-track	Work on this action is delayed and may not be completed on time

HOW THE INFORMATION IS REPORTED

High level summaries describing the progress of the Operational Plan under each of our Outcomes are presented at the beginning of the report, along with some key achievements for this period and actions to look forward to in the next six months. A more detailed status report on all actions is provided from page 10. It is important to note that this report does not contain an update on every service and activity provided by Council.

OVERALL OPERATIONAL PLAN PROGRESS SNAPSHOT
