Hence, for CPI indexed contributions, the Adopted Contribution Rate is the contribution rate as adopted in the contributions plan indexed up to the ABS CPI All Groups (Sydney) June 2012 issue and the Base Index Number is the reset ABS CPI All Groups (Sydney) June 2012 number.

The ABS CPI All Groups (Sydney) is used to index all contributions except for the Land Acquisition contribution in Catchment 5. Council's Land Value Index is used to index the Land Acquisition contribution in Catchment 5.
