

# Business Waste Service Options

## 2019/2020

Hawkesbury City Council provides a business waste collection service which is available to all businesses within the Local Government Area. The waste collection service consists of the collection of a residual garbage bin and a recycling bin. Businesses can choose from several waste service options.

Council's sustainable standard waste service for businesses includes a 240 Litre fortnightly recycling collection (for bottles, can, cartons, containers, paper and cardboard) and a 140 Litre weekly general (residual) garbage collection (for waste that is non-recyclable).

Businesses in selected urban areas can receive a garden organics bin for an additional \$93.08.

The table below outlines the different services available to urban and outreach<sup>†</sup> areas of the Hawkesbury and includes the 2019/2020 domestic waste charges.

**Please note:** any commencement or change to a waste collection service must remain in place for a minimum of 12 months.

For further information, or to discuss your service, please contact Council on (02) 4560 4444.

Service Description	Recycling Bin (Yellow lid)	Residual Garbage Bin (Red lid)	2019/2020 Business Waste Charge (GST incl)
